Chapter 5: Functional Service Delivery	178-315
5.1 Introduction	179-179
5.2 Executive Authority and Council	180-183
5.3 Office of the Municipal Manager	184-207
5.4 Corporate Services	208-216
5.5 Finance	218-233
5.6 Community Service, Social and Economic Development	234-299
5.7 Technical Services	300-315
Annual Performance Report 2009/2010	316-357
Report of the Audit Committee	358-361
Conclusion	362-363

INTRODUCTION

The West Coast District Municipality has endeavoured to deliver quality services and information and to engage in decision-making forums which allow for active participation.

Chapter one of the Annual Report provides an overview of the Municipality's geographic and demographic profile, as well as key information pertaining to the quality of life and social living within the boundaries of the West Coast District Municipality.

Chapter two highlights the Municipality's performance for the year, focusing on the service delivery departments such as water, electricity, roads, et cetera. This chapter considers the service delivery approach and identifies the performance measures and key successes, while acknowledging the challenges and opportunities inherent to service delivery.

Chapter three of the Report provides an insight into the human resources and organisational management areas. It focuses on the organisational structure and how the Municipality maintains legislative compliance by means of the programmes designed to improve employment equity, skills development and capacity building.

Chapter four of the Report provides the audited financial statements and the Auditor-General's report. This chapter reflects the Municipality's financial position, statement of financial performance, cash flow and statement of changes in net assets, and includes supporting notes to the statements. This chapter also considers the intergovernmental grants received by the Municipality.

Chapter five provides comprehensive information on the functional areas of the Municipality, including an overview, description and detailed analysis of each function.

The Annual Report 2009 / 2010 serves as a key record revealing the continuation of service delivery, progress, growth and performance of the West Coast District Municipality

VISION

"A better quality of life for all".

MISSION

Through participation and co-operation, the West Coast District Municipality is committed to optimally developing the people in the District.

This will be achieved by:

- Purposefully developing the quality of life of all residents in the region;
- The pro-active and responsible stimulation of the regional economy;
- The advancement and conservation of the natural environment and the conservation of resources; and
- The promotion of pro-active cooperation between all role players in development.

Stemming from these, the following focus areas were identified

- ❖ Human wellbeing;
- ❖ Human resources development;
- ❖ A growing economy;
- ❖ Co-operation;
- ❖ A safe environment;
- ❖ The natural environment;
- ❖ Infrastructure.

Preface Executive Mayor: Cllr HC Kitshoff

I am pleased to submit this 2009/2010 Annual Report for the West Coast District Municipality. The activities and accomplishments referenced in this document transpired Council's vision to identify with the hopes and needs of citizens and turn it into sustained service delivery that enriches all our citizens' lives on a financially sustainable basis a reality.

The Annual Report 2009/2010 reflects accurately on the performance of the municipality set against performance against targets for the 2009/10 financial year and is a true reflection of the activities and accomplishments of the financial year. The report has been compiled in line with the Municipal Systems Act 32 of 2000, the Municipal Finance Management Act 56 of 2003, as well as National Treasury Circular No. 11 (which outlines Annual Report Guidelines).

The West Coast District Municipality's (WCDM) area includes the local municipalities of Swartland, Saldanha Bay, Bergrivier, Cederberg and Matzikama as well as a District Management Area (DMA). The DMA consists of the West Coast National Park, the Cederberg Conservation Area (Algeria) and the Northern DMA in the Bitterfontein – Nuwerus – Kliprand region.

The West Coast District Municipality strives to provide quality service to the community and the priorities have been captured and performance measures broadly categorised in 5 the Key Performance Areas *viz a viz* :

1. Municipal Institutional Development and Transformation
2. Local Economic Development
3. Good Governance and Public Participation
4. Basic Service Delivery, and
5. Municipal Financial Viability and Management

During the period under review, all financial policies have been reviewed, all required reports have been submitted as per MFMA regulations, the Annual Financial Statements are GRAP

compliant for the year ending June 2010 and completed and submitted to the Auditor General within the specified timeframes.

In terms of the Constitution of South Africa, Act 108 of 1996, the objectives of local government are clearly defined in Chapter 7 and Section 152(1) *“to provide democratic and accountable government for local communities”*. The West Coast District Municipality undertakes effect to the objects of the municipality as follows:

- ✚ The WCDM strives to comply with relevant legislation and the monitoring of expenditure via sound management principles.
- ✚ Council Committees are functional and they meet as per the adopted Year-program regarding meetings and play an oversight role on all the functions of the municipality. The purpose of these meetings is not just to comply with legislation but is to get public views by publishing documents for public comments and strengthened the relationship with the community
- ✚ The Portfolio Committees recommend to the Executive Mayoral Committee which further recommends to Council on non-delegated matters such as the adoption of the Budget and the Integrated Development Plan of the Municipality, and resolve on delegated matters.
- ✚ Matters at the Council Meetings are democratically resolved. Our Council meetings are open to the public at all times and advertised on the website and the local media. Meeting dates are available on the website of the WCDM and advertised each semester in the media as per Section 19 of the Municipal Systems Act (Act No. 32 of 2000)
- ✚ To encourage transparency, Council resolutions are then communicated to the public by publishing on the website.
- ✚ The IDP consultative meetings are held to consolidate the prioritized needs from the community.
- ✚ The Municipal Turnaround Strategy, introduced by the National Department of Cooperative Governance and Traditional Affairs (COGTA) are included in the IDP.
- ✚ The MTEF Budget and IDP was approved unanimously by Council
- ✚ We have drafted our Annual Report, published it for comments by the community, submitted to the relevant Departments, and further subjected it to the Oversight committee, before adopting the final version.
- ✚ Information in terms of Section 75 of the Municipal Finance Management Act, Act 56 of 2003 and Section 21 of the Municipal Systems Act (Act No. 32 of 2000) are available on our website and has been used in order to inform the residents of relevant information. For those who have no access to internet, we have ensured that notices are issued and placed on the notice boards to give the community an opportunity to participate in the municipal activities.
- ✚ Participation in the soccer Friday events have been great. The West Coast District Municipality was closely involved with the hosting the World Cup 2010 Fanpark in Vredenburg (Saldanhabay Municipality) and the vibe was felt by all. DMA 2010 Soccer Tournament took place on the 1 May 2010 at Stofkraal and the Fanjol was open from the 11 June 2010 and 11 July 2010.

One of our Municipality's focus areas is job creation by Extended Public Works Programs (EPWP) and to ensure that Service Providers use labour intensive approaches. The Cederberg and Northern DMA are very poor areas with low economic activity and extremely high levels of unemployment. In order to improve service delivery, create jobs, alleviate poverty and develop skills in these communities, the WCDM undertook the following EPWP projects in the areas:

- ✚ *Paving of streets in Algeria*
- ✚ *Paving of streets in Bitterfontein*
- ✚ *Paving of streets in Nuwerus*
- ✚ *Multi purpose community centre at Bitterfontein*
- ✚ *Community centre at Rietpoort*
- ✚ *Community Centre at Nuwerus*
- ✚ *Upgrade Sewerage System in Bitterfontein*

The Annual Report further contains the highlights and entails combined efforts for which our Senior Management team together with each municipal worker can take well deserved credit.

Highlights of the West Coast District Municipality:

- ✚ *Establishing an efficient, effective and accountable administration*
- ✚ *Unqualified Audit Report from the Auditor General for nine consecutive years of which we are very proud of.*
- ✚ *A Blue Drop award for Swartland Purification and Bulk-water service for Gouda*
- ✚ *West Coast Tourism once again won a Gold Award at the Namibia Expo in the category for Embassies, Tourism Bodies and Municipalities.*
- ✚ *Opening of Malmesbury Fire Station*
- ✚ *Opening of Bitterfontein Water Desalination Plant*
- ✚ *Opening of Rietpoort Community Hall*
- ✚ *African Access National Business Awards 2010 – Recognition for Service Delivery*
- ✚ *South African Institute of Race Relations – West Coast District Municipality best municipality in the country*
- ✚ *EPWP Projects and the execution of various projects that were introduced from identifying needs and the provision of infrastructure on a sustainable manner to improve the development of the West Coast region.*

I would like to thank the Accounting Officer for his leadership in administration and his guidance to Council and officials. Section 62(1)(c)(i) of the MFMA states that the Accounting Officer must ensure that the Municipality has and maintains effective, efficient and transparent systems of financial and risk management and internal control.

My thanks are extended to all our Councillors for your co-operative attitude and hard-work in dealing with the needs of our communities and the officials for their diligence during the past year that made our achievements possible.

Thanks to all the community members for supporting the municipality during the past year that made our success possible.

My hopes are to make a positive and measurable difference in the lives of all our people till the remainder of my term of office.

Executive Mayor
Cllr HC Kitshoff

PREFACE MUNICIPAL MANAGER: MR HF PRINS

It is time to reflect and take stock of the 2009/10 financial year and it is a privilege to report that West Coast District Municipality has received an unqualified audit opinion from the Auditor-General for the ninth successive year. This is indeed an achievement to be proud of and is the result of teamwork by Councillors, the Audit Committee and all employees.

The audit opinion by the Auditor-General acknowledges that the Municipality is accountable and that governance structures and practices are in place. It also demonstrates effective stewardship of resources and provides assurance to the public. Although compliance responsibilities and standards can be onerous, the administration understands the objectives of these standards as part of the governance picture. The administration embedded risk management in the form of a risk committee that meets quarterly to assess risks and advise management. Further to this, fraud declarations by are submitted on a quarterly basis to the Audit Committee by senior management and introduced a fraud and corruption reporting process via the national anti-corruption hotline.

In its endeavour to continuously improve levels of service delivery within the region, the District Municipality has strengthened its process of planning strategically and setting measurable objectives and targets through its Performance Management System. This system which has been replicated almost throughout the region in part through the DM, seeks to measure the organizational performance as well as gradually starting to measure the contributions of all employees towards reaching the organisation's goals and in so doing, measure the levels of how services are being delivered to the communities of the West Coast.

Engaging our stakeholders and strengthening the partnership forms an important element in our strategy formulation. In the year under review the evolution of the Integrated Development Planning Co-ordinating Committee(IDP CC) as a strategic planning forum for the District must be commended. This could only be achieved through the constructive participation of sector departments, NGO's/CBO's, business and local municipalities.

Inter-governmental co-operation has grown and the District Co-ordinating Forum (DCF) is functional with all municipalities participating actively. A number of matters were referred to the Premier's Co-ordinating Forum for discussion. The effective functioning of the DCF enhanced the sharing of capacity within the region. Memoranda of understanding were

entered into with local municipalities to assist with fire services. With the opening of the Malmesbury fire station, the West Coast Fire Service has a presence in all five local Municipalities in the District. The Municipality also partnered with Saldanha Bay Municipality in hosting a successful Fanpark in Vredenburg for the duration of the World Cup Soccer Tournament.

Bulk water supply remains a core function of the Municipality and a number of studies have been commissioned to secure the supply of the resource. The challenge remains to reduce water demand and minimize water loss through effective maintenance of the system.

The Municipality has also been recognized by external organizations for its achievements and received Honourable Recognition in the category Top Municipality of the Year at the annual All African Business Award ceremony. The Tourism section excelled at the Namibia Show receiving a gold medal for their exhibition. The water treatment plant at Gouda received Blue Drop status for water quality from the Department of Water Affairs.

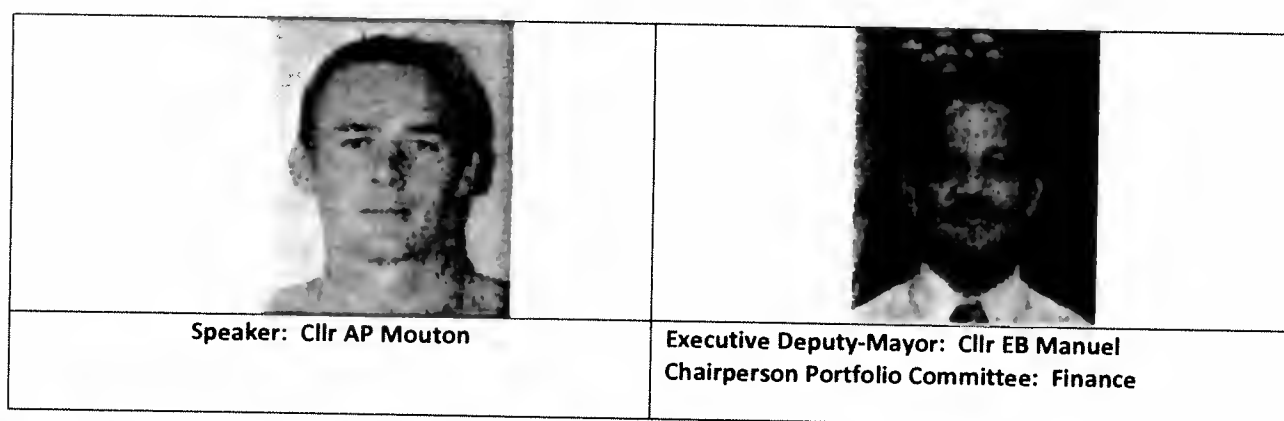

It is clear that much progress has been made and the evidence of improvement of our efforts demonstrates this. However, we realize there is more still to do. Going forward we will monitor progress in all areas of the organization and explore opportunities for improvement. Both now and in the future, West Coast residents can be confident that the West Coast District Municipality is steadfast and focused on improving outcomes and delivering value for money services.

I would like to commend and thank the Executive Mayor and Mayoral Committee, Speaker, Council and officials for their support and continued commitment to West Coast District Municipality.

CHAPTER 1
DESCRIPTION OF THE WEST COAST DISTRICT
MUNICIPALITY

CHAPTER 1

DESCRIPTION OF THE WEST COAST DISTRICT MUNICIPALITY

Profile of the West Coast Region

The jurisdiction of the West Coast District Municipality comprises five local municipalities and a district management area.

Municipality	Headquarters
Bergervier Municipality	Piketberg
Cederberg Municipality	Clanwilliam
Matzikama Municipality	Vredendal
Saldanha Bay Municipality	Vredenburg
Swartland Municipality	Malmesbury
District Management Area (DMA) Inclusive of the settlements Bitterfontein, Rietpoort, Kliprand and Nuwerus, Algeria in the Cederberg Wilderness area, and the West Coast National Park	Moorreesburg

DEMOGRAPHICS

Statistics South Africa (2001) estimated that the population of the entire West Coast Region stands at 282 675. Of these, 106 432 are formally and/or informally employed while 16 861 are unemployed and 62 378 economically inactive. The region is mostly populated by Coloured households (60%, 47 245), followed by White households (20%, 17 712), with Black households representing 10% (8 327) of the total population.

An estimated 44% of the households surveyed have an imputed monthly household income of between R801 and R3 200. Government grants contribute to 19% of this figure.

Information from Census 2001

PRIMARY ECONOMIC SECTORS

Agriculture and marine fishery

The plankton-rich Benguela current is considered to be one of the world's richest fishing grounds. This resource is protected against overfishing by foreign vessels by means of a 200 km commercial fishing zone and a strict quota system. The zone is for the exclusive utilisation of local inhabitants and creates jobs for about 27 000 people who are directly dependent on the fishing industry. The area is well known for its wide variety of seafood offered at restaurants dotted along the scenic coastline. Snoek, Cape lobster, abalone, calamari, octopus, oysters and mussels are among the most sought-after piscatorial delights.

Fishing

The West Coast is the centre of South Africa's commercial fishing. This 300 year-old industry is one the cornerstones of the region's economy and presents the economic base of most of the coastal towns and settlements. In 1994, this industry contributed more than R700 million to the region's GGP and supported about 26 000 people. Due to a decline in marine resources, there has been a marked decline in the fishing industry in recent years, causing immense socio-economic problems.

Agriculture

The natural resources and favourable weather conditions of the region are conducive to sustainable agriculture in some areas. Agricultural enterprises and industries of national and international importance subsequently occur in the region, including the following (Table 1):

Table 1: Primary agricultural enterprises in the West Coast Region

Wheat Industry	The Swartland is one of the primary wheat producing areas in the country.
Citrus Industry	The Upper Olifants River Valley is the second largest citrus producing region in South Africa.
Vegetables	The Sandveld is one of the primary potato seed producing areas in the country.
Rooibos Tea Industry	The Clanwilliam area is renowned for its Rooibos tea, which is exported to various overseas countries.
Wine Industry	Superior-quality wines are produced in, amongst others, the Swartland area and in the Olifants River Valley.

Deciduous Fruit Industry

The region is renowned for its high-quality deciduous fruits, with the Piketberg-Porterville area producing almost 60 % of the region's total crop.

Industry

Industrial developments are arising in the Saldanha-Vredenburg area as a spin-off from the vast Saldanha Steel project. The West Coast Investment Initiative, which forms part of the government's spatial development initiative (SDI), was launched on 25 February 1998.

Manufacturing

Manufacturing is one of the primary economic sectors in the region, providing 21% of all jobs. This reflects the large number of people involved in fish processing and industrial manufacturing at, amongst others, Exxaro (Kumba), Saldanha Steel and Duferco's minerals beneficiation plant.

A large proportion of the fish caught along the West Coast is landed at Saldanha Bay, St Helena Bay and Velddrif / Laaiplek. A number of fish packing and processing factories are, subsequently, located in these settlements. Boat-building and fishnet factories are mainly concentrated in Vredenburg and St Helena Bay.

Mining

Mining has, in recent years, made an increasing contribution to the economy of the region, with the Namakwa Sands (Anglo American Corporation) mining activities near Brand-se-Baai north of Lutzville and the associated plant at Saldanha providing significant employment and development opportunities. The Namakwa Sands project involves the extraction of 'heavy minerals', such as titanium, zirconium and monazite.

The mining activities at Piketberg (limestone) and Vredendal (phosphate) have, over many years, made a significant contribution to the region's GGP and still provide a large number of employment opportunities.

Economic Sectors

Based on these past trends and current economic importance, the focus should be on ways to retain existing employment through restructuring the following key existing sectors/clusters:

- Agriculture
- Fishing and aquaculture
- Construction and mining (both are strongly linked and interdependent)
- Tourism
- Oil and gas (including steel beneficiation)

GDP per Sector and Local Municipality and Average Annual Growth 1995 – 2004

(R million constant 2009/10)	2009/10	2008/09	2007/08	2006/07	2005/06	2004/05	2003/04

(Source: SAWIS)

Figure 1: West Coast vines compared to the rest of South Africa

(Source: SAWIS)

Figure 1 shows:

- The vines of the West Coast DM, represent a percentage of 11.99% of the total percentage of vines in South Africa
- 70.52 and 17.49% of the total vines in South Africa can be found in the rest of the Western Cape (Paarl, Stellenbosch, Robertson, Worcester and Little Karoo) and South Africa (Orange River and Olifants River), respectively.

Figure 4: Hectares occupied by West Coast vines compared to hectares occupied in the rest of South Africa.

(Source: SAWIS)

Figure 4 shows:

- The total hectares occupied by vines in South Africa is 110 200 ha (table 2). The West Coast has 13.78% of the total land used to plant vines compared to the rest of South Africa (including the rest of the Western Cape).
- The hectares of land used by the rest of the Western Cape represent a percentage of 63.51% of the total percentage of hectares in South Africa.
- The land used to plant vines in the rest of South Africa (Olifants River and Orange River) represent a percentage of 22.71% of the total percentage of hectares in South Africa.

Wine Grape Varieties per Wine Region for 2003

Table 2: Wine grape varieties in West Coast DM compared to grape varieties in the rest of South Africa.

VARIETY	Hectares in rest of SA	Hectares in rest of WC	Hectares in West Coast DM
Chenin blanc	2946	12445	3933
Sultana	10839	512	244

Total	25031	69986	15182

(Source: SAWIS)

Figure 2: White wine grape varieties of the West Coast compared to grape varieties in the rest of SA

(Source: SAWIS)

Figure 2 shows:

Hectares in West Coast:

- Chenin Blance is the most planted wine grape in this area.
- The least planted wine grapes in this area is Weisser Riesling, Cape Riesling, Hanepoot and Sémillon.

Hectares in the rest of the Western Cape (Paarl, Robertson, Stellenbosch, Worcester and Little Karoo):

- Chenin Blanc is the most planted wine grape than any other wine grape in the rest of the Western Cape.
- All of the wine grape varieties get mostly planted in the rest of the Western Cape than in any other wine area.

Hectares in the rest of South Africa (Olifants River and Orange River):

- The wine grape, Sultana, is mostly planted in the rest of South Africa area, than in the whole Western Cape area.
- Sultana is also the most common planted wine grape in the rest of South Africa area.
- Cape Riesling, Sèmillon and Weisser Riesling are the wine grapes least planted in the rest of South Africa.

Figure 3: Red wine grape varieties compared to grape varieties in the rest of SA

(Source: SAWIS)

Figure3 illustrates:

Hectares in the West Coast District:

- Cabernet Sauvignon is the most common wine grape variety in this area.
- The least planted wine grapes are Pinot Noir Cabernet Franc and Ruby Cabernet.

Hectares in the rest of the Western Cape (Paarl, Robertson, Stellenbosch, Worcester and Little Karoo):

- The most planted wine grape variety in the rest of the Western Cape is Cabernet Sauvignon.
- All of the red wine grape varieties are mostly planted in the rest of the Western Cape.

Hectares in the rest of South Africa (Olifants River and Ornage River):

- Shiraz is the most common wine grape variety in the rest of South Africa area.
- The least planted wine grapes in the rest of South Africa area are Cinsaut Noir, Cabernet Franc, Pinot Noir and other red varieties.

West Coast

Source: State SA. Census of Agriculture (Provincial Statistics 2002)

Total in the Western Cape

West Coast OMI compared to the rest of the Western Cape

Percentage Share of West Coast Oil compared to the rest of the Western Coast

West Coast OMI compared to the other OMIs in the Western Cape

refers to the share of West Coast DM consumed in the other DMs in the Western Coast

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40	41	42	43	44	45	46	47	48	49	50	51	52	53	54	55	56	57	58	59	60	61	62	63	64	65	66	67	68	69	70	71	72	73	74	75	76	77	78	79	80	81	82	83	84	85	86	87	88	89	90	91	92	93	94	95	96	97	98	99	100	101	102	103	104	105	106	107	108	109	110	111	112	113	114	115	116	117	118	119	120	121	122	123	124	125	126	127	128	129	130	131	132	133	134	135	136	137	138	139	140	141	142	143	144	145	146	147	148	149	150	151	152	153	154	155	156	157	158	159	160	161	162	163	164	165	166	167	168	169	170	171	172	173	174	175	176	177	178	179	180	181	182	183	184	185	186	187	188	189	190	191	192	193	194	195	196	197	198	199	200	201	202	203	204	205	206	207	208	209	210	211	212	213	214	215	216	217	218	219	220	221	222	223	224	225	226	227	228	229	230	231	232	233	234	235	236	237	238	239	240	241	242	243	244	245	246	247	248	249	250	251	252	253	254	255	256	257	258	259	260	261	262	263	264	265	266	267	268	269	270	271	272	273	274	275	276	277	278	279	280	281	282	283	284	285	286	287	288	289	290	291	292	293	294	295	296	297	298	299	300	301	302	303	304	305	306	307	308	309	310	311	312	313	314	315	316	317	318	319	320	321	322	323	324	325	326	327	328	329	330	331	332	333	334	335	336	337	338	339	340	341	342	343	344	345	346	347	348	349	350	351	352	353	354	355	356	357	358	359	360	361	362	363	364	365	366	367	368	369	370	371	372	373	374	375	376	377	378	379	380	381	382	383	384	385	386	387	388	389	390	391	392	393	394	395	396	397	398	399	400	401	402	403	404	405	406	407	408	409	410	411	412	413	414	415	416	417	418	419	420	421	422	423	424	425	426	427	428	429	430	431	432	433	434	435	436	437	438	439	440	441	442	443	444	445	446	447	448	449	450	451	452	453	454	455	456	457	458	459	460	461	462	463	464	465	466	467	468	469	470	471	472	473	474	475	476	477	478	479	480	481	482	483	484	485	486	487	488	489	490	491	492	493	494	495	496	497	498	499	500	501	502	503	504	505	506	507	508	509	510	511	512	513	514	515	516	517	518	519	520	521	522	523	524	525	526	527	528	529	530	531	532	533	534	535	536	537	538	539	540	541	542	543	544	545	546	547	548	549	550	551	552	553	554	555	556	557	558	559	560	561	562	563	564	565	566	567	568	569	570	571	572	573	574	575	576	577	578	579	580	581	582	583	584	585	586	587	588	589	590	591	592	593	594	595	596	597	598	599	600	601	602	603	604	605	606	607	608	609	610	611	612	613	614	615	616	617	618	619	620	621	622	623	624	625	626	627	628	629	630	631	632	633	634	635	636	637	638	639	640	641	642	643	644	645	646	647	648	649	650	651	652	653	654	655	656	657	658	659	660	661	662	663	664	665	666	667	668	669	670	671	672	673	674	675	676	677	678	679	680	681	682	683	684	685	686	687	688	689	690	691	692	693	694	695	696	697	698	699	700	701	702	703	704	705	706	707	708	709	710	711	712	713	714	715	716	717	718	719	720	721	722	723	724	725	726	727	728	729	730	731	732	733	734	735	736	737	738	739	740	741	742	743	744	745	746	747	748	749	750	751	752	753	754	755	756	757	758	759	760	761	762	763	764	765	766	767	768	769	770	771	772	773	774	775	776	777	778	779	780	781	782	783	784	785	786	787	788	789	790	791	792	793	794	795	796	797	798	799	800	801	802	803	804	805	806	807	808	809	810	811	812	813	814	815	816	817	818	819	820	821	822	823	824	825	826	827	828	829	830	831	832	833	834	835	836	837	838	839	840	841	842	843	844	845	846	847	848	849	850	851	852	853	854	855	856	857	858	859	860	861	862	863	864	865	866	867	868	869	870	871	872	873	874	875	876	877	878	879	880	881	882	883	884	885	886	887	888	889	890	891	892	893	894	895	896	897	898	899	900	901	902	903	904	905	906	907	908	909	910	911	912	913	914	915	916	917	918	919	920	921	922	923	924	925	926	927	928	929	930	931	932	933	934	935	936	937	938	939	940	941	942	943	944	945	946	947	948	949	950	951	952	953	954	955	956	957	958	959	960	961	962	963	964	965	966	967	968	969	970	971	972	973	974	975	976	977	978	979	980	981	982	983	984	985	986	987	988	989	990	991	992	993	994	995	996	997	998	999	1000

HOOFSTUK 2

DIENSTE VOORSIEN EN PRESTASIE HOOGTEPUNTE

HOOFSTUK 2

DIENSTE VOORSIEN EN PRESTASIE HOOGTEPUNTE

2.1 Inleiding

Die doelwitte vir fisiese infrastruktuur soos vervat in die Geïntegreerde Ontwikkelingsplan (GOP) en uiteengesit in die Infrastruktuurstrategie is *“Die versekering van die voorsiening en van infrastruktuur op ‘n volhoubare wyse wat bydra tot die bewaring en ontwikkeling van die Weskustreek”*.

2.2 Begrotingstoewysing

Die Weskus Distriksmunisipaliteit se goedgekeurde bedryfsbegroting vir 2009/2010 ten bedrae van **R 248 850 630** is aangewend vir die voorsiening van gemeenskaps-, gesubsideerde-, ekonomiese-, behuising- en handelsdienste.

2.3 Projekte Geïmplementeer

Verskeie projekte is departementeel beplan en afgehandel. Verder is daar ook deurlopend met konsultante in die vorm van raadgewende ingenieurs, argitekte, stadsbeplanners en landmeters geskakel. Die rol van die departement in die uitvoering van eksterne projekte het bestaan uit die definiëring van behoeftes, aanstelling van konsultante, projekmonitering en, na voltooiing, oorname en bedryf.

Aandag is ook geskenk aan werkskepping, armoede verligting en vaardigheidsontwikkeling deur opkomende kontrakteurs, onder andere deur middel van die Raad se voorkeur verkrygingsbeleid en om projekte, waar moontlik, deur middel van arbeidsintensiewe konstruksiemetodes uit te voer.

Vir die 2009/2010 finansiële jaar is verskeie kapitaalprojekte in die Weskusgebied geïmplimenteer. Hierdie projekte het bestaan uit WKDM se eie kapitaalprojekte wat befonds is die WKDM se eie kapitaalbegroting, MIG projekte asook paaie projekte wat befonds is deur die Wes Kaapse Provinsiale Regering se Departement van Vervoer en Openbare Werke.

2.3.1 Kapitaalprojekte van WKDM					
Projekbeskrywing	Bedrag Toegewys vir 2009/2010	Uitgawe	% Spandeer		Redes vir Nie-Voltooiing
GLEN LILY SYSTEM F3 (Res 3 - 25 M€ - meerjarig)	R 5,000,000	R 4,831,393	96.63	WIP	Meerjarig 60 % van totale projek –100 % vir die finansiële jaar
WITHOOGTE PURIFICATION	R 800,000	R 798,654	99.83		Finale verslag gelewer en word uitgebrei na aanleiding van bevinding in 2011 finansiële jaar
VERGELEE STORAGE UPGRADE & REFURBISHMENT	R 8,500,000	R 8,855,532	104.18		Meerjarig 60 % van totale projek – 100 % vir die finansiële jaar
VERGELEE PYPLYN REHABILITASIE	R 4,000,000	R 3,726,014	93.15	WIP	Rehab 100 % voltooi - besparing op kleppe wat self gedoen is Veldrifypylyn - loop oor die fin jaar 65% voltooi - Sept. 2010
PYPLYNE YZERFONTEIN Fase 5	R 5,900,000	R 5,291,637	89.69		Toegekende tender R 5 182 829 – (Pad kruising nie nodig nie - besparing)
KASTEELBERG - SWAWELBERG PIPELINE	R 9,600,000	R 8,036,002	83.71		102% van toegekende tender is spandeer - 100 % Voltooi
SWARTLAND PYPLYN	R 8,000,000	R 7,311,559	91.39		Alt kleppe is aangebied wat besparing te weë gebring het 102% van toegekende tender is spandeer - Voltooi
SEWERAGE AND WASTE WATER KATODIESE BESKERMING	R 150,000	R 124,913	83.28		Beplande werk is voltooi - en stelsel is deur Zonkwasdrif projek hanteer.
VLOEIMETERS	R 500,000	R 450,872	90.17		Meters is aangekoop soos behoeftes ontstaan.
IRRIGATION SYSTEM	R 150,000	R 150,000	100.00		Afgehandel
SCADA & KOMMUNIKASIE OPGRADERING	R 1,400,000	R 1,153,900	82.42		100% voltooi - diensooreenkoms (service agreement) is uitgehaal en sal onder bedryf gesluit word met suksesvolle kontrakteur .
COMPUTERS & NETWORK	R 150,000	R 107,280	71.52		Rekenaar “server” by HK 1 is opgradeer en afgehandel
VOERTUIG ADMINISTRASIE	R 160,000	R 154,000	96.25		Projek is 100 % voltooi
VALVES	R 1,500,000	R 1,270,105	84.67		Klep vervangings is afgehandel maar van die kleppe kon herstel word en volgens GRAP moet die koste uit die bedryfsbegroting gedoen word.
VOERTUIG WATER	R 1,000,000	R 910,986	91.10		Laai graaf is aangeskaf en gelewer - balans is te min om enige verdere voertuie aan te koop
VOERTUIG DMA	R 170,000	R 0	0.00		Staan oor tot uitklaring verkry word of die Waterdienste deur WKDM/Matzikama gedoen word.
OPGRADERING STORTINGSTEREIN DMA	R 150,000	R 305,000	203.33		Afgehandel
ONTWIKKELING VAN STREEKSTORTINGSTEREIN CEDERBERG EN MATZIKAMA	R 370,000	R 325,890	88.08		Projek is 100 % voltooi.
FIRE EQUIPMENT	R 3,300,000	R 2,606,410	78.98		Projek is 100 % voltooi.
FIRE INFRASTRUCTURE	R 4,000,000	R 5,279,428	131.99		Projek is 100 % voltooi.
FIREFIGHTING VEHICLES	R 4,200,000	R 3,603,756	85.80		Projek is 100 % voltooi.
KANTOOR GEBOU VREDENBURG	R 1,300,000	R 1,250,000	96.15		Projek 100% voltooi
BITTERFONTEIN/NUWERUS ELECT UPGRADE	R 500,000	R 91,489	18.30		Staan oor tot uitklaring verkry kon word of die Elektrisiteit oorgedra word na Matzikama of Eskom.
OPGRADERING BITTERFONTEIN RIOOLSTELSEL	R 4,100,000	R 3,189,283	77.79	WIP	MIG Fondse is bekom vir hierdie projek
CAPITAL EX INCOME	R 627,400	R 530,965	84.63		
OPGRADERING SPORTSGRONDE	R 850,000	R 826,925	97.29		Projek is 100% voltooi
TOTAAL	R 66,377,400	R 61,181,995	92.17		

Detail inligting van die belangrikste van bogenoemde projekte word vervolgens gegee.

2.3.1.1 Vergeleë pyplyn rehabilitasie

Die kontrak behels die volgende:

Die verlegging van 'n kort lengte van 'n Ø 1000 mm grootmaat waterpyplyn, die bou van 'n nuwe konneksie- en spoelklepkas, die maak van twee nuwe konneksies en bou van nuwe klepkaste op 'n Ø 600 mm grootmaat waterpyplyn en die verwydering van 'n vernouing op dieselfde Ø 600 mm grootmaat waterpyplyn.

Klepkas op 600mm pyp

1000mm Kleppe

Spoel en klep kaste

Konstruksieperiode

Januarie 2010 tot Junie 2010 – 6 maande

Befondsing

Die totale projek koste beloop R 8.0 miljoen en is befonds deur Weskus DM

2.3.1.2 Glenlilly reservoir

Konstruksie van 'n tweede 8 Mega liter (Mℓ) reservoir as uitbreiding van die bestaande 8 Mℓ reservoir om die stoorkapasiteit op die Swartland voorsieningstelsel te verhoog na 16 Mℓ.

Konstruksieperiode

April 2008 tot Sept 2009 – 17 maande

Befondsing

Die totale projek koste beloop R 8.0 miljoen en is befonds deur Weskus DM

2.3.1.4 Brandweerdienste Infrastruktuur.

Hierdie projek behels die konstruksie van 'n rampbeheersentrum met inbegrip van n brandweer- en ambulansstasie te Mooresburg asook vyf streeksbrandweerstasies te Malmesbury, Vredenburg, Piketberg, Clanwilliam en Vredendal. Die totale projek wat in 2007/2008 en 2008/2009 voortgesit sal word, behels ook die verkryging van alle personeel, voertuie en toerusting vir die effektiewe bedryf van die sentrum en alle stasies. Die rampbeheersentrum met inbegrip van die brandweer- en ambulansstasie te Mooresburg asook die brandweerstasies te Piketberg, Clanwilliam, Vredenburg en Vredendal is reeds voltooi.

Munisipaliteit	Bedrag Toegewys vir 2009/2010
Weskus Distrik	R5 117 000

CHAPTER 3
HUMAN RESOURCES AND OTHER
ORGANISATIONAL MANAGEMENT

CHAPTER 3

HUMAN RESOURCES AND OTHER ORGANISATIONAL MANAGEMENT

3.1 Introduction

The District Municipality's macro-organisational structure constitutes the Council's policy according to which the micro-organisational structure had been developed. The District Municipality consists of four departments with their respective divisions as well as the Office of the Municipal Manager. The four departments report to the Municipal Manager and are as follows:

Office of the Municipal Manager

- Strategic Support Services;
- Integrated Development;
- Local Economic Development
- Performance Management
- Tourism
- Internal Auditing

1. Department: Corporate Services
2. Department: Financial Services
3. Department: Community Services
4. Department: Technical Services

The respective departments are responsible for the following functions:

1. **Department Corporate Services**

- Administration of Council Resolutions and Secretariat function;
- Public Relations;
- Human Resources Development;
- Organisation and Work study;
- Occupational Health and Safety;
- Employment Assistance;
- Training and Skills Development;
- Career Pathing;
- Archive Services;
- Management Information and Technology;
- Messenger Services;
- Reprographic Services;
- Cleaning Services.

2. **Department Financial Services**

- Financial Management and Control;
- Management Information (Financial System);
- Revenue (Income);
- Expenditure Control.

3. **Department Technical Services**

- Roads;
- Water Supply & Waste Management;
- Water Distribution;
- Buildings & Maintenance;
- Water Purification;
- Technical Support;
- District Management Area
- Planning & Projects.

4. **Department Community Services and Socio-economic Development**

- Community and Social Development
- Environmental Health;
- Environmental Integrity;
- Disaster Management;
- Fire Brigade;
- Resorts.

3.2 Employment Equity

The West Coast District Municipality recognises the need to advance people from historically disadvantaged groups by means of objective recruitment. In terms of the Employment Equity Act (Act 55 of 1998), the West Coast District Municipality revises the plan annually and the Employment Equity Plan has been approved. During the 2009 / 2010 financial year, attempts have been made to make appointments in accordance with the Employment Equity Plan.

The Employee Distribution by Race and Gender as at 2010/06/30 is as follows (Only permanent employees included in totals):

RACE	GENDER	NUMBER OF EMPLOYEES	PERCENTAGE OF TOTAL
African	Male	25	5.72%
	Female	8	1.83%
Coloured	Male	271	62.01%
	Female	72	16.48%
White	Male	44	10.07%
	Female	17	3.89%
TOTAL		437	

Employee Distribution by Race and Gender as at 2010/06/30

Employee Distribution by Race and Gender as at 2009/06/30

3.3 Skills Development

For the period 2010 / 2011 a Workplace Skills Plan and Annual Training Report (2009/07/01 – 2010/06/30) has been submitted to the LGSETA.

Total number of employees (including employees with disabilities) in each of the following: as at 2010/06/30

ANNUAL FINANCIAL STATEMENTS

for the year ended

30 June 2010

I am responsible for the preparation of these annual financial statements, which are set out on pages 2 to 43, in terms of Section 126(1) of the Municipal Finance Management Act and which I have signed on behalf of the Municipality.

I certify that the salaries, allowances and benefits of Councillors as disclosed in note 20.2 of these annual financial statements are within the upper limits of the framework envisaged in Section 219 of the Constitution, read with the Remuneration of Public Office Bearers Act and the Minister of Provincial and Local Government's determination in accordance with this Act.

WEST COAST DISTRICT MUNICIPALITY

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2010

1. **BASIS OF PREPARATION**

The annual financial statements have been prepared in accordance with the Standards of Generally Recognised Accounting Practices (GRAP) prescribed by the Minister of Finance in terms of Section 91 of the Public Finance Management Act, 1999 (Act number 1 of 1999) and the Accounting Standards Board in terms of Section 89 where applicable

GRAP 1	Presentation of Financial Statements
GRAP 2	Cash Flow Statements
GRAP 3	Accounting Policies, Changes in Accounting Estimates and Errors
GRAP 4	The Effects of Changes in Foreign Exchange Rates
GRAP 5	Borrowing Costs
GRAP 6	Consolidated and Separate Financial Statements
GRAP 7	Investment in Associates
GRAP 8	Investment in Joint Ventures
GRAP 9	Revenue from Exchange Transactions
GRAP 10	Financial Reporting in Hyperinflationary Economies
GRAP 11	Construction Contracts
GRAP 12	Inventories
GRAP 13	Leases
GRAP 14	Events After the Reporting Date
GRAP 16	Investment Property
GRAP 17	Property, Plant and Equipment
GRAP 19	Provisions, Contingent Liabilities and Contingent Assets
GRAP 100	Non-current Assets Held for Sale and Discontinued Operations
GRAP 101	Agriculture
GRAP 102	Intangible Assets

The accounting policies for transactions and events that are not specifically covered by the GRAP standards listed above have been developed in accordance with the requirements of paragraphs 7, 11 and 12 of GRAP 3 and the guidance as set out in Directive 5

Accounting policies for material transactions, events or conditions not covered by the above GRAP standards have been developed in accordance with paragraphs 7, 11 and 12 of GRAP 3. These accounting policies and the applicable disclosures have been based on the South African Statements of Generally Accepted Accounting Practices (SA GAAP) including any interpretations of such Statements issued by the Accounting Practices Board

The standards are summarised as follows:

IAS 19 (AC 118)	Employee benefits - Defined benefit accounting as far as it relates to defined benefit plans accounted for as defined contribution plans and the defined benefit obligation disclosed by narrative information (IAS 19:29, 48-119 and 120A (c) - (q))
IFRS 7 / AC 144	Financial Instruments - Disclosures - Entire standard to be replaced by IAS 32 (AC 125) issued August 2006 and effective for financial statements covering periods beginning on or after 1 January 1998
IAS 32 (AC 125)	Financial Instruments - Presentation
IAS 39 (AC 129)	Financial Instruments - Recognition and measurement - Initially measuring financial assets and liabilities at fair value (IAS 39:43, AG 79, AG 64-AG 65 and SAICA circular 9/06)

The Accounting Standards Board has issued Directive 4 (Transitional provision for medium and low capacity municipalities - March 2009) granting a three year transitional period for the initial adoption of GRAP 12, 16, 17 and 102. The municipality will apply these provisions, but will take achievable steps to ensure that the implementation is sensible, particularly in relation to subsequent measurement.

A Summary of all the significant accounting policies, which have been consistently applied, are disclosed below

2. **PRESENTATION CURRENCY**

These annual financial statements are presented in South African Rand which is the municipality's functional currency. All financial information has been rounded to the nearest Rand.

3. **GOING CONCERN ASSUMPTION**

These annual financial statements are prepared on the going concern basis.

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2010**4. PROPERTY, PLANT AND EQUIPMENT (PPE)**

- 4.1 Refer to note 1 for details of the transitional provisions applied during the financial year. The policy set out below has been applied only to the extent that the requirement is not covered by the relevant transitional provision.

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses.

Where an asset is acquired at no cost, or for a nominal cost, its cost is the fair value as at the date of acquisition.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, the costs of dismantling and removing the items and restoring the site on which they are located and capitalised borrowing costs. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items of property, plant and equipment.

- 4.2 Subsequent expenditure relating to property, plant and equipment is capitalised if it is probable that future economic benefits or potential service delivery of the asset are enhanced in excess of the originally assessed standard of performance. If expenditure only restores the originally assessed standard of performance, it is regarded as repairs and maintenance and are expensed. The enhancement of an existing asset so that its use is expanded or the further development of an asset so that its original life is extended are examples of subsequent expenditure which should be capitalised.
- 4.3 The cost of an item of property, plant and equipment acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets was measured at its fair value. If the acquired item could not be measured at its fair value, its cost is measured at the carrying amount of the asset given up.

4.4 Assets under construction

The cost of assets under construction includes all expenditure related directly to specific projects still in progress at period end. Incomplete construction work is stated as historic cost.

4.5 Depreciation and impairment losses

- 4.5.1 Depreciation is recognised in surplus or deficit, using the straight line method, over the estimated useful lives of the assets. Assessment of residual values are performed at acquisition date. Assets under construction are only depreciated once fully completed. The depreciation rates are based on the following:

ASSETS

ESTIMATED USEFUL LIFE

Buildings	25 to 30
Intangible Assets	5
Investment Property	0
Other	2 to 22
Other Structures (Infrastructure)	0 to 100
Land	0
Heritage	0

4.6 Disposal and retirement of assets

- * Assets are written off on disposal or retirement or when no future economic benefits or service potential is expected from its continued use or disposal.
- * The difference between the net book value of assets (cost less accumulated depreciation and impairment losses) and the sales proceeds is reflected as a gain or loss in the surplus or deficit.

4.7 Borrowing costs

Borrowing costs are treated in accordance with the provisions of GRAP 5. In accordance with these provisions, borrowing costs are interest and other costs incurred in connection with the borrowing of money. Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset can be capitalised. Borrowing costs incurred other than on qualifying assets must be recognised as an expense in surplus or deficit when incurred. The amount of borrowing costs capitalised is limited to the actual borrowing costs incurred on the borrowing less any investment income on the temporary investment of those borrowings.

4.8 Residual value and useful lives

Residual value is the estimated amount that is obtained from the disposal of an asset, after deducting the estimated cost of disposal. Useful life is the period over which an asset is expected to be available for use. Residual values, useful lives and depreciation methods are reviewed annually in accordance with the provisions provided in GRAP 17. If the expectations differ from previous estimates the change is accounted for as a change in accounting estimate.

5. INVESTMENT PROPERTY

Refer to note 1 for details of the transitional provisions applied during the financial year. The policy set out below has been applied only to the extent that the requirement is not covered by the relevant transitional provision.

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods and services or for administrative purposes. Investment property is measured at cost less accumulated depreciation and accumulated impairment losses.

Where investment property is acquired at no cost or for a nominal cost, its cost is its fair value as at the date of acquisition.

Costs include costs incurred initially and costs incurred subsequently to add to, or to replace a part of, or service a property. If a replacement part is recognised in the carrying amount of the investment property, the carrying value of the replaced part is derecognised.

Depreciation is calculated using the depreciable amount, which is the cost of the asset less its residual value.

The estimated useful lives for the current and comparative periods are as follows:

Property-beach development

ESTIMATED USEFUL LIFE
25 to 30

Investment property is derecognised on disposal or when the investment property is permanently withdrawn from use and no future economic benefits or service potential are expected from its disposal.

Gains or losses arising from the retirement or disposal of investment property are calculated as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in surplus or deficit in the period of retirement or disposal.

6. INTANGIBLE ASSETS

An intangible asset is defined as an identifiable non-monetary asset without physical substance held for use in the production or supply of goods or services, for rental to others, or for administrative purposes. Intangible assets are treated in accordance with the provisions of GRAP 102. In accordance with these provisions, intangible assets are initially recorded at their cost price and are subsequently amortised over their expected useful lives. The intangible assets under the control of the Municipality, such as computer software (5 years), are amortised according to the straight line method.

After the initial measurement of intangible assets, subsequent expenditure is only capitalised if future economic benefits or service potential over the total life of the intangible assets, in excess of the most recently assessed standard of performance of the existing intangible assets, will flow to the Municipality.

Refer to note 1 for details of the change in accounting policy resulting from the first time adoption of GRAP 102. Intangible assets in accordance with the transitional provisions set out in note 1. Identifiable non-monetary assets without physical substance held for use in the production or supply of goods or services, for rental to others, or for administrative purposes are classified and recognised as intangible assets in accordance with the policies below.

Other intangible assets that are acquired by the municipality and have finite useful lives are initially recognised at cost and subsequently measured at cost less accumulated amortisation and accumulated impairment losses. Where an intangible asset is acquired at no cost, or for a nominal cost, the cost is deemed to be its fair value as at the date of acquisition. Servitudes created through the exercise of legislation are not recognised as intangible assets and any costs incurred to register these servitudes are expensed. Servitudes, however, that are created through an agreement (contract) are recognised as intangible assets.

Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortisation is recognised in surplus or deficit on a straight-line basis over the estimated useful lives of intangible assets, from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset. The estimated useful lives for the current and comparative periods are as follows:

Other intangible assets

ESTIMATED USEFUL LIFE
5

Amortisation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

The estimated useful life of an intangible asset in a service concession arrangement is the period from when the municipality is able to charge the public for the use of the infrastructure to the end of the concession period.

7. FINANCIAL INSTRUMENTS

7.1 Classification

The municipality classifies financial instruments, or their component parts, on initial recognition as financial assets, a financial liability or equity instruments in accordance with the substance of the contractual arrangement.

7.2 Non-derivative financial assets

The municipality initially recognises loans and receivables on the date that they are originated. All other financial assets (including assets designated at fair value through surplus or deficit) are recognised initially on the trade date at which the economic entity becomes a party to the contractual provisions of the instrument.

The municipality derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the economic entity is recognised as a separate asset or liability.

The municipality has the following classes and categories of financial assets as reflected on the face of the statement of financial position or in the notes thereto:

Class of financial asset IAS 39 category

Investments in fixed deposits
(banking institutions, etc) Held-to-maturity

Trade and other receivables from exchange transactions (consumer debtors) Loans and receivables

Short-term investment deposits Held-to-maturity

Cash and cash equivalents Loans and receivables

7.3 Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less an allowance for impairment losses.

Cash includes cash-on-hand and cash with banks. Cash equivalents are short-term highly liquid investments that are held with registered banking institutions with maturities of three months or less and are subject to an insignificant risk of change in value. Bank overdrafts that are repayable on demand and form an integral part of the municipality's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

7.4 Non-derivative financial liabilities

The municipality initially recognises financial liabilities, including liabilities designated at fair value through surplus or deficit, on the trade date at which the municipality becomes a party to the contractual provisions of the instrument.

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2010

The municipality derecognises a financial liability when its contractual obligations are discharged, cancelled or expire. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in surplus or deficit.

The municipality has the following classes of financial liabilities as reflected on the face of the statement of financial position or in the notes thereto:

Loans and borrowings
Trade and other payables from exchange transactions
Current portion of loans and borrowings

The above financial liabilities form part of the "other financial liabilities carried at amortised cost" category per IAS 39 and are recognised initially at fair value plus any directly attributable transaction costs.

Subsequent to initial recognition these financial liabilities are measured at amortised cost using the effective interest method.

7.5 Finance income and expenses

Finance income comprises interest income on funds invested and dividend income. Interest income is recognised as it accrues in surplus or deficit, using the effective interest method. Dividend income is recognised in surplus or deficit on the date that the economic entity's right to receive payment is established, which in the case of quoted securities is the ex-dividend date.

Finance costs comprise interest expense on borrowings, unwinding of the discount on provisions, impairment losses recognised on financial assets (other than trade receivables). Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in surplus or deficit using the effective interest method.

7.6 Cash and cash equivalents

Cash includes cash on hand and cash with banks. Cash equivalents are short-term highly liquid investments that are held with registered banking institutions with maturities of three months or less and are subject to an insignificant risk of change in value.

For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held on call with banks and investments in financial instruments, net of bank overdrafts.

Bank overdrafts are recorded based on the facility utilised. Finance charges on bank overdraft are expensed as incurred.

7.7 Financial Assets

7.7.1 Trade receivables

Trade receivables are recognised initially at fair value and measured at amortised cost using the effective interest rate method, less a provision for impairment. This provision is based on a review of all outstanding amounts at year end and is established when there is objective evidence that the municipality will not be able to collect all amounts due according to the original terms. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. Bad debts are written off during the year in which they are identified. Subsequent recoveries of amounts previously written off are credited against the relevant revenue stream in the statement of financial performance.

Financial Liabilities

Trade payables

Trade payables are recognised initially at fair value and subsequently measured at amortised cost using effective interest method.

Long-term liabilities

Long term financial liabilities are classified as financial liabilities that are measured at amortised cost.

7.7.2 Impairment of financial assets

Financial assets, other than those at fair value through profit or loss, are assessed for indicators of impairment at each reporting date. Financial assets are impaired where there is objective evidence of impairment of financial assets. If there is such evidence the recoverable amount is estimated and an impairment loss is recognised in accordance with IAS 39.

Initially, accounts receivable are measured at fair value and subsequently carried at amortised cost using the effective interest method. An estimate is made for doubtful debt using the amount outstanding at year end as a percentage of the total amount charged for the year and applying this to the accounts receivable balance at year end. Bad debts are written off the year in which they are identified as irrecoverable. Amounts receivable within 12 months from the date of reporting are classified as current.

A provision for impairment of trade receivables is established when there is objective evidence that the municipality will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. An impairment loss is recognised in surplus or deficit and reflected in an allowance account against receivables. Interest on the impaired asset continues to be recognised through the unwinding of the discount.

Consumer Debtors are measured at amortised cost less provision for bad debts. The provision is made in accordance with IAS 39.64 whereby the recoverability of Consumer Debtors is assessed collectively after grouping the assets in financial assets with similar credit risks characteristics. Government accounts are not provided for as such accounts are regarded as payable.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in the surplus or deficit.

In a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through the surplus or deficit to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

7.7.3 Impairment of non-financial assets

The carrying amounts of non-financial assets, other than investment property and inventories, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2010

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets.

An impairment loss is recognised if the carrying amount of an asset or cash-generating unit exceeds its estimated recoverable amount. Impairment losses are recognised in profit and loss.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

8. INVENTORIES

Refer note 1 for details of the transitional provisions applied during the financial year. The policy set out below has been applied only to the extent that the requirement is not covered by the relevant transitional provision.

8.1 Cost

The cost of inventories comprises all costs of purchase, cost of conversion and other cost incurred in bringing the inventory to its present location and condition. Where inventories are acquired at no cost, or for nominal consideration, the cost is deemed to be the fair value as at the date of acquisition. Cost is generally determined using the first-in-first out principle except where stated otherwise.

The cost of agricultural produce harvested from biological assets is initially measured at fair value less estimated point of sale costs.

8.2 Subsequent measurement

Consumable stores, raw materials, work-in-progress and finished goods are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Inventories are measured at the lower of cost and current replacement cost where they are held for distribution at no charge or for a nominal charge, or consumption in the production process of goods to be distributed at no charge or for a nominal charge.

Current replacement cost is the cost the economic entity incurs to acquire the asset on the reporting date.

The amount of any write-down of inventories to net realisable value and any losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories, arising from an increase in net realisable value, are recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

8.3 Water inventory

Water inventory represents water housed in dams within the municipal area and is measured at the lower of cost, which is deemed to be fair value, and net realisable value. In the absence of a market that trades in water outside of local government, the fair value utilised to quantify water inventory is based on the unit reference value. The unit reference value is determined by a formula that is utilised in the engineering department to calculate the development cost of new water resources.

The water levels in the dams are based on cubic meter capacity taking into account the capacity of the dam, based on land surveying reports and the curve of the dam.

Readings of water levels are taken at year-end, which is quantified at the above fair value.

Water and purified effluent are measured at the lowest of purified cost and net realisable value insofar as it is stored and controlled in reservoirs at year-end.

9. UNUTILISED CONDITIONAL GRANTS

Revenue from conditional grants is recognised when it is probable that the economic benefits or service potential will flow to the municipality, the amount of the revenue can be measured reliably and to the extent that there has been compliance with any restrictions associated with the grant.

* Interest earned on the investment is treated in accordance with grant conditions. If it is payable to the funder it is recorded as part of the creditor. If it is the Municipality's interest it is recognised as interest earned in the Statement of Financial Performance.

Unutilised conditional grants are reflected on the Statement of Financial Position as a creditor – Unspent Conditional Grants. They represent unspent government grants, subsidies and contributions from the public. This creditor always has to be backed by cash. The following provisions are set for the creation and utilisation of this creditor:

* The cash which backs up the creditor is invested until it is utilised.

* Whenever an asset is purchased out of the unutilised conditional grant an amount equal to the cost price of the asset purchased is transferred from the Unutilised Conditional Grant into the statement of financial performance as revenue.

10. VALUE ADDED TAX

The municipality accounts for Value Added Tax on the cash basis. The Municipality is liable to account for Value Added Tax at the standard rate (14%) in terms of section 7 (1) (a) of the VAT Act, in respect of the supply of goods or services except where the supplies are specifically zero-rated in terms of section 11, exempted in terms of section 12 of the VAT Act or out of scope for VAT purposes. The timing of payments to / from the South African Revenue Service is the last day of each of the twelve months of the financial year.

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2010

11. REVENUE RECOGNITION

Revenue

Revenue from exchange transactions includes revenue from trading activities and other services provided while revenue from non-exchange transactions includes rates levied, fines, donations and grants from other spheres of government

11.1 Revenue from exchange transactions

Revenue is generally recognised when it is probable that future economic benefits or service potential will flow to the municipality and these benefits or service potential can be measured reliably, except when specifically stated otherwise. Revenue from the rendering of services is recognised in surplus or deficit in proportion to the stage of completion of the transaction at the reporting date.

Revenue is measured at the fair value of the consideration received or receivable, net of value added tax, estimated returns, rebates and discounts.

11.1.1 Services

When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction is recognised by reference to the stage of completion of the transaction at the reporting date. The outcome of a transaction can be estimated reliably when all the following conditions are satisfied:

The amount of revenue can be measured reliably;
It is probable that the economic benefits or service potential associated with the transaction will flow to the municipality;
The stage of completion of the transaction at the reporting date can be measured reliably; and
The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

11.1.2 Service charges

Service charges relating to distribution of electricity and water are based on consumption. Meters are read on a monthly basis and are recognised as revenue when invoiced. Provisional estimates of consumption, based on the consumption history, are made on a monthly basis when meter readings have not been performed. The provisional estimates of consumption are recognised as revenue when invoiced, except at year-end when estimates of consumption up to year-end are recorded as revenue without it being invoiced. In respect of estimates of consumption between the last reading date and the reporting date, an accrual is raised based on the average monthly consumption. Adjustments to provisional estimates of consumption are made in the invoicing period in which meters are read. These adjustments are recognised as revenue in the invoicing period.

Service charges relating to refuse removal are recognised on a monthly basis by applying the approved tariff to each property receiving services. Tariffs are determined per category of property and are levied monthly based on the number of refuse containers on each property, regardless of whether or not all containers are emptied during the month.

Service charges from sewerage and sanitation services are based on the type of service and the number of sewer connections on all all developed property, using the tariffs approved by Council. Revenue is recognised on a monthly basis.

11.1.3 Pre-paid electricity

Revenue is recognised at the point-of-sale. Revenue is measured at the fair value of the consideration received or receivable, net of trade discounts and volume rebates.

11.1.4 Interest, royalties and dividends

Interest earned and rentals received

Interest income is recognised in surplus or deficit as it accrues, using the effective interest method.

Rental income from operating leases is recognised on a straight line basis over the lease term.

11.1.5 Other

Tariff charges

Revenue arising from the application of the approved tariff of charges is recognised when the relevant service is rendered by applying the relevant authorised tariff. This includes the issuing of licences and permits.

Agency commission

Commission for agency services is recognised on a monthly basis once the income collected on behalf of principals has been quantified. The income recognised is in terms of the agency agreement.

11.2 Revenue from non-exchange transactions

Revenue from non-exchange transactions is recognised when it is probable that the economic benefits or service potential associated with the transaction will flow to the municipality, the amount of the revenue can be measured reliably and, if applicable, there has been compliance with the relevant legal requirements or restrictions.

11.2.1 Rates and taxes

Revenue from rates, including collection charges and penalty interest, is recognised on a monthly basis when the taxes are levied as this is regarded to be the date when it is probable that the economic benefits or service potential will flow to the municipality, the amount of the revenue can be measured reliably and there has been compliance with the relevant legal requirements.

11.2.2 Donations and contributions

Revenue from donations is recognised when it is probable that the economic benefits or service potential will flow to the municipality, the amount of the revenue can be measured reliably and any restrictions associated with the donation have been met.

11.2.3 Revenue from recovery of unauthorised, irregular, fruitless and wasteful expenditure

Revenue from the recovery of unauthorised, irregular, fruitless and wasteful expenditure is based on legislated procedures, including those set out in the Municipal Finance Management Act (Act No 56 of 2003) and is recognised when the recovery thereof from the responsible councilors or officials is virtually certain.

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2010

11.2.4 Unconditional grants and receipts

Revenue from unconditional grants is recognised when it is probable that the economic benefits or service potential will flow to the municipality the amount of the revenue can be measured reliably. Since these grants are unconditional and there are no attached stipulations, the grants are recognised as revenue or, if the recognition criteria had been met, as assets in the reporting period in which they are received or receivable.

11.2.5 Conditional grants and receipts

Revenue from conditional grants is recognised when it is probable that the economic benefits or service potential will flow to the municipality the amount of the revenue can be measured reliably and to the extent that there has been compliance with any restrictions associated with the grant.

Interest earned is recognised as interest earned in the statement of financial performance.

11.3 Recognition

An inflow of resources from a non-exchange transaction recognised as an asset is recognised as revenue, except to the extent that a liability is also recognised in respect of the same inflow.

As the municipality settles a present obligation recognised as a liability in respect of an inflow of resources from a non-exchange transaction recognised as an asset, it reduces the carrying amount of the liability recognised and recognises an amount of revenue equal to that reduction.

11.4 Measurement

Revenue from a non-exchange transaction is measured at the amount of the increase in net assets recognised by the municipality.

When, as a result of a non-exchange transaction, the municipality recognises an asset, it also recognises revenue equivalent to the amount of the asset measured at its fair value as at the date of acquisition, unless it is also required to recognise a liability.

Where a liability is required to be recognised it will be measured as the best estimate of the amount required to settle the obligation at the reporting date, and the amount of the increase in net assets, if any, recognised as revenue. When a liability is subsequently reduced, because the taxable event occurs or a condition is satisfied, the amount of the reduction in the liability is recognised as revenue.

11.5 Taxes

The municipality recognises an asset in respect of taxes when the taxable event occurs and the asset recognition criteria are met.

Resources arising from taxes satisfy the definition of an asset when the municipality controls the resources as a result of a past event (the taxable event) and expects to receive future economic benefits or service potential from those resources. Resources arising from taxes satisfy the criteria for recognition as an asset when it is probable that the inflow of resources will occur and their fair value can be reliably measured. The degree of probability attached to the inflow of resources is determined on the basis of evidence available at the time of initial recognition, which includes, but is not limited to, disclosure of the taxable event by the taxpayer.

The taxable event for property tax is the passing of the date on which the tax is levied or, if the tax is levied on a periodic basis, the period for which the tax is levied.

11.6 Transfers

Apart from services in kind, which are not recognised, the municipality recognises an asset in respect of transfers when the transferred resources meet the definition of an asset and satisfy the criteria for recognition as an asset.

11.7 Gifts and donations, including goods in-kind

Gifts and donations, including goods in-kind, are recognised as assets and revenue when it is probable that the future economic benefits or service potential will flow to the municipality and the fair value of the assets can be measured reliably.

11.8 Services in-kind

Services in-kind are recognised as revenue and as assets. Revenue from unconditional grants is recognised when it is probable that the economic benefits or service potential will flow to the municipality the amount of the revenue can be measured reliably. Since these grants are unconditional and there are no attached stipulations, the grants are recognised as revenue or, if the recognition criteria had been met, as assets in the reporting period in which they are received or receivable.

12. PROVISIONS

The amount of a provision is the best estimate of the expenditure expected to be required to settle the present obligation at the reporting date.

Where the effect of time value of money is material, the amount of a provision is the present value of the expenditures expected to be required to settle the obligation. The discount rate is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as a finance cost.

Provisions are reversed if it is no longer probable that an outflow of resources embodying economic benefits or service potential will be required, to settle the obligation.

Site restoration

In accordance with applicable legal requirements, a provision for site restoration in respect of landfill sites is recognised when the land is contaminated. The related expense is capitalised against the cost of the landfill sites.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

13. EMPLOYEE BENEFITS

13.1 Pension / Retirement Fund

The municipality and its employees contribute to various Pension and Retirement Funds and its councillors contribute to the Pension Fund for Municipal Councillors. These funds provide retirement benefits to such employees and councillors.

The retirement benefits are calculated in accordance with the rules of the funds. Full actuarial valuations are performed on a regular basis.

Current contributions are charged against the operating account of the municipality at a percentage of the pensionable remuneration paid to employees or councillors.

13.2 Defined benefit plans - Medical Aid, Continued Members

The municipality provides certain post retirement medical benefits by funding the medical aid contributions of certain retired members. According to the rules of the medical aid funds, with which municipality is associated, a member (who is on the current condition of service), on retirement, is entitled to remain a continued member of such medical aid fund, in which case the member is liable for 30% or 40% of the medical aid membership fee, and the municipality for the remaining 70% or 60%. The municipality adopted a policy whereby the age of staff appointed under the new conditions of service would determine their portion of contribution to the medical aid on retirement.

An Actuarial valuation was performed and a liability was determined as a result of the actuarial valuation. The actuarial valuation will be revised on an annual basis.

The actuarial valuation was calculated based on the following assumptions:

Discount rate of 9.06%, Health care cost inflation rate 7.09% and a net effective discount of 1.83%.

The Council's obligation to provide post-retirement medical aid benefits are defined benefit obligations. The obligation is calculated by estimating the amounts of the future benefit that qualifying employees have earned in return for their service in the current and prior periods. This benefit is discounted to determine its present value, using a discount rate based on market yields, at the balance sheet date, on high quality bonds with maturity dates that most closely match the terms of maturity of the municipality's obligation. The calculation is performed by a qualified actuary using the projected unit credit method. The portion of benefits relating to past service by employees is recognised as an expense on a straight-line basis over the average vesting period. To the extent that the benefits are already vested, past service costs are recognised immediately.

The municipality recognises actuarial gains or losses from defined benefit plans immediately in profit or loss.

Past service costs are recognised as an expense on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits are already vested past service costs are recognised immediately.

The amount recognised is the excess determined above divided by the expected average remaining working lives of the employees participating in the that plan.

13.3 Accrued Leave Pay

Liabilities for annual leave are recognised as they accrue to employees. Accrual is based on the total amount of leave days due to employees at year end and also on the total remuneration package of the employee.

13.4 Provision for Performance Bonuses

The Municipality makes provision for bonuses payable owing to officials in terms of performance agreements.

13.5 Short-term employee benefits

The cost of all short-term employee benefits are recognised during the period in which the employee renders the related service.

The provisions for employee entitlements to salaries, performance bonuses and annual leave represents the amounts which the Municipality has a present obligation to pay as a result of employees' services provided to the balance sheet date. The provisions have been calculated at undiscounted amounts based on current salary levels at the reporting date.

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2010

14. **UNAUTHORISED EXPENDITURE**

Unauthorised expenditure is expenditure that has not been budgeted, expenditure that is not in terms of the conditions of an allocation received from another sphere of government, municipality or organ of state and expenditure in the form of a grant that is not permitted in terms of the Municipal Finance Management Act (Act No 56 of 2003). Unauthorised expenditure is accounted for as an expense in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

16. **IRREGULAR EXPENDITURE**

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No 56 of 2003), the Municipal Systems Act (Act No 32 of 2000), the Public Office Bearers Act (Act No. 20 of 1998) or is in contravention of the Municipality's supply chain management policy. Irregular expenditure excludes unauthorised expenditure. Irregular expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance. If the expenditure is not condoned by the relevant authority, it is treated as a receivable until it is recovered or written off as irrecoverable.

16. **FRUITLESS AND WASTEFUL EXPENDITURE**

In terms of the MFMA, fruitless and wasteful expenditure is expenditure that was made in vain and would have been avoided had reasonable care been exercised. Fruitless and wasteful expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

17. **LEASES**

17.1 **Operating leases - municipality as lessee**

Operating lease payments are recognised in surplus or deficit on a straight-line basis over the lease term. The difference between the amounts recognised as an expense and the contractual payments are recognised as an operating lease asset or liability.

Lease incentives received are recognised as an integral part of the total lease expense, over the term of the lease.

17.2 **Operating leases - municipality as lessor**

Operating lease revenue is recognised as revenue on a straight-line basis over the lease term.

Initial direct costs incurred in negotiating and arranging operating leases are added to the carrying amount of the leased asset and recognised as an expense over the lease term on the same basis as the lease revenue.

The aggregate cost of incentives is recognised as a reduction of rental revenue over the lease term on a straight-line basis.

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2010

18. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

18.1 Impairment of trade and other receivables

The impairment of the municipality's trade and other receivables is based on incurred losses in accordance with the requirements of IAS 39. The historical loss experience of the economic entity, based on observable data through the passage of time, is used to estimate the impairment of trade and other receivables. Any changes in the payment status of customers in a specific group or national or local economic conditions that correlate with defaults on the assets in the group will have an impact on the impairment of trade and other receivables.

18.2 Provisions

The provisions raised by the municipality are detailed in note 2. These provisions represent management's best estimate of the municipality's exposure. The probability that an outflow of economic resources will be required to settle the obligation must be assessed and a reliable estimate must be made of the amount of the obligation. Actual results may, however, differ from these estimates.

18.3 Allowance for slow moving, damaged and obsolete stock

Management has made estimates of the selling price and direct cost to sell of certain inventory items to calculate the allowance to write stock down to the lower of cost or net realisable value. The write down is zero.

18.4 Post retirement benefits

The present value of the post retirement obligation depends on a number of factors that are determined on an actuarial basis using a number of assumptions, which include the discount rate. Any changes in these assumptions will impact on the carrying amount of post retirement obligations.

18.5 Depreciation and the carrying value of items of property, plant and equipment

The estimation of the useful lives of assets is based on management's judgement. Any material adjustment to the estimated remaining useful lives of items of property, plant and equipment will have an impact on the carrying value of these items.

18.8 Determination of the recoverable amount of cash-generating assets

Where impairment indicators exist, the determination of the recoverable amount of assets or cash generating units require management to make assumptions to determine the fair value less costs to sell. Key assumptions on which management has based its determination of fair values less costs to sell include projected revenues, earnings multiple, capital expenditure and market share. The judgements, assumptions and methodologies used can have a material impact on the fair value and ultimately the amount of the impairment.

18.7 Determination of the recoverable service amount of non-cash generating assets

Where impairment indicators exist, the determination of the recoverable service amount of a non-cash generating asset requires management to make assumptions to determine the fair value less costs to sell and the value in use based on the depreciated replacement cost model. Key assumptions include the current replacement cost of non-cash generating assets and in certain instances an assumption about the commissioning date which determines the depreciated replacement cost of the non-cash generating asset.

18.8 Provision for impairment of receivables

An estimate for the impairment of receivables is made when collection of the full amount is no longer probable. The provision for doubtful debt shall be calculated on trade receivables only, i.e. service debtors, levy debtors and housing rentals. The total impairment provision of the municipality shall be calculated per risk category.

19. COMPARATIVE FIGURES AND PRIOR PERIOD ERRORS

19.1 Comparative figures

Comparative figures have been restated to disclose the effect of the changes in accounting policies.

19.2 Prior period errors

Prior period errors have been corrected in terms of GRAP 3, *Accounting policies changes in accounting estimates and errors*, in the period in which they occurred, or the earliest period reported.

20. BORROWING COSTS

Borrowing costs are capitalised in respect of qualifying assets that necessarily take a substantial period to get ready for their intended use.

If the carrying amount of the qualifying asset exceeds its recoverable amount or recoverable service amount, an impairment loss is recognised for the excess amount.

Borrowing costs that are not capitalised are recognised as an expense in surplus or deficit.

21. NEW STANDARDS AND INTERPRETATIONS

21.1 Standards issued and not yet effective

The following standards expected to be applicable to the municipality have been issued, but are not yet effective.

The GRAP standards below will be applied by the municipality from the effective date determined by the Minister of Finance. The effective dates are currently unknown. International Financial Reporting Standards will be applied from the effective date of the Standards indicated below.

21.1.1 GRAP 18: Segment Reporting

Segments are identified by the way in which information is reported to management, both for purposes of assessing performance and making decisions about how future resources will be allocated to the various activities undertaken by the municipality. The major classifications of activities identified in budget documentation will usually reflect the segments for which an entity reports information to management.

Segment information is either presented based on service or geographical segments. Service segments relate to a distinguishable component of an entity that provides specific outputs or achieves particular operating objectives that are in line with the economic entity's overall mission. Geographical segments relate to specific outputs generated, or particular objectives achieved, by an entity within a particular region.

Anticipated impact on annual financial statements

Additional disclosure is required, which includes segment revenue and expenses as well as the carrying amount of segment assets and liabilities.

21 1 2 GRAP 23: Revenue from Non-exchange Transactions (Taxes and Transfers)

Revenue from non-exchange transactions arises when an entity receives value from another entity without directly giving approximately equal value in exchange. An asset acquired through a non-exchange transaction shall initially be measured at its fair value as at the date of acquisition.

This revenue will be measured at the amount of increase in net assets recognised by the economic entity.

An inflow of resources from a non-exchange transaction recognised as an asset shall be recognised as revenue, except to the extent that a liability is recognised for the same inflow. As an entity satisfies a present obligation recognised as a liability in respect of an inflow of resources from a non-exchange transaction recognised as an asset, it will reduce the carrying amount of the liability and recognise an amount equal to that reduction as revenue.

Anticipated impact on annual financial statements

For conditional grants, a liability will generally only be recognised if situations that meet the definition of a condition exist on the use of the resources received and it is required to repay any funds not utilised in accordance with those conditions (based on enforceable right), while under GAMAP 9 a liability would be recognised if restrictions existed regardless of the requirement to repay the funds if it is not utilised.

21 1 3 GRAP 24: Presentation of Budget Information

The municipality is required to present a comparison of the budget amounts for which it is held publicly accountable and actual amounts either as a separate additional financial statement or as additional budget columns in the financial statements currently presented in accordance with Standards of GRAP.

The comparison of budget and actual amounts shall present separately for each level of legislative oversight:
the approved and final budget amounts,
the actual amounts on a comparable basis, and

by way of note disclosure, an explanation of material differences between the budget for which the economic entity is held publicly accountable and actual amounts, unless such explanation is included in other public documents issued in conjunction with the financial statements, and a cross reference to those documents is made in the notes.

Where the municipality prepares its budget and annual financial statements on a comparable basis, it is required to include the comparison as an additional column in the primary annual financial statements.

Where the budget and annual financial statements are not prepared on a comparable basis, a separate statement is prepared called the Statement of Comparison of Budget and Actual Amounts. This statement compares the budget amounts with the amounts in the annual financial statements adjusted to be comparable to the budget.

Anticipated impact on annual financial statements

Although the economic entity currently presents budget information in terms of legislation, additional disclosure is required in terms of GRAP 24.

The standard will however not impact the measurement of figures presented in the annual financial statements and will only result in additional detail being disclosed in relation to the budget.

21 1 4 GRAP 103: Heritage Assets

Heritage assets are assets which have a cultural, environmental, historical, natural, scientific, technological or artistic significance and are held indefinitely for the benefit of present and future generations.

Certain heritage assets are described as inalienable items means that they are retained indefinitely and cannot be disposed of without consent as required by law or otherwise.

A heritage asset is recognised as an asset only if:
it is probable that future economic benefits or service potential associated with the asset will flow to the economic entity; and
the cost or fair value of the asset can be measured reliably.

Heritage assets are recognised at cost unless they are acquired through a non-exchange transaction, in which case they are recognised at their fair value as at the date of acquisition.

The municipality has a choice between the cost and revaluation model as an accounting policy for subsequent measurement and is required to apply the chosen policy to an entire class of heritage assets.

Heritage assets are subsequently carried at their cost or revalued amount less accumulated impairment. These assets are not depreciated.

Anticipated impact on annual financial statements

The economic entity does not own significant heritage assets and the standard is therefore not expected to have a significant impact.

21 1 5 GRAP 21: Impairment of non-cash-generating assets

Non-cash-generating assets are assets other than cash-generating assets.

When the carrying amount of a non-cash-generating asset exceeds its recoverable service amount, it is impaired.

The economic entity assesses at each reporting date whether there is any indication that a non-cash-generating asset may be impaired. If any such indication exists, an entity estimates the recoverable service amount of the asset.

The present value of the remaining service potential of a non-cash-generating asset is determined using one of the following approaches:
Depreciated replacement cost approach
Restoration cost approach
Service units approach

If the recoverable service amount of a non-cash-generating asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable service amount. This reduction is an impairment loss. An impairment loss is recognised immediately in surplus or deficit. Any impairment loss of a revalued non-cash-generating asset is treated as a revaluation decrease.

Anticipated impact on the annual financial statements

No material impact is expected. The requirements of GRAP 21 are similar to the requirements of IAS 36 Impairment of assets.

ACCOUNTING POLICIES TO THE ANNUAL FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2010

21.1.6 **GRAP 26: Impairment of cash-generating assets**

Cash-generating assets are those assets held by the economic entity with the primary objective of generating a commercial return. When an asset is deployed in a manner consistent with that adopted by a profit-orientated entity, it generates a commercial return.

When the carrying amount of a cash-generating asset exceeds its recoverable amount, it is impaired.

An entity assesses at each reporting date whether there is any indication that a cash-generating asset may be impaired. If any such indication exists, the economic entity estimates the recoverable amount of the asset. When estimating the value in use of an asset, an economic entity should estimate the future cash inflows and outflows to be derived from continuing use of the asset and from its ultimate disposal and a economic entity should apply the appropriate discount rate to those future cash flows.

If the recoverable amount of a cash-generating asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. This reduction is an impairment loss. An impairment loss is recognised immediately in surplus or deficit. Any impairment loss of a revalued cash-generating asset is treated as a revaluation decrease.

Anticipated impact on annual financial statements

No material impact. Requirements of GRAP 26 are similar to the requirements of IAS 36 Impairment of assets.

21.1.7 **GRAP 25: Employee benefits**

The objective of GRAP 25 is to prescribe the accounting and disclosure for employee benefits. The standard requires the economic entity to recognise:

a liability when an employee has provided service in exchange for employee benefits to be paid in the future; and
an expense when an economic entity consumes the economic benefits or service potential arising from service provided by an employee in exchange for employee benefits.

GRAP25 must be applied by an employer in accounting for all employee benefits, except share based payment transactions.

The standard also includes detailed requirements to be applied in the accounting for:

Post-employment benefits;
Other long-term employee benefits, and
Termination benefits.

Anticipated impact on annual financial statements

Requirements of GRAP 25 are similar to the requirements of IAS 19 Employee Benefits applied by the municipality during the 2008/09 financial year except for the fact that GRAP 25 requires actuarial gains and losses to be recognised in full in the year that they occur and past service costs to be recognised as an expense in the reporting period in which the plan is amended. No material impact is expected from these changes.

21.1.8 **GRAP 104: Financial Instruments**

The standard prescribes recognition, measurement, presentation and disclosure requirements for financial instruments. Financial instruments are defined as those contracts that results in a financial asset in one entity and a financial liability or residual interest in another entity. A key distinguishing factor between financial assets and financial liabilities and other assets and liabilities, is that they are settled in cash or by exchanging financial instruments rather than through the provision of goods or services.

One of the key considerations in initially recognising financial instruments is the distinction, by the issuers of those instruments, between financial assets, financial liabilities and residual interests.

Financial assets and financial liabilities are distinguished from residual interests because they involve a contractual right or obligation to receive or pay cash or another financial instrument.

Residual interests entitle an entity to a portion of another entity's net assets in the event of liquidation and, to dividends or similar distributions paid at management's discretion.

The standard contains further detailed guidance on the initial recognition, measurement and subsequent measurement of financial instruments and mainly distinguished between those financial instruments carried at fair value and those at amortised cost.

Anticipated impact on the annual financial statements

No material impact is expected on the measurement of financial instruments as the measurement basis of the economic entity's financial instruments is expected to remain unchanged (i.e. at amortised cost and at fair value).

21.1.9 **IFRIC 14: IAS 19 - The Limit on Defined Benefit Asset, Minimum Funding Requirements - Amendment - Prepayments of minimum funding requirements**

The amendments to IFRIC 14 (AC 447) address the accounting treatment for prepayments made when there is a minimum funding requirement.

The amendment is effective for annual periods beginning on or after 1 January 2011.

The amendments will be adopted by the municipality for the first time for its financial reporting period ending 30 June 2012.

21.1.10 **IAS 39: Financial Instruments: Recognition and Measurement - Amendment - Treating loan prepayment facilities as closely related embedded derivatives**

The amendments provide additional guidance on determining whether loan prepayment penalties result in an embedded derivative that needs to be separated. If an exercise price of an embedded prepayment option reimburses the lender for an amount not exceeding the approximate present value of the lost interest for the remaining term of the host contract, then the economic characteristics and risks of the prepayment option embedded in a host debt or host insurance contract are closely related to the host contract and the embedded derivative is not separated from the host contract.

The amendments are to be applied prospectively to all unexpired contracts for annual periods beginning on or after 1 January 2010.

The amendments will be adopted by the municipality for the first time for its financial reporting period ending 30 June 2011.

21.1.11 IFRS 7: Financial Instruments: Disclosures - Amendments to disclosures

IFRS 7 is amended to add an explicit statement that the qualitative disclosure should be made in the context of the quantitative disclosures to better enable users to evaluate an entity's exposure to risks arising from financial instruments.

The existing disclosure requirements of IFRS 7 are amended as follows:

IFRS 7 is amended to state that clarification that disclosure of the amount that best represents an entity's maximum exposure to credit risk is required only if the carrying amount of a financial asset does not reflect such exposure already.

Additional requirement to disclose the financial effect of collateral held as security and other credit enhancements in respect of a financial instrument. An example of such disclosure is quantification of the extent to which credit risk is mitigated by the collateral and other credit enhancements obtained. This disclosure is in addition to the existing requirement to describe the existence and nature of such collateral.

IFRS 7 is amended to state that clarification that disclosure in respect of collateral taken possession of by the entity is required only in respect of such collateral held at the end of the reporting period.

The following requirements have been removed from IFRS 7:

Disclosure of the carrying amount of financial assets that would have been past due or impaired if their terms had not been renegotiated.

Disclosure of a description and fair value of collateral held as security and other credit enhancements in respect of financial assets that are past due but not impaired and in respect of financial assets that are individually determined to be impaired.

Additionally, the clause stating that quantitative disclosures are not required when a risk is not material has been removed from IFRS 7. The general materiality considerations continue to apply to all disclosures required by IFRS 7 in the same way as they apply to other IFRSs.

The amendment is effective for annual periods beginning on or after 1 January 2011.

The amendments will be adopted by the municipality for the first time for its financial reporting period ending 30 June 2012.

Anticipated impact on annual financial statements

The amendments will mainly impact the municipality's qualitative disclosures with regards to financial instruments. There will be no impact of the figures reported by the municipality.

WEST COAST DISTRICT MUNICIPALITY

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2010

	2010	2009

WEST COAST DISTRICT MUNICIPALITY

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2010
25.2 CHANGE IN ACCOUNTING ESTIMATE

Property, Plant and Equipment
Cost

The following change in estimate amounting to R 320 228 (2009: R 0) was made to cost reported in the financial statements of the Municipality and is applied prospectively.
The change in accounting estimate is due to the efforts of the Municipality to comply with GRAP 17 (Property, plant and equipment) within the transitional provisions provided by the Accounting Standards Board. Previously these assets had a cost of zero. These assets have now had their useful lives re-evaluated and been revalued based on the condition of the asset and the depreciable replacement cost.

The municipality entered into an operating lease for the rental of two offices. The lease is between Frank Family Trust and the Municipality. The contract is for a 1 year period. The property involved is Voodtreider Road 47 Maimeesbury.

The municipality entered into an operating lease for the rental of offices. The lease is between Zandou Constructions and the Municipality. The contract is for a 1 year period. The property involved is erf 859 Riebaek-West.

The municipality entered into an operating lease for the rental of offices. The lease is between Jan & Marcelle Ellis and the Municipality. The contract is for a 3 year period. The property involved is "Soetysse Centre 28 Pletberg".

The municipality entered into an operating lease for the rental of offices. The lease is between Carl Estate and the Municipality. The contract is for a 3 year period. The property involved is erf 6429 Vredenburg.

The municipality entered into an operating lease for the rental of offices. The lease is between J. F. J. Swart and the Municipality. The contract is for a 3 year period. The property involved is erf 1472 Clanwilliam.

The municipality entered into an operating lease for the rental of offices. The lease is between Carl Estate and the Municipality. The contract is for a 1 year period. The property involved is erf 6429 Vredenburg.

The municipality entered into an operating lease for the rental of offices. The lease is between Pelican Harbour and the Municipality. The contract is for a 2 year period. The property involved is site number 4.

The municipality entered into an operating lease for the rental of offices. The lease is between Pelican Harbour and the Municipality. The contract is for a 3 year period. The property involved is site West Coast Farmatall corner of R27 and R315, Yzerfontein.

The municipality entered into two operating leases agreements with Telkom SA which will take effect as soon as the services are delivered. The contract is for a 5 year period with no escalation clause.

WEST COAST DISTRICT MUNICIPALITY

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2010

36 FINANCIAL RISK MANAGEMENT

36.1) Overview

The Municipality has exposure to the following risks from its use of financial instruments:

Credit risk
Liquidity risk
Market risk

The council has overall responsibility for the establishment and monitoring of the Municipality's risk management policies and procedures which have been established to identify and analyse the risks faced by the municipality to set appropriate risk limits and controls and to monitor risks and adherence to the limits. Risk management policies and procedures are reviewed regularly to reflect changes in market conditions and the municipality's activities.

36.2) Credit risk

Credit risk is the risk of financial loss to the Municipality if a consumer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Municipality's receivables from consumers.

The municipality's exposure to credit risk is influenced mainly by the individual characteristics of consumer. There is no significant concentration of unsecured credit risk.

An allowance for bad debt is established based on management's estimate of identified incurred losses in respect of specific trade and other receivables. Bad debts identified are written off on a yearly basis.

Reputable financial institutions are used for investing and cash handling purposes.

36.3) Liquidity risk

Liquidity risk is the risk that the Municipality will not be able to meet its financial obligations as they fall due. The Municipality's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The Municipality monitors cash flow requirements and has arranged credit facilities with its suppliers.

36.4) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rate will affect the Municipality's income. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising the return.

36.4.1) Interest rate risk

The Municipality finances its operations through a combination of credit from suppliers, and retained reserves and generally adopts a policy of ensuring that its exposure to changes in interest rates is on a fixed rate basis. The Municipality does not utilise derivative financial instruments to hedge its interest rate risk exposure.

36.5) Capital management

The policy of the Council is to maintain a strong capital base so as to maintain market confidence and to sustain future development of the business. There were no changes in the Municipality's approach to capital management during the year.

37 FINANCIAL INSTRUMENTS

37.1) Credit risk

2010 2009

R R

The carrying amount of receivables and loans represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

Trade and other receivables

4,144,318 6,304,505
4,144,318 6,304,505

The ageing of trade and other receivables at the reporting date was:

Current

4,001,530 6,052,088

30 Days

165,110 152,861

60 Days

116,428 156,824

90 Days

51,796 48,213

120 Days plus

230,498 171,038

Provision for bad debt

4,565,390 6,561,024
(421,053) (276,519)

4,144,318 6,304,505

The movement in the allowance for bad debt in respect of trade receivables over the year was:

Balance at the beginning of the year

276,519 1,900,950

Contributions to provision

278,607 254,741

Interest on investment

30,867 66,861

Expenditure incurred

(162,060) (2,034,093)

Balance at the end of the year

421,053 276,519

The allowance for bad debts in respect of trade receivables is used to record impairment losses until the Municipality is satisfied that no recovery of the amount owing is possible. At that point the amount is considered irrecoverable and written off directly against the financial assets.

37.2) Liquidity risk

The following are contractual maturities of financial liabilities, including interest payments and excludes the impact of netting agreements:

Non-derivative financial assets

37.3) Interest rate risk

The Municipality's exposure to interest rate risk and the effective interest rates on financial instruments at balance sheet date are as follows:

<u>Assets</u>		Interest rate	Year 1	2 - 5 years	More than 5 Years
30 June 2010		%	R	R	R
Trade and other receivables		11.5	4 144 316	-	-
Cash and cash equivalents - Short term investments		8.43% Fixed rate	136 364 402	-	-
Cash and cash equivalents - Cash book balances		5 % Floating rate	19 180 407	-	-
			<u>159 689 215</u>	<u>-</u>	<u>-</u>
<u>Liabilities</u>					
Trade and other payables		Interest free	22 432 795	-	-
Deferred Grants		Interest free	8 913 387	-	-
Long term liabilities		15.56 & 12.54 & 11.73	5 563 586	31 952 950	31 212 506
			<u>36 929 748</u>	<u>31 952 950</u>	<u>31 212 506</u>
<u>Assets</u>		Interest rate	Year 1	2 - 5 years	
30 June 2009		%	R	R	
Trade and other receivables		12.5	6 304 505	-	-
Cash and cash equivalents - Short term investments		8 % Fixed rate	136 060 908	-	-
Cash and cash equivalents - Cash book balances		4.5 % Floating rate	9 900 053	-	-
Current portion of long term receivables		Interest free	263 448	-	-
			<u>154 528 914</u>	<u>-</u>	<u>-</u>
<u>Liabilities</u>					
Trade and other payables		Interest free	12 061 827	-	-
Deferred Grants		Interest free	24 954 938	249 014	-
Long term liabilities		15.56 & 12.54	2 898 582	11 462 097	16 796 906
			<u>39 915 327</u>	<u>11 711 111</u>	<u>16 796 906</u>

Sensitivity analysis

An increase of 1% in interest rates at 30 June would have increased/(decreased) financial assets and profit or loss by the amounts shown below. A decrease of 1% in interest rates at 30 June would have had the equal but opposite effect on the above financial instruments, on the basis that all other variables remain

	Statement of Financial Position	Profit or loss
30 June 2010		
Trade and other receivables	4 185 750	41 443
Cash and cash equivalents - Short term investments	137 728 137	1 363 645
Cash and cash equivalents - Cash book balances	19 382 311	191 804
	<u>161 296 207</u>	<u>1 596 892</u>
30 June 2009		
Trade and other receivables	6 833 833	65 690
Cash and cash equivalents - Short term investments	136 471 817	1 380 906
Cash and cash equivalents - Cash book balances	9 999 054	99 001
	<u>156 104 693</u>	<u>1 545 698</u>

37.4) Fair values

Due to their short maturities the fair values of all financial instruments are substantially identical to the values reflected in the balance sheet

38 ACCOUNTING POLICY DEVELOPMENTS

The Minister of Finance has, in terms of Section 91 of the Public Finance Management Act 1999 (Act number 1 of 1999) prescribed the following Standards set by the Accounting Standards Board in terms of Section 90:

At the date of authorization of these financial statements, the following Standards were in issue but not yet effective:

- GRAP 18 - Segment Reporting
- GRAP 21 - Impairment of non-cash-generating assets
- GRAP 23 - Revenue from non-exchange transactions (taxes and transfers)
- GRAP 24 - Presentation of budget information in financial statements
- GRAP 26 - Impairment of cash-generating assets
- GRAP 103 - Heritage assets
- GRAP 104 - Financial Instruments

The effective date of these Standards are for periods beginning on or after a date to be determined by the Minister of Finance in a regulation to be published in accordance with section 91 (1)(a) of the Public Finance Management Act, Act No. 1 of 1999 as amended if applicable.

Management began with a programme to establish the fair value of assets initially recognised at a nominal value during first time adoption of Generally Recognised Accounting Practice. This programme has been in progress for two years and management should ensure that this is completed by 30 June 2011.

Management has evaluated all of these Standards and the impact on future financial statements and has come to the conclusion that the impact of implementation of the above Standards are not significant.

WEST COAST DISTRICT MUNICIPALITY

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2010

39 CONTINGENT LIABILITY

The municipality is being sued by Blisauw for injuries sustained in an accident in 2004. Council is contesting the claim based on legal advice. This is a High Court matter. The legal experts believe that the trial will be in 2009/2010 and that the Municipality has a reasonable chance of success. The case number is 385/07. The amount includes estimated legal fees and possible losses.

725,000 725,000

The Municipality is being sued by Boydale (Pty) Ltd for breach of contract. Council is contesting the claim based on legal advice. The legal experts believe the Municipality has a reasonable chance of success. The case number is 642/08. The amount includes estimated legal fees and possible losses.

400,000 400,000

The municipality is being sued by Jicams 17 (Pty) Ltd for the loss of income from collecting Regional Services Council Levies. Council is contesting the claim based on legal advice. This is a High Court matter. The case number is 5464/08. The amount includes estimated legal fees and possible losses.

2,772,537 2,772,537

The municipality is being sued by Tredoux, wife and on behalf of her minor (child) for injuries sustained in an accident within the boundaries of the WCDM. Council is contesting the claim based on legal advice. The legal experts believe that the municipality has a reasonable chance of success. The case number is 9693/08. This is a High Court matter. The amount includes estimated legal fees and possible losses.

1,283,161 1,283,161

The municipality is being sued by Mr J A Kock an ex-worker for injuries sustained while in the service of the municipality. Council is contesting the claim based on legal advice. The legal experts believe the municipality has a strong chance of success. The amount includes estimated legal fees and possible losses.

850,000 850,000

The municipality is being sued for services rendered. Council is contesting the claim based on legal advice. The legal experts believe the outcome is undeterminable, as documentation is still outstanding in order to conclude on the outcome of the case. The amount includes estimated legal fees and possible losses.

- 58,000

40 ADDITIONAL DISCLOSURES IN TERMS OF SUPPLY CHAIN MANAGEMENT REGULATION

2010 2009

40.2 In terms of the Supply Chain Regulations No. 27836 - 30 May 2005 section 45 a municipality is allowed to make awards to close family members of persons in the service of the state, or who have been in the service of the state in the previous twelve months. As per the reporting period the municipality made the following awards:

Company Name	Related Party	Municipal Capacity	Company Capacity	State Department	2010	2009
Go Reach	O J Duiker	Employee	Director	West Coast District &	-	36 000
West Coast People's Village	R A Kotze	Employee	Director	WCD Transport & Put	-	20 000
West Coast People's Village	L Januette	Employee	Director	WCD Social Services	-	-
West Coast Business Development Centre	M Boone	Employee	Director	West Coast District &	28 250	-
Fairfields	N Fanie	Employee	Director	NC Department of E	58 000	-
Total					<u>86 250</u>	<u>56 000</u>

The transactions were concluded in full compliance with the municipality's Supply Chain Management

41 RETICULATION LOSSES

41.1 Water

Kilolitres purchased - after purification

22 804 583 23 063 499

Kilolitres sold

(21 037 444) (21 790 185)

Reticulation loss

1 767 139 1 293 314

Percentage

7.75% 5.60%

The norm for water losses is 10%. The losses occurred due to burst pipes and leaks from the reservoirs to consumers

41.2 Electricity

No reticulation losses were incurred

The services provided by the municipality relating to electricity are limited to the installation of electricity points in the area

WEST COAST DISTRICT MUNICIPALITY

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2010

42 Reconciliation of budget surplus/deficit with the surplus/deficit in the statement of financial performance

	2010
	R
Net surplus/deficit per the statement of financial performance	18 060 003
Adjusted for:	
Property rates	31 308
Services charges	3 721 502
Investment revenue	4 114 100
Transfers recognised - operational	16 919 714
Other own revenue	3 608 136
Employee cost	7 117 380
Remuneration of councillors	2 281 587
Debt impairment	-
Depreciation & asset impairment	-7 121 173
Finance charges	2 848 260
Materials and bulk purchases	1 522 475
Transfers and grants	
Other expenditure	
	<u>19,136,020</u>
Net surplus per approved budget

APPENDIX E(1)

WEST COAST DISTRICT MUNICIPALITY: ACTUAL VERSUS BUDGET (REVENUE AND EXPENDITURE) FOR THE YEAR ENDED 30 JUNE 2010

REVENUE	2010 Actual (R)	2010 Budget (R)	2010 Variance (R)	2010 Variance (%)	Explanation of Significant Variances greater than 10% versus Budget
Property rates	801,368	770,000	31,368	4.07%	
Property rates - penalties imposed and collection charges	-	-	-	0.00%	
Service charges	64,414,888	68,136,390	(3,721,502)	-5.46%	
Regional Services Levies - remuneration	-	-	-	0.00%	
Regional Services Levies - turnover	-	-	-	0.00%	
Rental of facilities and equipment	-	-	-	0.00%	
Interest earned - external investments	11,172,451	15,286,620	(4,114,169)	-26.91%	Due to lower interest rate
Interest earned - outstanding debtors	-	-	-	0.00%	
Dividends received	-	-	-	0.00%	
Fines	-	-	-	0.00%	
Licences and permits	-	-	-	0.00%	
Income for agency commission	4,847,824	4,555,100	291,724	6.40%	
Infrastructure grants	34,450,856	45,561,000	(11,110,142)	-24.39%	Savings to be implemented by PAWK
Government grants and subsidies	95,808,790	97,282,770	(1,473,980)	-1.52%	
Other income	4,405,280	17,257,750	(12,852,470)	-74.47%	Lower income than expected
Public contributions, donated/contributed PPE	-	-	-	0.00%	
Gains on disposal of property, plant and equipment	-	-	-	0.00%	
Total Revenue	215,901,459	248,850,630	(32,949,171)	-13.24%	
EXPENDITURE					
Employee related costs	55,812,142	62,419,990	(6,607,848)	-10.59%	Only critical posts were filled
Remuneration of Councillors	4,550,083	6,811,870	(2,261,567)	-33.20%	Lower expenditure than expected
Bad debts	-	-	-	0.00%	
Collection costs	-	-	-	0.00%	
Depreciation	14,832,810	22,133,070	(7,300,260)	-32.98%	Due to implementation of GRAP 17
Amortisation	179,087	64,240	114,847	178.78%	Due to implementation of GRAP 102
Repairs and maintenance	57,271,879	55,437,000	1,834,879	3.31%	
Interest paid	4,013,131	6,658,400	(2,645,269)	-39.73%	Due to implementation of GRAP 5
Bulk purchases	5,627,525	7,150,000	(1,522,475)	-21.29%	Lower expenditure than expected
Contracted services	-	-	-	0.00%	
Grants and subsidies paid	-	-	-	0.00%	
General expenses - other	54,744,048	88,176,260	(33,432,212)	-37.92%	Lower expenditure than expected
Loss on disposal of property, plant and equipment	180,751	-	180,751	0.00%	
Total Expenditure	197,271,456	248,850,630	(51,579,174)	-20.75%	
NET SURPLUS/(DEFICIT) FOR THE YEAR	18,690,003	-	18,690,003	0.00%	

APPENDIX E(1)

WEST COAST DISTRICT MUNICIPALITY: ACTUAL VERSUS BUDGET (REVENUE AND EXPENDITURE) FOR THE YEAR ENDED 30 JUNE 2009

REVENUE	2009 Actual (R)	2009 Budget (R)	2009 Variance (R)	2009 Variance (%)	Explanation of Significant Variances greater than 10% versus Budget
Property rates	766,723	737,850	28,873	3.91%	
Property rates - penalties imposed and collection charges	-	-	-	0.00%

REPORT OF THE AUDITOR-GENERAL

AUDITOR'S REPORT OF THE AUDITOR-GENERAL TO THE WESTERN CAPE PROVINCIAL LEGISLATURE AND THE COUNCIL ON WEST COAST DISTRICT MUNICIPALITY

REPORT ON THE FINANCIAL STATEMENTS

Introduction

1. I have audited the accompanying financial statements of the West Coast District Municipality, which comprise the statement of financial position as at 30 June 2010, the statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended, a summary of significant accounting policies and other explanatory information, as set out on pages 124 to 161.

Accounting officer's responsibility for the financial statements

2. The accounting officer is responsible for the preparation and fair presentation of these financial statements in accordance with South African Standards of Generally Recognised Accounting Practice (SA Standards of GRAP) and in the manner required by the Local Government: Municipal Finance Management Act of South Africa, 2003 (Act no.56 of 2003) (MFMA) and the Division of Revenue Act of South Africa, 2009 (Act 12 of 2009) (DoRA). This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor-General's responsibility

3. As required by section 188 of the Constitution of the Republic of South Africa, 1996 (Act No. 108 of 1996), section 4 of the Public Audit Act of South Africa, 2004 (Act No. 25 of 2004) (PAA), my responsibility is to express an opinion on these financial statements based on my audit.
4. I conducted my audit in accordance with International Standards on Auditing and *General Notice 1570 of 2009* issued in *Government Gazette 32758 of 27 November 2009*. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
5. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

6. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

7. In my opinion, the financial statements present fairly, in all material respects, the financial position of the West Coast District Municipality as at 30 June 2010 and its financial performance and its cash flows for the year then ended in accordance with SA Standards of GRAP and in the manner required by the MFMA and DoRA.

Emphasis of matters

8. I draw attention to the matters below. My opinion is not modified in respect of these matters:

Restatement of corresponding figures

9. As disclosed in note 25 to the financial statements, the corresponding figures for 30 June 2009 have been restated as a result of an error discovered during 2010 in the financial statements of the West Coast District Municipality at, and for the year ended, 30 June 2009.

Material under spending of the budget

10. As disclosed in Appendix E, the municipality had an expenditure budget of R237,02 million and incurred operating expenditure of R201,70 million. This resulted in the budget being under spent by R35,32 million (14.9%).

Additional matter

11. I draw attention to the matter below. My opinion is not modified in respect of this matter:

Unaudited supplementary schedules

12. The supplementary information set out on pages 162 to 172 do not form part of the financial statements and is presented as additional information. I have not audited these schedules and accordingly do not express an opinion thereon.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

13. As required by the PAA and in terms of *General Notice 1570 of 2009* issued in *Government Gazette 32758 of 27 November 2009*, I include below my findings on the report on predetermined objectives, compliance with the following key laws and regulations: MFMA; Municipal Regulations (Regulations - GNR/GN); DoRA; Municipal Systems Act of South Africa, 2000 (Act 32 of 2000); Municipal Structures Act of South Africa, 1998 (Act No. 117 of 1998) and financial management (internal control).

Predetermined objectives

14. Material findings on the report on predetermined objectives, as set out on pages 317 to 341, are reported below:

Non-compliance with regulatory and reporting requirements

Municipal Planning and Performance Management Regulations, 2001

Internal audit did not audit the results of performance measurements

15. Contrary to the requirements set out in Regulation 14(1)(c)(ii) internal audit did not prepare quarterly reports on their review of performance information for submission to the municipal manager and performance audit committee.

Usefulness of information

The following criteria were used to assess the usefulness of the planned and reported performance:

- **Consistency:** Has the municipality reported on its performance with regard to its objectives, indicators and targets in its approved integrated development plan, i.e. are the objectives, indicators and targets consistent between planning and reporting documents?
- **Relevance:** Is there a clear and logical link between the objectives, outcomes, outputs, indicators and performance targets?
- **Measurability:** Are objectives made measurable by means of indicators and targets? Are indicators well defined and verifiable, and are targets specific, measurable, and time bound?

The following audit findings relate to the above criteria:

Planned and reported performance targets not specific measurable and time bound

16. For the selected objectives:

- 52% of the planned and reported targets were not specific in clearly identifying the nature and the required level of performance.
- 4% of the planned and reported targets were not measurable in identifying the required performance.
- 14% were not time bound in specifying the time period or deadline for delivery.

17. For the selected objectives 52% of the planned and reported indicators and measures were identified which were not clear, with an unambiguous definition, to allow for data to be collected consistently.

Compliance with laws and regulations

Municipal Supply Chain Management Regulations, 2005

Expenditure was incurred in contravention of or not in accordance with applicable legislation resulting in irregular expenditure

18. Contrary to the requirements of regulation 13(c), conflict of interest declarations were only requested for transactions in excess of R30 000 even though there is no monetary threshold identified in the regulation.
19. Contrary to the requirements of regulation 16(d), transactions were identified where three quotations could not be obtained but reasons for these deviations were not recorded nor reported to the accounting officer.
20. Contrary to the requirements of regulation 36, the accounting officer does not formally authorise deviations from official procurement processes and instances were identified where regulation 36 reporting requirements to council were not met.

INTERNAL CONTROL

21. I considered internal control relevant to my audit of the financial statements and the report on predetermined objectives as well as compliance with the MFMA, DoRA and MSA but not for the purpose of expressing an opinion on the effectiveness of internal control.

22. The matters reported below are limited to the significant deficiencies regarding the findings on the report on predetermined objectives and the findings on compliance with laws and regulations.

Findings on predetermined objectives

Leadership

23. Quality was not understood by all to be a prerequisite which led to the performance targets not being useful in all instances.

Financial and performance management

24. Pertinent information was not identified and captured in a form and time frame to support financial reporting. This resulted in a number of indicators not being useful as required by the framework for managing performance information.

Governance

25. Actions were not taken to address risks relating to the achievement of complete and accurate reporting on predetermined objectives. This resulted in internal audit not reporting quarterly to the audit committee on the results of performance measurements, which could have prevented the audit findings on pre-determined objectives.

Findings on compliance with laws and regulations

Leadership

26. The management did not exercise oversight responsibility over compliance with the MFMA and the municipal supply chain management regulations to prevent irregular expenditure.

CHAPTER 5

FUNCTIONAL SERVICE DELIVERY

CHAPTER 5

FUNCTIONAL SERVICE DELIVERY

5.1 INTRODUCTION

This chapter deals with functional service delivery with inclusion of the Executive Authority and Council, Financial and Corporate Services, Infrastructure Development and Social and Local Economic Development.

The following table indicates the key performance areas as well as the actions that are planned to address deviations.

Table 5.1 West Coast District Municipality: Service Delivery Key Performance Areas 2009/10	
Integrated Development Plan (IDP) service delivery	The District Municipality has revised the IDP within the timeframe as indicated in the Process Plan.
Financial viability	The Council's budget was compiled in accordance with the IDP. The Council's credit rating was determined and the results were positive (see item 5.5.4). Short-term A1- Long-term A-
Community participation	Community Participation took place with the category B-municipalities as well as within the District Management Area. Community participation also took place by way of IDP forums.
Infrastructure development	During the 2009/2010 financial year, several infrastructure projects were planned and completed in order to improve service delivery. For these projects, see Chapter 2.

Die Weskus Distriksmunisipaliteit as kategorie C-munisipaliteit het nie wyke nie en gemeenskapsdeelname vind plaas deur middel van GOP-koördineringskomiteevergaderings.

5.2 FUNKSIE: UITVOERENDE GESAG EN RAAD

5.2.1 RAAD

Die Weskus Distriksmunisipaliteit bestaan uit 23 Raadslede waarvan 40% direk verkies is (proporsioneel), ingesluit 1 verteenwoordiger vanuit die Distriksbestuursgebied. 60% van die ander verteenwoordiging is lede verkies vanuit die Munisipaliteite binne die Distriksmunisipale jurisdiksiegebied.

Die 60% is verteenwoordigers vanuit die volgende munisipaliteite:

Swartland Munisipaliteit	3 verteenwoordigers
Cederberg Munisipaliteit	2 verteenwoordigers
Bergvrierv Munisipaliteit	2 verteenwoordigers
Saldanhabaai Munisipaliteit	3 verteenwoordigers
Matzikama Munisipaliteit	2 verteenwoordigers

Die Burgemeesterskomiteelede is die Voorsitters van die onderskeie Portefeuljekomitees, gestig ingevolge artikel 80 van die Wet op Plaaslike Regering: Munisipale Strukture Wet 117 van 1998.

Burgemeester	RdI HC Kitshoff
Onderburgemeester	RdI E Manuel
Speaker	RdI AP Mouton

Die Artikel 80 komitees adviseer en maak aanbevelings aan die Uitvoerende Burgemeesterskomitee en Raad.

Die volgende Artikel 80 komitees is ingestel en die Voorsitters van die komitees is as volg:

Portefeuljekomitee Korporatiewe Dienste	RdI JJ Josephus
Portefeuljekomitee Finansies	RdI EE Jordaan
Portefeuljekomitee Gemeenskapsdienste, Sosiale en Ekonomiese ontwikkeling	RdI EB Manuel
Portefeuljekomitee Tegniese Dienste	RdI WD Loff

Die Raad vergader een keer per kwartaal en die Raad het ook alle magte en funksies (behalwe die funksies wat ingevolge wetgewing nie gedelegeer mag word nie) aan die Uitvoerende Burgemeester gedelegeer en hierdeur word doeltreffende dienslewering bespoedig.

Die Sleutelgebiede wat vir die finansiële jaar hersien is, is as volg:

- (i) GOP-hersiening
- (ii) Voorkeurverkrygingsbeleid
- (iii) Dienslewering en Infrastruktuurontwikkeling

Die lede van die Raad is as volg:

VOLTYDSE RAADSLEDE				
Speaker	Rdl Moution	DA	1	Weskus Distriksmunisipaliteit
Uitvoerende Burgemeester	Rdl HC Kitshoff	DA	1	Weskus Distriksmunisipaliteit

Rdl BJ Stanley		DA	1	Swartland Munisipaliteit

Die aantal en tipe Raad- en Komiteevergaderings gehou gedurende die 2009/2010 finansiële jaar was soos volg:

Raadsvergaderings	
Gewoon	4
Spesiaal	4
Komiteevergaderings	
Uitvoerende Burgemeesterskomitee	12
Spesiale Uitvoerende Burgemeesterskomitee	1
Artikel 80 Komiteevergaderings	
Finansies	10
Korporatiewe Dienste	10
Tegniese Dienste	10
Gemeenskapsdienste, Sosiale & Ekonomiese Ontwikkeling	10

Die funksies van die Raad is as volg:

- Bouregulasies (Slegs DBG)
- Brandbestrydingsdienste
- Elektrisiteitsvoorsiening- en gasvoorsieningstelsels (DBG)
- Handelsregulasies
- Lugbesoedeling
- Munisipale beplanning
- Munisipale gesondheidsdienste
- Munisipale openbare vervoer
- Plaaslike toerisme
- Vloedwaterbestuurstelsels in beboude gebiede
- Water- en sanitasiedienste, beperk tot stelsels vir die voorsiening van drinkbare water en die wegdoen van huishoudelike afvalwater en rioolvuil
- Begraafplase
- Beheer oor openbare steurnisse
- Geraasbesoedeling
- Lisensiëring van en beheer oor ondernemings wat voedsel aan die publiek verkoop
- Munisipale paaie
- Munisipale parke en ontspanning
- Omheinings en heinings
- Openbare plekke
- Plaaslike geriewe
- Plaaslike sportgeriewe

- Reiniging
- Reklameborde en die vertoon van advertensies op openbare plekke
- Straatbeligting
- Straathandel
- Strande en vermaaklikheidsgeriewe
- Verkeer en parkering
- Vullisverwydering, vullishope en die wegdoen van vaste afvalstowwe

5.3. OFFICE OF THE MUNICIPAL MANAGER

5.3.1 INTERNAL AUDIT

Functions of the Internal Audit section are as follows:

- reviewing the systems established by management to ensure compliance with those policies, council resolution, procedures, legislation and regulations which could have a significant impact on operations, and determining whether the Directorate is in compliance.
- reviewing the means of safeguarding assets and, and verifying the existence of assets;
- reviewing operations or programmes to ascertain whether results are consistent with established objectives and goals and whether the operations or programmes are being carried out as planned.
- reviewing the reliability and integrity of financial and operating information and the means used to identify, measure, classify and report such information;

Ouditkomitee

Ingevolge Artikel 166 van die Wet op Plaaslike Regering: Munisipale Finansiële Bestuur Wet nr. 56 van 2003 moet elke munisipaliteit oor 'n Ouditkomitee beskik. Die hoofdoel van die Ouditkomitee is die verbetering van die gehalte van finansiële verslagdoening, asook die bevordering, die geloofwaardigheid en deursigtheid daarvan.

Die Ouditkomitee bestaan tans uit drie gekwalifiseerde persone.

The Audit Committee shall ensure that the Internal Audit Section performs their responsibility effectively and efficiently by reviewing the Internal Audit plan and ensure that high risk areas are addressed, and review the audit results and action plan of management.

The vacant Internal auditor position was filled on 01 October 2010. There unit currently employs 2 other persons other than the Internal auditor, there are now 2 interns employed in the unit. During the current financial year end the following functions were covered:

DEPARTMENT: INTERNAL AUDIT			
SERVICE DELIVERY PROJECT	PROJECTS	2009/2010 ANNUAL TARGET	2008/2009 ANNUAL PROGRESS REPORT
Annual Risk-Based Internal Audit Plan	External & Internal	Approved Annual Risk-Based Internal Audit Plan	The new plan (2011 to 2013) was developed by GRA services in conjunction with the Internal auditor and submitted to the audit committee for approval.
Execution of the Risk-Based Internal Plan	Internal	<ul style="list-style-type: none"> Perform audits in terms of the internal audit plan. Management Requests	Internal	During the financial year we received 2 management request	<p>Management request was to audit the following areas:</p> <ul style="list-style-type: none"> Inventory/stock Investigation in to possible fraudulent conduct at Ganzekraal
Audit Committee Meetings	Internal	At least 4 meetings to be held per annum	<p>5 Audit Committee meetings were held:</p> <ul style="list-style-type: none"> 27 August 2009 23 November 2009 16 March 2010 07 May 2010

				<ul style="list-style-type: none"> • 09 June 2010.
Risk Management	Internal		A risk management process must be in place	<ul style="list-style-type: none"> • A Risk committee was formed during the year • Risk Management policy adopted by the risk committee • Terms of reference for the risk committee was also adopted by the risk committee • Risk management implementation plan has been drafted • Each director has now taken responsibility for the risk management process and have assumed their roles as risk champions • Each directorate has elected risk coordinators for the risk management process. • Risk assessments will occur quarterly • The executive management performed their risk assessment process for the quarter ending 30 June 2010
Governance	Internal		Internal audit must review the organisations governance process	<ul style="list-style-type: none"> • Fraud declarations were done by the executive management and Internal audit on a quarterly basis. • During the year fraud declarations were performed for the quarters March 2010 & June 2010 • Municipality is in the process of establishing a formalised fraud & corruption reporting process via the National anti corruption hotline

INTEGRATED DEVELOPMENT PLANNING UNIT

INTRODUCTION

Objectives of Integrated Development Planning Unit

The main objective of the IDP Unit is to play a strategic role in the West Coast District Municipality and to ensure crucial building relations amongst the local municipalities in the West Coast Region and to adhere to the Constitution which is:

To provide democratic and accountable government for local communities;

To ensure the provision of services to communities in a sustainable manner;

To promote social and economic development;

To promote a safe and healthy environment; and

To encourage the involvement of communities and community organisations in the matters of local government.

The Constitution and relevant legislation applicable to municipalities are explicit in their guidance to municipalities in the meaningful engagement with communities.

In November 2008 the West Coast IDP Unit successfully held public participation process in the District Management Area which consist of eight settlements namely, Rietpoort, Molsvlei, Stofkraal, Kliprand, Bitterfontein, Nuwerus, Putsekloof and Algeria. In terms of the Municipal Systems Act and the Municipal Financial Management Act the annual review of the Integrated Development Plan is an integral part of capturing relevant and current socio-economic issues communities are experiencing. Active Public Participation according to Chapter 4 of the Municipal Systems Act enforces the West Coast District to meaningfully engage with communities in reviewing our annual budget and Integrated Development Plan.

The Municipal Systems Act Of 2000 chapter 4 in municipalities ensure rigorous information gathering which will impact on the development and formulation of the West Coast District IDP 2009/2010. Furthermore the West Coast District Municipality also engages with the B Municipalities according to Section 27-28 of the Municipal Systems Act of 2000 which guides the district municipality in our engagement with the local municipalities.

The Section 27-28 Framework compiled by the IDP Unit in conjunction with the B Municipalities discusses the framework for Integrated Development Planning for the West Coast Region and outlines how the local municipalities will align their strategic objectives with those of the West Coast District Municipality. The process of the Section 27-28 Framework captures further the process that the West Coast District and the B-Municipalities will collectively undertake to

successfully do Integrated Development Planning in the West Coast Region and the outcomes which we will aspire towards addressing communities' needs.

The outcomes of the DMA Roadshow and the IDP Representative Forum will be tabled where each department in the West Coast District will need to answer on some of the concerns that came out of the DMA Roadshow and will need to provide a detailed explanation on what has been completed and what still need to be completed AND most importantly, what are the linkages of the budget to the issues raised by the communities.

The West Coast District Council approved the West Coast five year draft Integrated Development Planning document in May 2009. Prior to the adoption of the West Coast Integrated Development Plan 2009/2013 in May 2009, was the draft West Coast District Municipality's Integrated Development Plan 2009/2013 approved by council and subsequently forwarded to the MEC for Local Government and Housing.

In 2009/2010 the IDP Unit held four Integrated Development Planning Representative Forum Meetings which consist of representatives chosen from the community in the District Management Area. The IDP Representative Forum Meetings are often successful where issues concerning the communities are raised and some of the challenges which the IDP Representative Forum in conjunction with the IDP Unit can address.

The challenges experienced by most of the IDP Representative Forum Members are extreme poverty but yet their loyalty in serving the community in the District Management Area is commendable. Some of the challenges are transport issues for the representatives and the fact that the allowance that we provide to the members for attending the meeting is not substantial in accommodating their needs.

The IDP Representative Meeting is one of the forums in the DMA that are geared to engage in strategic issues emanating from the District Management Area thus it is crucial to ensure that the needs of the representatives are met.

The challenge for the West Coast IDP is huge but with the support from our colleagues in the organisation and of course our colleagues from the local municipalities, will the task be more easier in doing the work and successfully implementing services in communities.

One of the most strategic forums which engages with sector departments in the Western Cape is the IDP Co-ordinating Committee chaired by the West Coast District Mayor, the Honourable Ms Rene Kitshoff. The IDP Co-ordinating Committee consists of the Sector departments, Community Based Organisations, Non-Governmental Organisations, Private Sector, the Mayors of the local

Municipalities, Municipal Managers as well as councillors representative of the local municipalities.

The essence of the IDP CC meeting is to strategically engage with sector departments regarding their strategic investments throughout the West Coast Region and understanding sector departments Annual Performance Plans and the impact on the livelihoods of communities in the West Coast. This forum allows the district municipality in partnership with the Local Municipalities to align their strategic objectives for the West Coast Region.

Outcomes of the West Coast District Municipality Integrated Development Plan 2009/2013

As part of the West Coast District Municipality's vision to "Ensure a Better Quality of Life for the residents of the residents of the West Coast Region, the district appointed a service provider in partnership with the health practitioners to conduct ward profiles through the rural areas of the West Coast Region. The emphasis for the latter was mainly to ensure that the district municipality is able to plan according as well as to align the needs identified through the ward profiles with the budget.

The outcomes of the 2009/2013 Integrated Development Plan is mainly to enhance the socio-economic development programs and projects that will fast-track the alleviation of poverty and enhance a better well-being of our communities. Great emphasis was also placed on enhancing human capital amongst communities which is in alignment with the National Spatial Development Framework, the Provincial Growth & Development Strategy and the West Coast Regional Economic Development Strategy. The latter economic development programs will be geared towards the development of the youth, disabled, adults and the elderly. The roll-out regarding Early Childhood Programs also became one of the biggest strategic priorities of the West Coast Region in alignment with the Millennium Development Goals.

The Integrated Development Plan 2009/2013 furthermore highlighted the district's awareness in relation to our challenges in combating development issues such as poverty, illiteracy, increase in food prices, unemployment, backlogs in services and increasing number of HIV/AIDS experienced throughout the region. The district municipality will aspire to address these issues through the reviewed Integrated Development Plan and Budget.

Vision/Mission IDP 2009/2013

The vision as highlighted in the IDP 2009/2013 is to be developmentally oriented, which is to aspire, encourage and ensure a safe, healthy, educational, economically viable and friendly environment that will enhance and harness a culture of self-reliance amongst the citizens of the West Coast Region.

The Mission is to provide a "Better Quality of Life for All" that will encourage communities to partake in decision-making that will in effect better their well-being and livelihoods.

The Vision and Mission of the West Coast District emanates from four strategic goals:

- ✦ Social Well-being
- ✦ Environmental Integrity
- ✦ Economic Efficiency
- ✦ Institutional Preparedness

The Integrated Development Plan 2009/2013 is aspiring towards achieving the Millennium Development Goals which is to:

- 👤 Eradicate extreme poverty and hunger;
- 👤 Achieve universal primary education;
- 👤 Promote gender equality and empower women;
- 👤 Reduce Child mortality;
- 👤 Improve material health;
- 👤 Combat HIV/AIDS, Malaria and other diseases;
- 👤 Ensure Environmental sustainability; and
- 👤 Develop Global Partnership

Integrated Development Plan Municipal Context: 2009/2013

IDP Process 2009/2010

Three processes can be identified in Integrated Development Planning:

- The development of the Integrated Development Plan as a **long-term strategic plan** for the West Coast District Municipality in terms of the Municipal Systems Act (Act 32 of 2000);
- The **annual review** of the **Integrated Development Plan** in terms of the **strategic reasoning** undertaken by the West Coast District and the B-Municipalities and, importantly, **consultation** with the communities to determine whether other needs that can impact on their daily lives can be adjusted and linked to the annual review of the IDP & budget in terms of **Section 34** of the Local Government: Municipal Systems Act (Act 32 of 2000); and
- The **annual assessment** of the **Performance Management Indicators** derived from the strategic objectives and development priorities of the West Coast District which need to address the developmental challenges that impact the development of communities in the region in terms of Section 41 of the Local Government: Municipal Systems Act (Act 32 of 2000).

IDP and Sectoral Plans

The sectoral plans are derived from the **analysis phase** of the Integrated Development Planning process and are compiled in consultation with communities, national and provincial departments, B-Municipalities, the private sector and other non-governmental organisations in the West Coast Region. The formulation of the sectoral plans provides clear guidelines to various stakeholders regarding the active role that needs to be fulfilled in the realisation and implementation of programmes and projects emanating from these plans. The West Coast District Municipality has a

need for enhanced strategic engagement with national and provincial departments and requests that their planning be aligned with the strategic plans of the West Coast District Municipality and the B-Municipalities in the region.

IDP and Regional Economic Development Strategy

In 2007 the West Coast District, in conjunction with the B-Municipalities, successfully hosted Growth and Development Summits in the region that culminated in the West Coast Regional Economic Development Strategy, which was approved by council. The following sector interventions to address economic development in the region have been derived from this strategy:

- Fishing and Aquaculture
- Women in Construction
- Tourism
- Oil and Gas
- Agriculture

It is the intention of the West Coast Regional Economic Development Strategy to have a meaningful impact on economic growth and job creation as well as to reduce and alleviate poverty in the region. In order to enhance economic growth in the region, the West Coast Regional Economic Development Strategy (WCREDS) identified four main objectives:

- Get the basics right and retain jobs
- Grow competitiveness amongst businesses
- Attract new investments and funding
- Share the benefits of growth in the West Coast Region

IDP and Poverty Alleviation Strategy

The West Coast Poverty Alleviation Strategy, which was approved in 2006 by council, has been derived from the region's Integrated Development Plan. This strategy's main objective is to address the daunting challenge of comprehensively addressing poverty as a multi-dimensional threat to sustain prosperity and social wellbeing in the West Coast Region.

The strategy is aimed at the development and identification of opportunities, programmes and projects that will:

- Effectively utilise and apply the local resource base for the benefit of local communities in the various local municipalities in the region;
- Increase the living standards of communities living in poverty through job creation, SMME development and encouraging investors to invest in the region;
- Enable the municipalities in the region to provide quality services and facilities for communities;
- Develop the human resource potential and opportunities for development; and
- Develop linkages between developed and underdeveloped areas.

IDP and Community Participation

Both the Municipal Structures Act (Act 117 of 1998) and the Municipal Systems Act (Act 32 of 2000) provide a statutory framework that broadly outlines a system of participatory democracy. The IDP and community participation cannot be separated; thus by the same token one can say that the establishment and formulation of the West Coast Integrated Development Plan stems

directly from the active participation of communities, the private sector, non-governmental organisations, and local authorities, national and provincial departments in the Integrated Development Planning process within the region. The West Coast District Municipality has compiled a Communication and Participation Strategy Framework which aims to facilitate proactive participation of all developmental role players.

Community Participation Structures

The respective B-Municipalities have established a total of 42 ward committees within the region which operate effectively following the election of members and subsequent training. No ward committee exists for the District Management Area but an IDP Representative Forum has been established.

Socio-Economic Background: West Coast Region:

There are six main areas in the West Coast District, namely Saldanha Bay, St Helena Bay, Cederberg, Olifants River Valley, Swartland and Sandveld.

The West Coast District Municipality stretches over 400 km of coastline alongside the west-coast Atlantic Ocean of the Western Cape Province. The West Coast borders the Northern Cape in the north and the Cape Metro and Cape Winelands of the Western Cape in the south and south-east.

According to the StatsSA Community Survey 2007 and Quantec 2008 the population of the West Coast Region is estimated to be 286 751. The Saldanha Bay Municipality is projected to have the largest population (78 982) and Swartland Municipality the second largest population with a projected figure of 77 524.

The main economic sectors contributing to the economy of the West Coast District are:

- ✦ Manufacturing (20.8%);
- ✦ Agriculture (20,1%);
- ✦ Wholesale and retail trade, catering and accommodation (15.3%); and
- ✦ Finance and the business service sector (13,4%).

One other unique feature of the West Coast District is the naval base and the commercial and fishing port in Saldanha Bay, which is at the heart of the South African fishing industry and a major portal for the export of commodities.

The West Coast road links Cape Town to coastal towns such as Saldanha Bay and Paternoster. The national road (N7) stretches through the West Coast District and links Cape Town to towns such as Malmesbury, Moorreesburg, Piketberg, Clanwilliam, Vanrhynsdorp and Bitterfontein.

A railway line furthermore links Cape Town and the Saldanha Bay municipality and also runs between Saldanha Bay and Sishen in the Northern Cape. The railway line is mainly utilised for the transport of goods and commodities.

Demographic Trends

The current socio-economic analysis and the demographic patterns of the West Coast District Municipality have been compiled by the Western Cape Provincial Treasury and Stats SA. Most of the current information contained in the socio-economic analysis of the West Coast District emanates from the different Integrated Development Plans of municipalities in the West Coast Region, national and provincial departments, Census 2001 statistics and other relevant research conducted in the West Coast Region by various research organisations.

This socio-economic analysis of the West Coast Region must assist and guide national and provincial departments, private investors, businesses, non-governmental organisations and community-based organisations in their respective planning regarding the West Coast Region and must specifically guide these institutions in where to invest geographically.

Population

The West Coast Region's population, according to the Quantec 2008 and StatsSA Community Survey 2007 is estimated to be 286 751.

This graph reflects a community that represents a population pyramid that can be considered as normal in general terms with the only outstanding characteristic regarding the increase in the number of people in the age cohort between 30 and 40 years compared to the age cohort of 20 to 30 years. This can be ascribed to the constant home-coming of work seekers from areas other than the West Coast Region.

The research conducted in the West Coast District by the Actuarial Society of South Africa estimates that children aged 0-14 years account for 28.5% of the West Coast District Municipality's total population.

The youth accounts for 33.5% of the total population in the region. There is however a decrease in the youth aged 25-29 years. There is also an increase in the age group 30-34 years, which could be attributed to in-migration.

The elderly is estimated to be 5.2% of the total population of the region, and it is projected that they will make up 6.0% of the total population by 2015.

The West Coast District's estimated population growth rate for 2001-2007 was projected to be 2, 3%. The statistics project that there will be a decline in the district's population growth rate (1, 7%) by 2007-2015. This decline could possibly be attributed to the out-migration of the youth, who is in search of better economic opportunities.

	2005	2010	2015	2020
Bergervier	4.57%	3.53%	2.48%	2.48%
Cederberg	4.4%	3.36%	2.32%	2.32%
Matzikama	4.75%	3.7%	2.65%	2.65%
Saldanha Bay	4.53%	3.48%	2.44%	2.44%
Swartland	2.10%	1.08%	.06%	.06%
DMA	-1.82%	-1.82%	-1.82%	-1.82%
Total	3.08	2.22	1.35	1.35
SOURCE	Infrastructure Strategy, 2003			

The West Coast District's population composition is estimated to be as follows:

- Coloured households = 60% (47 245)
- White households = 20% (17 712)
- Black African households = 10% (8 327)

West Coast District's Response to Education

- West Coast District Municipality, in conjunction with the Department of Education, established the ABET programme in the District Management Area.
- There are various Abet Satellite Programmes in the different settlements in the District Management Area.
- The WCDM successfully facilitated the re-opening of the primary school in the Algeria community in the District Management Area.
- The WCDM successfully conducted capacity-building interventions with various NGOs and CBOs in the region, including:
 - Project Management Programmes
 - Proposal Writing
 - Financial Management

Health Status Quo: West Coast Region

The most important health issues affecting the West Coast Region, according to the Health Department, are the increase in infectious diseases such as HIV/Aids and TB as well as childhood infections. There is also an increase in teenage pregnancy in the region. Due to the high unemployment rate in the region it is expected that most households have a low income, thus increasing the chances that most households will not have an adequate income to feed their families which in most instances results in poor childcare. Violence and substance abuse are also constantly prevalent in lower-income households thus impacting on the health situation in the region.

According to the health report, the specific challenges for Health in the West Coast Region are:

- TB and HIV;
- Chronic lifestyle diseases;
- Trauma/violence;
- Childhood infections; and
- Mental health, including drug-induced psychosis.

Some of the major challenges encountered by the Health Department in the West Coast Region are the poor/insufficient physical infrastructure and overcrowded primary healthcare facilities. There are also insufficient numbers of skilled health workers in the region, according to the health report.

The West Coast District, in conjunction with the Health Department responded by establishing six MSATS in the region. This led to the active involvement of the local municipalities and other

provincial departments in improving the status quo of healthcare in the region. To actively engage in matters relating to health in the West Coast Region, a West Coast MSAT Conference was held in 2006 to evaluate the programme in the West Coast District. The West Coast District Municipality played a key role in ensuring that some organisations received the global funding in which they utilised to implement various programmes such as food security, community-based care, job creation and life skills development and programmes for the youth to create awareness of HIV/Aids in the region.

Economy

Employment

The West Coast Region's unemployment rate is estimated to be 15,7%. The same estimate shows that people who are not economically active total 36% of the population with a further 56.4% being economically active. Despite an increase in population, it is estimated that from 1994-2004, formal employment declined by about 5000 jobs with a resultant marked increase in unemployment.

The community, social and personal services sector contributed 17, 9% of the job opportunities while wholesale and trade accounted for 15, 8%. According to the StatsSA Community Survey 2007 the West Coast District Municipality has a high number of people earning little or no income. It is found that the population without income most of them resides in the Saldanha Bay and Swartland municipal areas. The latter municipalities are the biggest economic contributors to the West Coast Region.

Over the period 1996-2004, the employment performance of the District's economy has been generally poor with net losses being experienced in all sectors except manufacturing, transport, social services and government:

The current socio-economic analysis shows that the four main economic drivers in the region are:

- Agriculture;
- Hunting;
- Forestry; and
- Fishing.

Economic Sectors

Based on these past trends and current economic importance, the focus should be on ways to retain existing employment through restructuring the following key existing sectors/clusters:

- Agriculture
- Fishing and aquaculture

- Construction and mining (both are strongly linked and interdependent)
- Tourism
- Oil and gas (including steel beneficiation)

The above economic sectors are to spear-head economic growth for the West Coast Region and to fast-track the alleviation of poverty in our communities.

Local Government Medium Term Expenditure Framework: (LGMTEC3)

The IDP Unit was also responsible in successfully compiling the Local Government Medium Term Expenditure Report (LGMTEC3) amongst the various directorates in the district. The purpose of the LGMTEC, which is led by the Provincial Treasury and other sector departments in the Western Cape, is to ensure the following:

- The Responsiveness of the West Coast District Budget to the needs of communities;
- The Credibility of the district's budget and;
- The Sustainability of the budget

The LGMTEC3 process occurs annually and allows the district municipality to align our core strategic issues and the effectiveness of the municipality's budget in addressing the needs of communities.

West Coast Ward Summit 2009:

On 6 October 2009 the IDP Unit successfully held the West Coast Ward Summit which took place in Riebeeck West. The Ward Summit, which was funded by the Department of Local Government and Housing's, main emphasis was to engage with Ward Councillors and Ward Committee Members. The Speakers of the local municipalities and the district's speaker also played a pertinent role in ensuring the importance of the ward summit and highlighted the challenges experienced by ward councillors as well as the developmental issues experienced in the various wards across the ward committees.

The West Coast Ward Summit highlighted specific movement towards better planning in our ward committees and outline the Provincial and Local Government initiative towards Community Based Planning that will ensure that municipalities understand the under-pinning issues in different wards and our developmental response in addressing these issues.

Strategic Engagements

Strategic engagements with the various stakeholders were undertaken on various occasions to ensure that the strategic alignment regarding our planning for the West Coast Region is on par. These discussions are vital to ensure that our legislative mandate is being adhered to regarding community participation and, most importantly, to draw in the private sector and non-governmental organisations to participate actively in the West Coast District Municipality's planning in our aspiration to alleviate and reduce poverty through harnessing a stable economic development environment.

STRATEGIC SERVICES DIVISION

The Division: Strategic Services has amongst others the following scope of **functional responsibility**:

- Managing the Performance Management System
- Facilitating Inter-Governmental Relations processes
- Providing strategic management and planning support to the West Coast District Municipality and Local municipalities within the region
- Managing and implementing the Municipal Systems Improvement Grant administered by the West Coast District Municipality
- Providing Monitoring and Reporting services for the District Municipality

Objective of the West Coast Strategic Services Division

The main objective of Strategic Services Division is to play a strategy management and planning role in the West Coast District Municipality and supporting local municipalities similarly in the West Coast Region.

There were several result areas against which performance will be reported for the course of the reporting period. These will be described below.

Strategy management and planning

From Strategy to Action

A strategic planning process entitled ***“From Strategy to Action”*** was started with a planning session for the Extended management and Mayoral Committee in January 2010. This emanated in key objectives being set for the new financial year and the crafting of the Turn-around strategy for the District Municipality which formed part of the Integrated Development Plan. This was followed on by individual follow-up departmental Key Performance Indicator (KPI) work sessions during April 2010, which in turn informed the formulation of indicators and setting of targets for the new financial year. A new Top-Level Service Delivery Budget Implementation Plan (SDBIP) and departmental SDBIP emanated from this process and was approved by the prescribed timeframes by the Executive Mayor. Key in this round of strategic planning was the addition of outcome level indicators to illustrate and enrich the planning logic between objectives and activities.

Between municipalities there was also participation by the District Municipality in the Strategic Planning processes of the Bergrivier Municipality.

Inter-Governmental Relations, Regional Economic Development Strategy and other key focus areas

Over the reporting period the Division continued to support and facilitate Inter-Governmental Relations within the region and beyond within the Province through the following key engagements:

- The District Municipality supported the arrangement of the West Coast PCF during March 2010 and also hosted the gala dinner during the event.

- On-going policy and strategic management support to the District Co-ordinating Forum (DCF) and the DCF technical committee (DCFTECH)
- Performance Management support to 8 municipalities in the region
- The engagements through the IDP/ LED Managers forum
- Regular meetings and engagement of the DCFTECH committee was convened that could lead to many issues being addressed either within the forums or later in bi-laterals between the respective municipalities. These bi-laterals also served to identify and strengthen areas of shared support between the District Municipality and other municipalities.
- Within the IDP/ LED managers forum a process of operationalising the Regional Economic Development Strategy was continued and further refined. Work has continued on outlining the key growth sectors within their areas, looking at potentials and discussing and working towards a shared understanding and common approach to regional economic development for the region, given the socio-spatial contexts of their municipal areas. Individual support for Economic Development Facilitation was also co-ordinated and provided by the District Municipality.
- Through the policy support provided agenda setting and cascading of agenda items ensured that a number of issues on the regional agenda were elevated to the new Premiers Co-ordinating Forum (PCF) to be addressed as a matter of provincial importance.
- Drawing up a terms of reference to conduct a readiness audit for shared services in the region
- A select number of investment promotion and facilitation initiatives were driven including a key placement in the cross-sector Opportunity Magazine, the Mail and Guardian and the planned placement in the Top Performing Companies publication to showcase the achievements of the District Municipality.

Monitoring and Reporting

The division once again presented the sterling efforts of all the staff of the West Coast District Municipality in co-ordinating our entry into the SA Top Business Awards in the category for Best Municipality of the year where the District Municipality received a special mention award. The nomination was based on a set of criteria which included the District Municipality's being designated the Best District Municipality for Service Delivery by the Institute of Race Relations' Fast Facts survey.

The following reporting instruments' input was co-ordinated throughout the year:

- The annual performance report
- The mid-year performance assessment report
- Quarterly performance reports
- Section 47 municipal performance report

In an attempt to better streamline reporting templates and requests for reporting information by provincial government, the division will continue to call for a standardised set of indicators that can be incorporated into our own performance management system and which information can be maintained regularly and on a real-time basis. This would enable respondents to update information on a continuous basis and requests for reporting information could be collated from reports that will be readily available.

Performance Management and SDBIP (Service Delivery Budget Implementation Plan)

The District Municipality has over the reporting period made use of a fully electronic Performance Management System.

During the reporting period the process of cascading performance management was continued to include Managers reporting directly to Section 57 appointees and training session were conducted, performance agreements drafted and concluded for most of these managers.

They key planning instruments such as the SDBIP, Performance Contracts for Section 57 appointees and Mid-Year Performance Assessment report were all compiled and submitted on or before its submission deadline due to the submissions and input of the respective staff.

Performance Management System support was also provided to B-Municipalities in the West Coast region. Through the Municipal Infrastructure Improvement Grant (MSIG) funds received by the West Coast District Municipality an electronic SDBIP PMS system has been implemented within the district municipality and due to the success that has been achieved through reporting through the system, the results have been demonstrated to the B-municipalities. When the item was discussed at the DCFTECH, B-municipalities expressed an interest in the system and having a standardized system throughout the region but requested that the district municipality cover the costs of the conversion. The municipalities within the West Coast District are continuing in the process of implementing performance management and are at different phases of implementation. The District Municipality is also supporting the further implementation of Performance Management within the Saldanha Bay municipality.

An appointed service provider has been in the process of implementing complete performance management processes at West Coast District Municipality (WCDM), Cederberg, Matzikama, Bergriver and Saldanha Bay Municipalities. In this regard West Coast District Municipality appointed Ignite services within Saldanha Bay and West Coast District municipalities.

In the case of Swartland municipality, a service provider had already been appointed for this purpose and the municipality had already implemented an alternative system. This project was also submitted to the District Municipality and supported. The financial support provided by the District Municipality would be in addition to the support provided by the Provincial Government and would cover the shortfall(s).

African Access National Business Awards 2010 ceremony Saturday (27 May 2010) in Sandton
West Coast District Municipality : Recognition for Service Delivery

Premier's Co-Ordination Forum (Langebaan)
17 & 18 March 2010

TOURISM DIVISION

The Division: Tourism has the following scope of functional responsibility:
“Promotion of local tourism for the area of the district municipality” through:

- Sustainable Tourism Growth and Development
- Promotion of Regional Tourism on the West Coast in a Responsible and Sustainable way.
- Tourism Service Excellence
- Tourism Education, Awareness and Outreach to the Public and Communities
- Tourism Sector Transformation
- Tourism Sector Knowledge and Policy Leadership
- People Empowerment and Job Creation
- Integrated Tourism Governance

Objectives of the Tourism Division:

- To grow the levels of local, domestic and international tourism to and within the West Coast;
- To market the West Coast tourism products to identified target markets;
- To complement and co-operate with tourism marketing and development initiatives at national, provincial, and regional levels;
- To ensure the alignment and integration of tourism at all levels with the other planning, development, conservation, infrastructure and service departments and authorities;
- To create employment and facilitate human resource development;
- To integrate previously disadvantaged communities into the tourism industry;
- To facilitate the identification and development of tourism products which are in line with tourism demand;
- To stimulate and facilitate investment into the tourism industry;
- To maximise the economic impact of benefits flowing from tourism within the West Coast and minimise leakages; and
- To ensure the sustainability of all tourism resources.

Overview

The past year represented positive changes in that a tourism manager was appointed and the tourism strategy was reviewed to form part of the Regional Economic Development Plan of the West Coast District Municipality. Agreements were also prepared with the following important tourism role players to improve tourism services for the West Coast:

- CTRU (signed Feb. 2008)
- The West Coast RTO, (to be signed in August 2010)
- The West Coast Biosphere re the R27 InformationHUB (to be signed in Aug. 2010)
- West Coast Farm Stall re R 27 Information Hub (signed)
- Cape Town Tourism (to be signed)

Those not signed have been circulated to all the tourism role players for comments by 31st July 2010.

At National level, we participated in the development of the draft National Tourism Sector Strategy (launched in May 2010) and will engage further to make its implementation a success.

Dynamic promotion of the West Coast region was done in collaboration with the other local municipalities as well as the local tourism organisations. West Coast Tourism once again won a Gold Award at the Namibia Expo in the category for Embassies, Tourism Bodies and Municipalities.

Although the West Coast did not receive many 2010 Soccer tourists, we are positive that we will benefit by the legacy it has left behind.

1. DEVELOPMENT

1.1 Assisting SMME's and communities to grow tourism		
Goedverwacht	With the financial aid from DEDAT, a coffee shop was build end equipped.	September 2009
Wupperthal	The Lekkerbekkie Restaurant's kitchen, cupboards and commercial washing up facilities were upgraded	September 2009
Algeria	A project was identified to upgrade the current Road stall and start a camping site. The project is still in its scoping phase. 3 Meetings were held with the community.	November 2009, Feb. & March 2010
SMME Training	As part of the DEDAT's tiered support system, 19 emerging tourism entrepreneurs were trained in Tourism Beginners(1 full day workshop) at Lambertsbay, Velddrif, Vredendal, Saldanha Bay and Malmesbury and another group in Tourism Intermediate (8 x 1 day workshops) at Piketberg. 3 SMMEs completed the Advanced course and 3 the mentorship course.	August 2009 – October 2009
Community Awareness	5 Tourism Outreach Workshops were held in Algeria (11) Piketberg (37), 2 x Vredenburg (35), and Malmesbury (40). 123 Members of the community attended.	July, October, December 2009 and February 2010
Schools - Awareness & Educationals	Assist DEDAT with high school tourism project Gr 7 School group sponsored to visit West Coast icons Riel dancers sponsored to visit West Coast icons	September 2009 September 2009 December 2009
1.2 Projects		
Road signage	A project was launched to provide signage for the three wine routes in the West Coast.	February 2010
Western Gateway	A Gateway was established in Vanrhynsdorp in collaboration with CTRU and DEDAT.	February 2010
West Coast Decoded	This set of itineraries was updated (to give greater exposure to the northern regions) redesigned and printed for launch at the coming INDABA.	March 2009
Palaeontology Route	To establish a palaeontology route on the West Coast. The ground work is still being done between the consultants, the WCDM and the different nodes.	30/09/09, 19/01/10; 11/03/10, 13/04/10; 25/05/10
1.3 Tourism Training		
Tourist guides	A group of 12 tourist guides were trained, registered and badged.	July 2009 – September 2009
Training of 2010 Volunteers	Training for 2010 FIFA WC volunteers (36) and officials (4) for Fan Park on tourism on the West Coast.	May 2010
Road Signage	Tourism Officials were trained in the process to follow when applying individual and route signs – Langebaan and Vredendal in partnership with DEDAT.	March 2010
Creativity	CCDI presented 2 x Creativity workshops for arts and	

Workshops	crafters in Malmesbury (10) and Saldanha Bay (11) . Another workshop will be hosted in July 2010.	March 2010
Indaba Training	21 Delegates to the 2010 Indaba underwent sales and exhibitions training prior to the show. This helps to maximise sales at the show and fosters team spirit.	April 2010

2. MARKETING

The following marketing tools were used to promote tourism on the West Coast

Expos attended:	Outdoor Expo Beeld Holiday Expo Tourism Indaba Namibia Expo	Franschoek Johannesburg Durban Windhoek	Cape Oct. 2009 Feb. 2010 May 2010 June 2010	<u>Visitor numbers</u> 17 500 SA 19 045 SA 12 177-109 Countries 18 798

CLOSURE

Tourism is one of the fastest growing sectors of South Africa's economy with its contribution to the country's gross domestic product (GDP) expected to reach 12% by the end of 2010. The tourism industry in the Western Cape contributes 14% to the total (GDP) of the province and makes a significant contribution to economic development and jobs, thus being the most important growth force in the province.

Although it is rather difficult to compile absolute correct statistics on visitor numbers and money spent, our numbers show that we have reached the target of an 2% increase towards the GDP of the WCDM.

Visitor Statistics for the year ; 1 July 2009 – 30 June 2010

- Assist in the formulation of by-laws, policies and procedures to ensure that the municipality complies with all relevant legislation.
- Reviewing and assisting in the drafting of by-laws to ensure compliance with constitutional and other legislative requirements
- Processing and preparation of by-laws for publication

Legislation regarding Local Government is updated on the intranet.

5.4.2 PUBLIC RELATIONS / OPENBARE SKAKELWESE

Verslag van die Openbare Skakelbeampte vir die tydperk Junie 2009 tot Julie 2010.

Die afgelope jaar het gemaak dat ons gesien het hoe baie dinge kom en gaan. So het die 2010 Wêreldbeker Sokkertoernooi gekom en gegaan. En was dit opwindend! Die media wêreld in ons bedieningsgebied (die Weskus), het ook sy kom-en-gaan-gebeure beleef en ervaar.

Twee van ons plaaslike koerante het in die loop van die jaar ook die resessie van die afgelope paar maande aan hulle bas gevoel en moes ongelukkig hulle deure sluit. Maar soos die spreekwoord lei, "die een se dood is die ander se brood", of soos Gramsci gesê het, "The old is dying, and the new cannot be born; in this interregnum there arises a great diversity..." het nuwes weer hulle opwagting gemaak. Die Swartlander (uit die Media 24 stal), het plek gemaak vir die Monitor. Ook die Herald (Tempo) het verdwyn en is deur Monitor opgeslurp. Tydens die oorskakeling van die oue na die nuwe, was daar ietwat van 'n leemte in die media veld. 'n Leemte wat ongeveer twee na drie weke toe geduur het, voordat die nuwe koerant se verskyning gemaak het.

Kort na die stilte het ons 'n geweldige ontploffing van streekskoerante in die Weskus en verder noordwaarts beleef. Saam met die Monitor het die Bulletin verskyn, asook die Olifantsrivier Gazette en in die omgewing van Bitterfontein en Garies het die Plattelander ook gekom. Voeg hier by ook die Eland wat hoofsaaklik uit die Kaap bedryf word, maar wat in ons bedieningsgebied versprei word. Nog 'n "knock and drop" die Courant het ook sy vlerke begin sprei en in die loop van die week (Julie 2010) het die Watchman ook sy verskyning gemaak.

Wat beteken dit vir WKDM? Meer publikasie geleenthede, meer spasie, meer huise en families wat bereik word en meer lesers onder wie se aandag ons gebring word. Dit gee op sy beurt weer aanleiding tot meer sigbaarheid in ons huise en op die manier word daar meer van die raad se funksies geweet.

Tweede uitvloeisel van die verskyning was dat hoofstroomkoerante weer by hulle kleiner sustertjies gaan kers opsteek het en op die manier kry ons talle vrae oor advertensie geleenthede. Indien u die geleentheid het, besoek graag Mail en Guardian se webtuiste en sien hoe pronk die Weskus se logo in al sy glorie daarop. Dit skep aan duisende besoekers, aan die webtuiste van oral oor die geleentheid om na die artikel oor die raad se doen en late die afgelope jaar te kyk.

M& G, een van die gesaghebbendste koerante in die land, en veral as dit kom by ondersoekende joernalistiek, was vinnig om ons op te tel na 'n besondere artikel in die Daily Sun oor die beste en die swakste munisipaliteite in die land. En as "beste" munisipaliteit het ons die botoon gevoer en kan ons tereg ons bors uitstoot en vir die land wys waartoe ons in staat is. Al het ons nie die toekenning tydens die African Access National Business Awards verower nie, kan ons trots wees op ons benoeming tot die gesogte prys.

Die artikel in die Daily Sun van 19 Maart 2010 deur Riaan Malan, "Tale of 2 towns", kon seker nie op 'n beter tydstip gekom het nie. Dit was 'n soort katalisator vir baie ander koerante om kennis te neem van die doen en late van die Weskus Distrikmunisipaliteit. Op 04:04: 2010 verskyn die Afrikaanse weergawe van dieselfde berig onder die opskrif "Wys my jou rioolplaas en ek wys jou myne", met die sub opskrif " "Daar is 'n groot les te leer uit die verskille tussen Suid-Afrika se beste en swakste munisipaliteit."

Uit hierdie beriggewing vloei die Mail en Guardian se aanbod om by hulle te adverteer en 'n kwart blad vir teks te verskaf.

Die vraag kan tereg gevra word, was daar groei binne die raad se media aansien vanaf verlede jaar tot nou? Waar ons verlede jaar hoofsaaklik die nuusblaaie gehaal het met brande en vloede wat tot groot skades aanleiding gegee het. Kan ons vanjaar met trots terug kyk en sê ons het van die land se hoofstroom koerante gehaal met positiewe beriggewing, uitstekende benoemings en ons kan met trots kyk na die jaar wat voorlê. Groei, inderdaad!

Op plaaslike vlak het ons ook nie te swak gevaar nie en tot hede het ons 31 berigte met foto's aan die verskillende plaaslike koerante verskaf. 17 foto's met slegs onderskrifte by in totaal 48 keer wat ons plaaslik verskyn het teenoor verlede jaar se 37 keer. (Slegs berigte oor raadsaangeleenthede).

Dan was daar die 2010 deelname en fanjol wat op Louwville in Vredenburg gehuisves was en wat dikwels die plaaslike media gehaal het. Ons rol en bydrae is dikwels belig in die artikels. Die Bitterfontein se Rieldansers, die Dramafees se ondersteuning asook die Goue Spele in ons gebiede is sake wat ruimtelik gedek en oor berig word in plaaslike sowel as nasionale koerante en wat nie by bogenoemde statistieke gereken is nie.

Saam met dit het ons 3 Nuusbriewe (Die Wessie) uitgegee. Dit word versprei in die hele Weskus en alhoewel afstand hier 'n groot rol speel probeer ons hard om aan almal se behoeftes te voorsien. Ons word dikwels oorval deur buite kantore om ook publikasie geleenthede te kry. Dit is nie altyd moontlik nie, weens logistieke probleme, maar ons probeer ons beste om almal gelukkig te hou.

Ons webtuiste het so bietjie agterweë geraak met die vertrek van die ondersteuningspersoneel, maar om die probleem die hoof te bied het ons nou ander administrateurs opgelei om na dit om te sien en sal dit in die toekoms weer op al sy silinders hardloop. Dit bly 'n kardinale beeld van ons Raad en een van die eerste gesigte van die WKDM, waarna besoekers kyk.

Soos reeds gemeld 2010 het gekom en gegaan. So ook die Fanjols en die Vuvuzela. En soos 'n wafferse vuvuzela het die Weskus Distriksmunisipaliteit ook sy stem hoorbaar gemaak oor die blaaie van die land se belangrikste nuusblaaie.

Can we improve?

"Yes, we can "(does this sound familiar. Barack Obama, American President during his inauguration in 2009).

How? By communicating with each other; by taking hands and working closer with each other; by keeping the PRO informed, beforehand of what is happening within your department (good planning). "What you see as not important can be of utmost importance to someone else." This is how we can strengthen our ties and work as a unit to project a more positive image of this municipality. Not just to the local community, but to the people in our district, to other municipalities, provincial as well as national. Let WCDM set the tone or raise the bar for the future.

*

Antonio Gramsci (1891 - 1937) was an Italian intellectual

5.5 FINANSIES

Die Finansies funksie is verantwoordelik vir die bestuur van die korporatiewe finansiële sake van die Distriksmunisipaliteit ten einde maksimum benutting van die beskikbare finansiële hulpbronne te verseker.

Die funksie verskaf strategiese finansiële bestuur. Dit stel ook die jaarlikse munisipale begroting en finansiële state op en implementeer en hou 'n beheerstelsel in stand om te verseker dat akkurate inligting rakende die Distriksmunisipaliteit se finansiële posisie vir interne en eksterne rolspelers beskikbaar is sodat hulle ingeligte besluite kan neem.

Die volgende is 'n gedetailleerde beskrywing van die hoofaktiwiteite:

- Tesouriebestuur – versekering en risikobestuur, lenings en beleggings, betaalstaat en batebestuur.
- Rekeningkundige Dienste – kontantvloeibestuur, kosteberekening en finansiële rekordhouding.
- Inkomstebestuur – kredietbeheer, skuldinvordering, diverse debiteure en invordering van SDR-debiteure.
- Finansiële Bestuur – begrotingopstelling, begrotingsbeheer en verslagdoening, opstelling van finansiële state.

5.5.1 'n Ontleding van Debiteure word soos volg uiteengesit:

Debiteure-ontleding soos op 30 Junie 2010

5.5.5 Vertraagde en Wanbetalings

Die distrik het sy skuldverpligtinge nagekom soos en wanneer dit betaalbaar was en het daarom geen vertraagde of wanbetalings nie.

5.5. Verrigting van hierdie funksie word soos volg opgesom:

Sleutelprestasiereëa	Werklike Verrigtinge
1. Begroting 2009/2012	'n Driejaar-begroting is binne die tydsraamwerk van Nasionale Tesourie opgestel.
2. Finansiële State: GRAP	Die boekjaarstate is binne die vasgestelde tydperk in Seksie 126 (1) (a) van die MFMA opgestel.
3. Standaardbegroting- en beheermaatreël en verslagdoening-meganisme	Dit is die tweede jaar waarvolgens die finansiële state opgestel word in die GRAP formaat soos vereis deur Artikel 126 (1) deur die Wet op Plaaslike Regering: Munisipale Finansiële Bestuur, 2003 (Wet no. 56 van 2003)
4. Skuldbestuur	Raad het 'n gesonde kontantvloei gehandhaaf en lenings terugbetaal soos en wanneer hulle betaalbaar was.

5.5.7 Plaaslike Regering: Finansiële Bestuurstoekenning

Die doel van hierdie toekenning is om verbeterings aan munisipale finansiële bestuur te bevorder en te ondersteun en om die Wet op Munisipale Finansiële Bestuur (Wet 56 van 2003) te implementeer.

'n Bedrag van R 750 000.00 is vir 2009/2010 ontvang.

5.5.8 Verkrygingsbeleid

Die Raad het die Voorsieningskanaalbestuursbeleid aanvaar by die Raadsbesluit, 14 Desember 2005 en voorsieningskanaalstelsels is geïmplementeer vanaf 1 Januarie 2006 ingevolge die Wet op Munisipale Finansiële Bestuur, Wet no. 56 van 2006.

5.5.10 Aanstelling van Interns

Nasionale Tesourie, deur die Finansiële Bestuurstoekenning, het munisipaliteite versoek om by 'n internskapprogram op plaaslike vlak betrokke te raak. 'n Driejaar-internskapprogram is geïnisieer en het ten doel om munisipaliteite se kapasiteit te bou, nuwe toetreders tot finansiële bestuur op munisipale vlak te lok, die verbeterings te implementeer en om die volhoubaarheid van hierdie verbeterings te verseker.

Vir hierdie doel het die Distriksmunisipaliteit Twee Interns vanaf 2008 en drie Interns vanaf 2009 aangestel.

Daar is op 'n omvattende ontwikkelingsprogram ooreengekom wat alle aspekte van munisipale finansiële bestuur dek.

Prioriteitsterreine vir opleiding sluit in:

- Strategiese leierskap en bestuur
- Strategiese en operasionele finansiële bestuur
- Finansiële en prestasieverslagdoening
- Staatsbestuur, professionele etiek en waardes
- Ouditering en aanspreeklikheid
- Verhoudings met vennote en belanghebbendes
- Verandering-, risiko- en projekbestuur
- Aanbodketting- en kontrakbestuur.

Die Bestuurder: Finansiële Beheer en Kontrole is as mentor aangestel. Die verantwoordelikheid van die mentor is om as raadgewer, tutor en afrigter op te tree.

5.5.11 Rekenaarstelsels

Die Munisipaliteit maak gebruik van NDS Hoofraamrekenaardienste. Hierdie programme word deur Nasionale Datastelsels op datum gehou. Die stelsel word wyd deur munisipaliteite oral in Suidelike Afrika gebruik. Dit is 'n baie luukse stelsel en rolspelers vergader op 'n kwartaallikse basis om verskeie finansiële rekenaaraangeleenthede op te los.

MONTHLY REPORTING OF SUPPLY CHAIN MANAGEMENT (SCM) INFORMATION ON CONTRACTS AWARDED FOR THE PERIOD 1 JULY 2009 TO 30 JUNE 2010

1. The National Treasury is required to among others, report to the Minister of Finance and Cabinet on measured procurement policy outcomes.
2. The information reflected in the table below has been extracted from the database established to capture information on contracts above the value of R100 000 awarded by your municipality for the period 1 July 2009 to 30 June 2010.

Financial year	2009/2010
Total value of contracts	R 170.0 million (52 contracts)
Value of contracts awarded to black enterprises with more than 50.1% black ownership (including black women)	R 63.2 million (1 8 contracts) = 34.62%
Value of contracts awarded to black women-owned enterprises with more than 50.1% ownership	R 835 445 (2 contracts)=3.85%
Value of contracts awarded to white women-owned enterprises with more than 50.1% ownership	0
Value of premium paid to apply preferences	R 1.8 million

3. Attached for your ease of reference is the list of contracts reported on as well as a summary on the performance of your municipality in respect of achieving various policy objectives.
4. It would be appreciated if you could confirm in writing by 30 September 2010 whether the statistics reflected in paragraph 2 and the attached report are a true reflection of your municipality's contract awards and performance.

5. If there are any contract awards that were not reported on for the period under review, kindly update the database as soon as possible and inform the National Treasury, accordingly.
6. Enquiries in this regard can be directed to Mr G. Jacobson or Mr J. Maluleke at telephone numbers (012) 315 5233 or (012) 395 6537 respectively.
7. Your co-operation is appreciated.

5.6.1 COMMUNITY SERVICES, SOCIAL AND ECONOMIC DEVELOPMENT

1. Introduction

South Africa is currently known and well acknowledged for its young and still growing democracy. Since the collapse of both the colonial – and apartheid regimes the new young South – African democracy has been maturing and it is now growing increasingly past its teenage years. This growing process put a lot of pressure on all levels of government to steer this country into a well balanced and a glowing adulthood.

Unfortunately this young and prosperous growing democracy is enormously hampered by poverty and other major related development challenges as it negatively impact effective service delivery. In both their state of the nation- and provincial address, The President, Mr. Jacob Zuma (2009) and the Premier of the Western Cape, Mrs. Hellen Zille (2009) identified the fight against poverty as one of the cornerstones of our government's focus that needs to be addressed. They both make an urgent call on all spheres of government to join hands in this struggle against poverty. Mrs. Hellen Zille further assures to make the Western Cape government accountable as a means to improve effective service delivery. All major related decisions that link to addressing poverty and increasing effective service delivery therefore should be clearly analyzed in terms of its impact.

As an essential part of government and a combating warrior in the fight against poverty the West Coast District Municipality (WCDM) had an absolute significant role to fulfil. The call of our leaders to fight poverty and to improve effective service delivery is in line with the vision of the West Coast District Municipality: **A better quality of life for all the people of the West Coast.**

2. Objectives

The Division Development consists of the Sections Social Development, - Hardeveld Tourism Centre, - Global Funding and - Local Economic Development. In this report a short overview will be given of the programs and projects that were implemented by these sections during the 2009/2010 financial year.

In the following paragraph the projects and programs of the Section Social Development will be discussed.

3. Programs and projects: Social Development

3.1 Golden Games

The Golden Games programme was initiated to assist the aged to participate in their development. It creates the opportunity for them to be relieved from their sometimes difficult living conditions and to interact with those of the same age. The program was further initiated to bring back the dignity of the elderly people and to secure that they enjoy the most of their golden years.

West Coast District Municipality fully support this initiative during the financial year 2009/2010 by assist the team of the west coast to attend the provincial games that was held on the 25th September 2009 in Paarl. They were assisted in the organizing of the local games

that took place in the different municipal areas. In order to further secure the sustainability of the program the West Coast District Municipality bought some of their training clothes and -equipment that can be used during their local- and provincial events. The program will continue during the coming financial year with a stronger focus on the family as a whole and how it will contribute to the development of the aged.

Participants at the Matzikama local games

The Director, Community Services, Mr M Boois hand over a certificate to one of the winners at the 2010 West Coast Sport Awards evening in Piketberg

3.2 Sport Development

During the financial year 2009/2010 the following sport events were initiated and supported:

3.2.1 Annual West Coast Sport Awards

The annual west coast sport awards evening took place on the 12th February 2010 in Piketberg. It was organized in collaboration with the provincial Department of Sport and Culture as well as the West Coast Sport Forum. The main objective of this event was to honour all sportswomen and -men in the West Coast district for outstanding contributions that they have made to the development of sport. This is an annual event and form part of the provincial- and national sport development strategy.

3.2.2 Training: DMA Sport Forum

The training of the DMA sport forum took place over the weekend of 10 – 11 April 2010 in Rietpoort. The main focus of this training was to improve the first aid skills of all sport clubs in the DMA. This initiative will further enhance the overall first aid skills of the representatives from the different towns and it can be very useful in times of emergencies. St. Johns Ambulance Services was responsible for the facilitation of the training and seventeen representatives from the different sport clubs in the DMA attend the training.

Right:

The facilitator demonstrate to the participants how to assist a patient with a head- and neck injury

3.2.3 DMA Soccer Tournament

The Section Social Development assists the 2010 Co-ordinator, Mr. H. Robinson in organizing the DMA soccer tournament that took place on 1 May 2010 in Stofkraal. The aim of this event was to further enhance soccer development in reliance with the 2010 Soccer World Cup in the DMA. Twelve different soccer clubs participated in this tournament and it was won by the Nuwerus High School. This tournament was the first of such a nature organized in this area.

Right:

The local teams of Stofkraal, Peace Makers and New Age playing Against each other at the DMA soccer tournament

3.2.4 2010 School sport adventure project

The West Coast District Municipality support the 2010 school adventure program which was organized by the Department of Sport- and Cultural Affairs. The objective of this program was to identify and further develop the sporting skills of primary school learners. West Coast District Municipality attend their provincial training programme in George and support the implementation event that was held in Lutzville on 22 May 2010. The programme in Lutzville was a pilot project that will be further rolled out in the Western Cape during 2010/2011.

3.3 Cultural Development

The West Coast District Municipality fulfil an important role in contributing to the personal development of the people of the west coast. The support that was given to the different cultural initiatives is as follows:

3.3.1 Training of the West Coast Youth Writers Forum

The training of the west coast youth writers took place over the weekend of 13-14 November 2009 in Vredenburg. The objective of this training was to further develop the writing skills of the participants. This event was organized in partnership with the Department of Sport- and Cultural Affairs and includes thirty five representatives from all over the west coast.

Right:

Mr. E. Lesch during the west coast youth writers training in Vredenburg

3.3.2 West Coast Drama Training

The West Coast drama training took place on 13-14 February 2010 in Darling. This program was organized in partnership with the Department of Sport- en Cultural Affairs and the ATKV. Special attention was given to acting skills and the use of sound during plays. About seventy five representatives from fifteen different organizations attended the training. The winners in the different categories will have the privilege to participate in the West Coast Cultural Festival that will take place later this year.

Right:

Dr. Peet van Rensburg (UNW) during one of the Facilitation sessions at the drama training workshop in Darling

3.3.3 DMA Cultural Forum Training and support

The training of the DMA cultural forum took place on 28 November 2009 in Rietpoort. The objective of this training was to improve the management skills of the different cultural groups in the DMA. The workshop was attended by twenty eight participants from the DMA and was organized in partnership with the Department of Cultural affairs. The contribution of West Coast District Municipality further develops the sustainability of the forum.

3.4 Early Childhood Development (ECD)

The following ECD initiatives were implemented during the financial year 2009/2010:

3.4.1 Training in Project Proposal writing for ECD centres

Financial support was identified as one of the major needs of the early childhood development centres. In order to address this need in the DMA a funding proposal work session was held on 27 March 2010 in Bitterfontein. Representatives from twelve different organizations attend the workshop. The participants were trained to write their proposals

for funding applications at the Department of Social Development. Only two of the organizations successfully complete their applications for funding.

3.4.2 Implementation of the National Parenting programme in the West Coast

The implementation of the west coast national parenting program took place over the weekend of 14 – 16 May 2010 in Lambertsbay. The objective of this program was to improve the parenting skills of parents, ECD centre managers and community development workers. Some of the issues that were discussed include responsible parenting, the new child act, creative health- and nutritional care etc. The workshop was organized in partnership with the Department of Social Development.

Right:

Participants at the implementation of the west coast national parenting workshop in Lambertsbay

3.4.3 Launching: West Coast Parenting Programme

The launching of the west coast parenting programme took place on the 20th June 2010 at Piket – Bo – Berg. Approximately one hundred representatives from the Bergriver Municipal area attend the occasion. The facilitators were Me. C. Rhodes from the Department of Social Development and Mrs. Rose Adams, a professional health care educator. The facilitators focus on positive family values, child protection and how parents should motivate each other to be responsible in their task as parents.

3.4.4 Kliprand: Parenting workshop

A positive parenting workshop was held from 15-16 June 2010 in Kliprand. The objective of this workshop was to improve positive parenting skills among parents in Kliprand. The facilitator, Mrs. J. Tise focuses on their special calling as parents and how it should be used to support their families. At the end of the workshop the thirty representatives were treated with special gifts from WCDM.

Above:

Participants at both the Kliprand (left) and Piket - Bo Berg (right) positive parenting workshops

3.5 No violence against woman and children

3.5.1 Workshops: no - violence against woman and children

Two one day information workshops were held in both Clanwilliam and Moorreesburg on 30 November 2009 and 15 April 2010. It was attended by NGO's and government departments who are directly involved in programs related to violence against woman and children. An information booklet – "No excuse for abuse" was distributed among the different role players. This booklet can be used as a guiding document for implementing a workshop in their areas. Both of these workshops were attended by one hundred and thirty five participants. The facilitators who attend the workshops were from the Departments of Health, Social Development, Justice and SAPS.

The panel at the workshop: (from left to right) Mr. N. Gurah(Dep. Justice), Mr.M.Boois (Dir. Comm.Services) and Mr. K. Marthinus (Dep. Soc.Dev.)

3.5.2 Door – to – door campaign

The information booklet: "No excuse for abuse"- was distributed in Kalbaskraal, Riverlands and Illingelethu. These towns were selected because of the high rate of violence against woman and children and it was identified as one of the poverty pocket areas in the west coast region. The objective of this campaign was to inform the communities on their rights and responsibilities. A total of four hundred and eighty booklets were distributed in mostly Afrikaans and Xhosa.

Residents of Chatsworth during a one day information session

3.5.3 One day information sessions

During May 2010 six different one day information sessions were held in the different municipal areas in the west coast region. The objective of these sessions was to inform the local communities on their rights and responsibilities in cases of violence against woman and children. This was also used as a basis to support NGO's to inform the communities in connection with this important aspect. A total of one hundred and forty five people attend these different information sessions.

3.6 Adult capacity building: Personal financial management training

Personal financial management training took place in Algeria over the weekend of 10-11 April 2010. The main focus of this training was to improve the personal financial management skills of people from the low income groups. Different topics were discussed such as personal budgeting, methods to save and how to control your debts. The workshop was attended by approximately twenty five participants and was presented by Mr. J. Philander from climbX.

Participants during the personal financial management training in Algeria. Mr. C Peters (far left) from the Department Social Development

3.7 Fetal Alcohol Syndrome

The West Coast District Municipality in partnership with the FASfacts is running a Fetal Alcohol Syndrome - awareness program the DMA as well Koringberg, Algeria and the farms surrounding Clanwilliam. The objectives of this program are to prevent alcohol abuse among pregnant woman and school children. Because of this program community members and all the grade 6-7 kids in the DMA were informed on possible prevention skills and the impact on the alcohol abuse on themselves and the community. This was a continuing program and is already running over the last two years.

Facilitators of FASfacts during one of Their awareness campaigns

3.8 Adult Education and Training (AET)

The adult education and training program is currently running in the DMA which includes Stofkraal, Molsvlei, Rietpoort, Algeria and Bitterfontein. There are fifty three learners who participate in the program and they are trained by eight facilitators. Twenty eight of these participants have written their grade twelve examination. The main objective of this program is to address illiteracy in the DMA and to improve the accessibility of the youth to possible job- and further study opportunities.

Right:

Residents of the DMA during one of the AET placements tests

3.9 Crime prevention

The west coast crime prevention forum was formally established on 20 April 2010 in Moorreesburg. The Director of the Department Community Development: West Coast District Municipality, Mr. M. Boois, acted as chairperson of the meeting. The objective of this forum is to assist in addressing crime in West Coast and to act as a contact between the provincial and national departments and the local crime prevention forums. This meeting took place in partnership with the Department Safety and Security. This program will be further rolled out during the 2010/2011 financial year.

3.10 Computer Training

The computer training took place from 21-25 July 2010 in Rietpoort. The objective of this training was to increase the computer literacy in the area and to improve the possibilities for job opportunities especially among the youth. This training also grants the participants the opportunity to further their studies and obtain a formal qualification in a computer related field. The training was attended by fifteen young people from Stofkraal, Molsvlei, Rietpoort and Putsekloof.

3.11 Youth Development

During the 2009/2010 financial year the West Coast District Municipality was involved in different youth development programs. These programs were as follows:

3.11.1 Algeria Youth support

West Coast District Municipality support the Algeria youth group by selecting a youth management committee that was representative from the local youth. Several meetings were held in order to establish the Youth Committee. A total number of twenty five members are involved in the youth group and it is supported by the Provincial CDW, Mrs. C. Rosario. Currently the youth group is not fully established but it will be further developed in the coming financial year.

3.11.2 Hardeveld Youth support

West Coast District Municipality support the Hardeveld youth group to attend the west coast youth summit in Lambertsbay. During the financial year the youth group was put under the supervision of the Department of Social Development. Any possible further support will be done in partnership with the relevant government department.

3.11.3 Goedgedacht Youth Leadership Development Program

The youth leadership development programme took place during the week of 28 June - 02 June 2010 at the Goedgedacht Rural Development Centre. The objective of this training was to train the youth in asset based community development principles. This means that the youth should use their own creativity, abilities and all available resources to their advantage and for those of the community. This training program was attended by eighty youngsters from rural farming areas in the west coast region. This program should further be implemented in the different towns in the coming financial year.

3.11.3 West Coast Youth Summit

The West Coast Youth Summit took place over the weekend of 13 – 15 November 2009 in Lambertsbay. The summit was organized by the Department of Social Development and the Section Social Development did a presentation on the challenges of youth development ON BEHAIF OD West Coast District Municipality. The summit was attended by two hundred and fifty youngsters from different youth organizations in the west coast. The objective of this summit was to identify the key focus areas for youth development in the west coast. Both the Algeria - and Hardeveld youth forums attend the summit.

3.12 2010 FIFA soccer world cup holiday program

The DMA school holiday program took place from 14 – 26 June 2010 in the DMA. The program includes seven hundred children from all the towns in the DMA. This program was organized in partnership with the Department of Social Development, Diaconal Services and SAPS. The objective of this program was to keep the children busy during the school holidays and therefore prevent them from getting involved in any form of misbehaviour. This program tried to create an awareness of the importance and impact the 2010 FIFA Soccer World Cup will have on our country and more especially on the rural areas.

West Coast District Municipality support the holiday program of Swartland Municipality in Moorreesburg and the Riebeek Valley (Goedgedacht).

Right:

3.13 Persons with disabilities

A workshop of persons with disabilities and their families took place on 8 June 2010 in Nuwerus. The objective of this workshop was to further develop the parenting skills of parents with disabled children. The participants were from different towns in the DMA and the event was organized in partnership with the Department of Social Development and the Olifantsriver Society for Disabled Persons.

Facilitator ms C Conradie during one of the Workshops

Some of the children with Disabilities attending the demonstrations at the Workshop

3.13 Drug abuse

3.13.1 KEMOJA Training

The KEMOJA training took place on 20 – 21 May 2010 in Porterville. The objective of this training was to get the participative youth involved in drug prevention programs in their local communities. Twenty eight representatives from the Swartland-, Bergriver- and Saldanha Municipal areas attend the training. This program will be further rolled out during the coming financial year.

Right:

Participants during the KEMOJA Training in Parterville

3.13.2 Local Drug Action Committees (LDAC) Training

LDAC training took place on the 27th May 2010 in Vredenburg. The objective of this training was to discuss how the organizations will be involved in drug prevention programmes during the 2010 Soccer World Cup. The forum also discussed how they will engage with the local municipality to address the issue of drug abuse. The Saldanha LDAC is currently the only existing and active LDAC in the West Coast District. The training was attended by twenty different organizations from the West Coast and it was organized in partnership with the Department of Social Development.

3.14 Community support programs

3.14.1 Campaign: Identity documents and registration of birth

The identity document- and registration of birth campaign was implemented during May 2010. The campaign was implemented in partnership with the Department Home Affairs and includes towns in the Saldanha-, Swartland- and Bergriver Municipal areas. The role of West Coast District Municipality was to create an awareness of the importance of birth registration and identity documents. The campaign leads to a 40% increase in identity documents and birth registration applicants.

3.15 Conclusion

The above mentioned gives the reader an overview of the programs and projects that was implemented by the Section Social Development during the financial year 2009/2010. These programs are in line with the key strategic areas of the West Coast District Municipality that needs to be addressed.

In the following paragraph the programs and projects of the Hardeveld Tourism Centre will be shortly discussed.

4. Hardeveld Tourism Centre

4.1. Introduction

The Hardeveld Tourism Centre was established as a destination for tourists and local talented people, for information regarding tourism in the District Management Area. It further creates opportunities for local artists to be developed and to improve tourism traffic by means of the continuous marketing of the area. The centre continuously develops support mechanisms and creates an enabling environment to promote growth in the tourism sector.

This main objective of this tourism initiative is to capacitate and develop the people of the District Management Area. This will contribute in addressing poverty and creating sustainable livelihoods.

During the financial year 2009/2010 the following projects were implemented by the by the Hardeveld Tourism Centre:

4.2. Tourism development training

A tourism development training was held on 25 May 2010 in Van Rhynsdorp. The objective of this training was to explore the Matzikama area and experience what can be offered when tourists visit the area. Tourism officials can use this information for marketing purposes and therefore to further develop the tourism sector in the West Coast region. The training was attended by twenty tourism officials from all municipal areas in the west coast region. It form part of the West Coast annual training program whereby the different municipal areas are explored for further tourism development in the West Coast.

Right:

Mr. G Abrahams (front left) of the Hardeveld Tourism Centre and the representatives from the different municipal areas who attend the training

4.3. Traditional music training workshop

A traditional music training workshop was held on the 25th April 2010 in all the different towns in the DMA. This initiative was organized by the Hardeveld Tourism Centre. The purpose of the workshop was to explore the new and upcoming generation to the importance- and role of traditional instruments to their own development. Local and experienced musicians were used to act as facilitators. The youth was train how to use traditional guitars, whistles and violins.

Right:

Participants from Kliprand during a guitar training session. The facilitators are standing at the back.

4.4 Windhoek/Namibia Tourism Expo

Representatives from West Coast District Municipality attend the annual Windhoek/Namibia tourism expo was held during the week of 2-5 May 2010 in Namibia. Mr. G. Abrahams from Department Community Services attend the expo and represented the Hardeveld Tourism Centre. The objective of the expo was to market the west coast region in Namibia. Marketing and information material was distributed to the Namibian citizens. The West Coast received a golden award for their contribution to the expo.

Left:

The team of the west coast who attend the Windhoek / Namibia expo.

4. workshop

The DMA annual planning workshop took place on the 7th April 2010 in Bitterfontein. The workshop was attended by twenty representatives from the different towns and tourism organizations in the DMA. The objective of the workshop was to compile a tourism strategy for the Hardeveld tourism area. This document will be reviewed and completed for implementation during the financial year 2010/2011. The event was organized by the Hardeveld Tourism Centre and was facilitated by Mr. J. Philander from climbX.

Above:

The participants (left) and Mr. M. Boois (right), Director Community Services – WCDM who did the welcoming at the DMA annual tourism workshop in Bitterfontein

4.6 Marketing: Hardeveld Route

During this financial year a Hardeveld Tourism DVD was manufactured. This DVD will be used as a marketing tool at the centre and other tourist attractions and expeditions. The DVD includes accommodation facilities, cultural activities and the people of the Hardeveld themselves. The DVD was manufactured to promote the Hardeveld Tourism route and will be available at the tourism centre on a daily basis.

Above: Some of the pictures that were used in the Hardeveld Tourism Route DVD

4.7 Community Participation

The co-ordinator of the Hardeveld Tourism Centre attends different community meetings. The objective of these meetings was to identify the needs of the community and to address it more effectively. The role of the centre was to address possible cultural challenges and issues that relates to the tourism centre and the Hardeveld route. The co-ordinator attends sixteen of these meetings that was held in the different towns in the DMA and which was organized by the District Co-ordinator, Mr. J. Ovis.

Right:

*One of the community meetings that was held in
Kliprand. Mr. J Ovis, Mr. TB Nondala and
Mr. G. Abrahams (in front) attend the meeting
on behalf of WCDM*

4.8. Conclusion

The Hardeveld Tourism Centre has made their contribution in addressing poverty in the DMA. These projects will be further discussed and strengthened during the coming financial year.

5. Global Fund

5.1 Introduction

The West Coast Community Based Support Program which is funded by Global Fund awards funding to Non Profit organizations in the west coast. These organizations deliver services within the following areas:

- Promotion of food security
- Community based care for vulnerable children
- Emergency accommodation for the terminally ill and weakened
- Job creation and income generation
- Life skills development for the out of school youth

5.2 Objective of funding

The objective of the program is to award funding to organizations in the B- municipalities within the jurisdiction area off the West Coast District Municipality. The funding should therefore be used to further strengthen and expand the existing HIV/AIDS prevention and support programs in the region.

5.3 Funded organizations

The Executive Mayoral Committee recommended seven different organizations for funding at a meeting that was held on the 24 March 2010. These organizations are as follows:

Sub District	Organization	Focus area
Swartland	Goedgedacht Trust	Community based care for vulnerable children
	Huis van Heerde	Community based care for vulnerable children
	Ons Kan	Job creation and income generation
Saldanhabay	West Coast HIV/AIDS Initiative	Promotion of food security
	Call to Serve	Promotion of food security
	Siyabonga	Promotion of food security
Cederberg	Stop Crime Against Children	Life skills development for out of school youth
Bergriver	Aan Oewer	Promotion of food security

The final signing of the agreements by the Municipal Manager with the organizations is already finalized and the payments were made. These organizations will report on a monthly basis on their progress and a quarterly report to the District Municipality will be due for submission before or on the end of each quarter.

5.4 Monitoring and evaluation

Site visits to the different sub districts occurred during the year. It was been done in collaboration with NACOSSA. The objective of these site visits was threefold and as follows:

- To create a platform for the funded organizations to present their project progress to date;
- To discuss the way forward towards an integrated HIV/AIDS plan for the NGO sector in the west coast region; and
- To align the objectives of the organizations with the strategic focus areas of the NATIONAL STRATEGIC PLAN FOR HIV/AIDS – 2007/2011.

Monthly financial reconciliation reports were submitted to the West Coast Winelands regional offices of the Department of Health.

The monitoring and evaluation took place on a regular basis and will further ensure the sustainability of the projects in addressing HIV/AIDS.

5.5. Way forward

During the coming the financial year the above mentioned organizations will be monitored to see that the strategic objectives are met. Unfortunately the Global funding has come to an end. The West Coast District Municipality have to reorganize itself in terms of addressing HIV/AIDS in the west coast region.

In the following paragraph the projects and programs that support economic development in the regions will be discussed shortly.

6. Local Economic Development

6.1. Introduction

Different local economic development projects were implemented during the financial year 2009/2010. These projects are as follows:

6.2 DMA Small Business Development Training

A small business development training workshop was held on the 2 – 4 June 2010 in Bitterfontein. This training session was attended by thirty upcoming businesses and young entrepreneurs who want to further develop their business ideas. The objectives of this training session were to further develop the participants' business ideas and also to strengthen the current businesses in the area. The participants were therefore trained on how to manage and further develop their businesses. West Coast District Municipality will use this opportunity to link the businesses with further support from external organizations to support them in the further development of the businesses. This training was an excellent opportunity that was been used as a basis to address poverty and unemployment in the region.

Above:

Councillor E. Manuel (Right) did the opening at the DMA Small Business Development Training. The facilitator (left) gives same support to the young entrepreneurs who attend the training

6.3. Woman in construction

A woman in construction workshop took place from 9 – 11 June 2010 in Citrusdal. This workshop was attended by 15 young women who are involved in the field of construction. It was organized in partnership with the West Coast Business Development Centre. The objective of this training was to assist the participants in further development of their business skills. A full accredited training course was presented by the facilitator. This training forms a basis in addressing the needs among young woman and further develops their capacity to manage their own businesses. It will therefore contribute in addressing poverty and unemployment in the west coast.

7. Conclusion

The reality of many poor people in the West Coast is complex, diverse and often very unpredictable. The calling to address poverty and to develop their human capacity therefore becomes an enormous challenge. Sometimes it could be experienced as a never ending story.

The division development believes that through continuous participation, empowerment and mutual respect the poor will be enabled to become the architects of their own development. The programs of the division are structured in such a manner that it contributes in addressing the challenges that currently exist in the west coast region. These programs are also supported by different government departments and other role players. The fight against poverty is therefore not only the responsibility of West Coast District Municipality but the task of the people of the west coast themselves. This fight becomes a people's challenge – an inner calling that needs to be addressed.

The young South-African democracy will become an adult only if South - Africa know how to live with and - address poverty. The West Coast District Municipality adhere to this challenge.

5.6.2 MUNICIPAL HEALTH

“Aware of the constitutional right of every person to an environment that is not harmful to his or her health or well-being, and the principles that underlie the National Health Act, 2003 (Act 61 of 2003) as well as the National Environmental Management Act, 1998 (Act 107 of 1998), the Division Environmental Health want to protect and promote the health and well-being of all our residents in the West Coast District Municipality Region by providing, in conjunction with applicable laws, a sustainable, effective and responsible Environmental Health Service”

Inleiding / Introduction

Die indruk van mense se welstand word sterk beïnvloed deur die gehalte en toestand van hul omgewing en is die verhouding tussen die mens en sy omgewing daarom een van die belangrikste faktore in die bepaling van sy gesondheidstaat.

Dit is die primêre funksie van die Afdeling : Omgewingsgesondheid om die Omgewingsgesondheidsdiens wat deur die Raad daargestel is, in stand te hou en te bevorder en tref die Afdeling alle wettige, noodsaaklike en redelik uitvoerbare maatreëls om hiëraan uitvoering te gee.

Article 24 of the Constitution of South Africa, 1996 (Act 108 of 1996) states that every resident of our country have the right to an environment that is not harmful to his/her health and well being. All local authorities in the West Coast District Municipality Region still stand before the challenge to ensure such an environment to its residents.

Die Afdeling : Omgewingsgesondheid se visie vir die Streek is die daarstelling van 'n volhoubare, aanvaarbare, gesondheidsveilige en skoon omgewing waarbinne alle inwoners kan woon, speel en werk. Die Afdeling het gedurende die afgelope jaar, deur die verskaffing van die nodige leiding, ondersteuning, effektiewe dienslewering en deurlopende inter-aksie met ander rolspelers, daarop voortgebou om só 'n omgewing vir die Raad se inwoners te skep, in stand te hou en te bevorder.

Die dienslewering gebied van die Afdeling beslaan 'n oppervlakte van 30 099 vierkante kilometer, met 'n beraamde bevolkingsgetal van 299 119 inwoners .

Definisie en Funksies / Definition and Functions

“Environmental Health” means a condition of optimal wholesomeness of the environment in which man exists and interacts with through the lowest possible presence therein or total absence of any stimuli detrimental to human health.

The Division Environmental Health is therefor responsible for the identification, evaluation, control and prevention of those factors that can be detrimental to people health and well-being.

Die volgende word bepaal as handeling wat by die toepassing van relevante wetgewing by die beroep van Omgewingsgesondheidspraktisyns tuis behoort.

1. Die identifisering van alle onhygiëniese toestande en die evaluering van alle higiëne faktore rakende die wisselwerking tussen die mens en sy omgewing.

2. Die uitvoering van handelingte aanvullend tot statutêre pligte om –

- onhigiëniese toestande uit die weg te ruim;
- moniteringsaksies uit te voer ten einde handelingte in werking te stel ter beveiliging en handhawing van die gesondheid van ons inwoners;
- gesondheidsvoorligting te onderneem ten einde ons inwoners selfversorgend te maak ten opsigte van die daarstelling en handhawing van 'n gesondheidsveilige omgewing; saam te werk in 'n multi-dissiplinêre span volgens die beginsels van interafhanklikheid vir die daarstelling van 'n gesondheidsveilige omgewing.

Bo en behalwe 'n Omgewingsgesondheidsdiens, word die hiernagenoemde dienste ook deur die Afdeling gelewer, naamlik :

- Boubeheerinspeksies, in terme die Wet op Nasionale Bouregulasies en Boustandaarde, 1977 (Wet 103 van 1977) in die DMA gebiede.
- Lugkwaliteitbeheer, in terme die Wet op Lugkwaliteit, 2004 (Wet 39 van 2004)

The National Health Act, 2003 (Act 61 of 2003) defines Municipal Health Services as Environmental Health. In terms of the above mentioned Act the functions of the Division Environmental Health Services are as follows :

1. Water quality monitoring

- Monitor the safety and adequate supply of drinking water.
- Take steps to have any problems regarding water safety rectified.
- Monitor quality of water resources intended for other essential uses, e.g. recreational waters.

2. Waste management and monitoring

- Manage and monitor the safe collection, handling and disposal of solid and liquid waste.

3. Food control

- The implementation of all regulations regarding food safety. Monitor all food safety aspects, including hygiene conditions at food handling premises.
- Investigate food poisoning outbreaks.
- Health education regarding food safety.

4. Control of premises

- Render non-specialist environmental impact/risk/hazard assessments and occupational hygiene risk assessments.
- Render environmental health services in the formal and informal sector.
- Render environmental health services at care centres.
- Render services regarding the control of nuisances.
- Monitor environmental health aspects of accommodation and its immediate environment in particular the public health aspects of residential, public and institutional buildings.
- Monitor environmental health legislation enforcement.
- Render environmental health planning, zoning, license application services and,
- Scrutinize building plans from a health point of view.

Senior Environmental Health Practitioners also scrutinise building plans on a weekly basis and concentrate on issues relevant to Environmental Health.

A **total of 1077 building plans** have been referred to the Environmental Health office for comments.

A total of 5836 premises were visited, which include the following:

FARMS	FOOD SITES	NON FOOD SITES	DAIRIES	TOTAL VISITATIONS
766	3218	1701	151	5836

5. Communicable disease control

- EHP's participate and play an active role in the outbreak response management team of the district.
- Render services in respect of outbreak investigations, tracing of contacts and surveillance of communicable diseases.

6. Vector control

- Monitor the presence of vectors (arthropods, molluscs, rodents and other alternative hosts of disease) and enforce appropriate legislation.

7. Environmental pollution control

- Render disaster management services in respect of environmental health.
- Render pollution control services: inspection and monitoring.

- Monitor intensive animals feeding systems regarding environmental pollution and nuisances.
- 8. Chemical Safety**
- Render a non-specialist impact/risk/hazard assessment and environmental evaluation service with regard to the handling of chemicals.
 - Investigate agricultural and stock remedies poisonings.
- 9. Disposal of the dead**
- Monitor all environmental health aspects regarding the disposal of the dead (including exhumation, reburial and funeral parlours).
 - Manage and monitor pauper burials.

OMGEWINGSGESONDHEIDSDIENSTE IN 'N NEUTEDOP

Dit is die primêre doel van die Afdeling : Omgewingsgesondheid van die Raad om te verseker dat:

- die mens skoon gesondheidsveilige water inneem.
- die mens skoon gesondheidsveilige voedsel inneem.
- die mens 'n huis bewoon wat 'n skoon en gesondheidsveilige beskutting bied.
- dat vullis en aansteeklike / onhigiëniese afvalstowwe gegenereer deur die mens op 'n oorlasvrye wyse weggedoen word, en;
- die mens nie blootgestel word aan enige gesondheidsgevaarlike en / of onhigiëniese toestande nie, en omsluit die veld van Omgewingsgesondheid in breë trekke die volgende :

1. Behuising

Behuising is een van Suid-Afrika se vernaamste gesondheidsprioriteite. Swak behuisingstoestande hou verband met hoë kindersterftesyfers in sommige gebiede van ons land. Dit gee onder andere aanleiding tot gastro-enteritis, longkwale ens.

2. Watervoorsiening

Gesonde watervoorsiening vorm 'n integrale deel van gesonde behuising en die ontwikkeling van 'n gemeenskap.

Die wyd verspreide voorkoms van cholera in Suid-Afrika hou noue verband met die gebrek aan die voorsiening van gesuiwerde water.

3. Beheer van huishoudelike afval

'n Gebrek aan behoorlike geriewe lei tot 'n ongesonde omgewing, wat weer die grondslag lê van oordraagbare siekteverspreiding.

4. Voedselbeheer

Gesonde voedsel vorm een van die boustowwe van 'n gesonde lewe. Beheer in dié verband, bakteriologies sowel as chemies is dus noodsaaklik.

5. Beskerming teen siekte-vektore

Die verspreiding van verskillende siektes deur verskillende vektore is alom bekend, byvoorbeeld:

Vlieë: Maagkoors ,Muskiete : Malaria en Vlooie: Pes

SERVICE DELIVERY AREAS / DIENSLEWERINGSGBIEDE

Om Omgewingsgesondheidsdienste so beskik- en bereikbaar moontlik vir ons Streek se inwoners te maak, is daar bepaalde diensleweringgebiede vir OGP's vasgestel te einde te verseker dat dienste met die beskikbare personeel op die mees effektiewe wyse binne die Weskus gelewer word.

The World Health Organization (WHO) norm for the amount of EHP's to the total of residents to be served are 1: 10 000. Currently there is a deficit of Three (3) EHP in the West Coast region for the delivery of an Environmental Health Service.

Die onderstaande tabel gee 'n kort uiteensetting van die diensleweringgebiede van OGP's by die Raad.

OGP's / EHP's	AREA OF SERVICE DELIVERY
Mr. P. le Roux	Manager :Municipal Health Services
Mr. P Reynders Mr. H Swart Me. B Gordon Me. S Kashe Me. Z Mdede	MATZIKAMA : Doringbaai – Strandfontein, Ebenhaeser, Klawer, Koekenaap, Lutzville, Lutzville-Wes, Papendorp , Vanrhynsdorp, and Vredendal . DMA: Bittrefontein , Kliprand, Nuwerus, Rietpoort, Molsvlei, Stofkraal and West Coast Park. Rural.Matzikama
Mr. H De Wee Mr. R Verster Mr. D Bruiners Mr. V Magwayi	CEDERBERG : Citrusdal, Clanwilliam Elandsbay , Graafwater, Lambert,s Bay, Leipoldtville , Wupperthal, and Elandskloof, Rural.Cederberg
Mr. J Kotze Me. F Visser Me. E Nel Mr. L Viviers Me. L Tukyai	BERGRIVIER: Aurora, Dwarskersbos, Eendekuil, Goedverwcht, Laaipllek, Piketberg, Port Owen, Porterville , Redelinghuys, Velddrif and Wittewater. Rural. Bergrivier

STATISTICAL ANNUAL REPORT.
01/07/2009 - 30/06/2010

POPULATION: 299 119

NO OF EHPs: 25

NO OF COMMUNITY PROJECTS: 1 - RURAL SANITATION

1. WATER SUPPLY

Water quality:

No of samples analyzed	Bac	1121	Chem	0	No of Samples conforming (* see definitions)	Bac	955	Chem	0
------------------------	-----	------	------	---	--	-----	-----	------	---

Safe water supply : Water conforming to the standards as set out in SABS 241.
 Bacteriological : Escherichia coli, total plate count, faecal coliforms.
 Chemical : Standards for portable water

Access to safe water:

No of households with a safe water supply on premises	99 456
No of households without a water supply on premises but with access to safe water	5 544
No of households without access to safe water supply	1 560

Access to water : Safe water within 200m from dwelling (White paper on water supply / RDP document)

2. SANITATION

Access to latrines:

No of households with access to safe/effective latrine facilities	100 964
---	----------------

Type of latrine:

No of households with the following types of latrines	Flush sewage system	98 622
* Not acceptable as safe/effective latrine facility according to the National White Paper on Sanitation	Chemical	914
	VIP	1 428
	*Pit	2 758
	*Buckets	918
	None	1 902

Safe / effective latrine :

Latrines that pose no health risk to users, function effectively, cause no pollution of water resources. (According to the White Paper on Sanitation, the minimum level is a VIP latrine per household).

Sewage disposal:

No of sewage plants	Municipal	36	Private	4	Govt. Inst.	4
No of sewage plants licensed	Municipal	28	Private	4	Govt. Inst.	4
No of effluent samples analyzed	Municipal	229	Private	7	Govt. Inst.	0
No of effluent samples conforming to requirements	Municipal	84	Private	3	Govt. Inst.	0
Effluent disposal safe/effective	Municipal	23	Private	3	Govt. Inst.	2
Sludge disposal safe/effective	Municipal	25	Private	3	Govt. Inst.	0

Safe effluent disposal :

As prescribed in the Provincial Guideline on the Permissible Utilisation and Disposal of Treated Sewage Effluent.

Safe sewage sludge disposal :

As prescribed in the Provincial Guideline on the Permissible Utilisation and Disposal of Sewage Sludge.

ENVIRONMENTAL HEALTH ANNUAL REPORT – 2009 / 2010

Refuse removal/disposal:

Classification waste sites	General				Hazardous	
	Communal. - C	Small - S	Medium - M	Large - L	H-h	H-H
No of sites	15	14	3	0	0	0
No of sites where sanitary landfill procedures are practised	0	7	2	0	0	0
No of households with effective removal service					95 670	
No of transfer stations used					12	
No of transfer stations operated nuisance free					12	

Waste removal : Minimum of one removal per week.

Classification of waste site :

Landfills are grouped in landfills for general waste for domestic waste and landfills for hazardous waste. (Minimum Standards documents, dept. of Water Affairs and Forestry).

Health Care Waste disposal:

No of health care waste generators	152
No of generators that dispose of their waste safely	151
No of registered medical waste disposal sites	0

3. HOUSING

Housing Conditions:

No of houses	Formal	96 580	Informal	9 980
No of houses conforming to minimum standards	Formal	78 711	Informal	8 857

Housing Standards :

Conforming to the requirements of National Building Regulations R2378 of 12 October 1990.

4. FOOD

Food handling premises:

No of food handling premises (excluding dairy farms)	Formal	1 487	Informal	361
No of food handling premises with COA's R918 (excluding dairy farms)	Formal	1 331	Informal	276
No of dairy farms				70
No of dairy farms with COA's (Regulation R1256 of 27 June 1986)				50
No of food samples analyzed	Bac	469	Chem	818
No of food samples conforming to food standards	Bac	345	Chem	536

Certificate of acceptability : Certificates issued in terms of :

Regulations R918 of 30 July 1999 –

REGULATIONS GOVERNING GENERAL HYGIENE REQUIREMENTS FOR FOOD AND TRANSPORT OF FOOD

Regulation R 1256 of June 1986 -

REGULATIONS GOVERNING MILKING SHEDS AND THE TRANSPORT OF MILK

Food poisoning:

No food poisoning outbreaks	0
No deaths due to food poisoning	0

5. PESTICIDE POISONING

No of pesticide poisonings (see definition)	3
No deaths due to pesticide poisonings	0

Poisoning from any agricultural or stock remedy registered in terms of the Fertiliser , farm Feeds , Agricultural remedies and stock Remedies Act 1947 (36 of 1947)

PROJEKTE / PROJECTS

1. WEST COAST DISTRICT MUNICIPALITY: SUBSIDY PROJECT.

1.1 Inleiding.

Die behoefte aan opgradering van basiese bestaansgeriewe vir plaaswerknemrshuise in die landelike gebied van die Weskus streek was 'n geruime tyd gelede reeds geïdentifiseer en het die Raad fondse voorsien om die agterstand in te haal. Die projek behels die opgradering van alleen bestaande huise opgerig voor 1 Julie 1995.

1.2 Begroting

Toekennings:

Badkamers R4000.00 per woning tot n maksimum van vier huise per eienaar per finansiële jaar;

Wateraanlegte R1 500.00 per woning;

Elektrisiteit R1 000.00 per woning;

Warmwatersilinder R 900.00 per woning;

Septiese tenk R 2 500.00 per tenk;

Droëputstelsel R 2 000.00 –alleen in water skaarsgebied- DMA alleen.

2009 /2010 'n Totaal van 78 huishoudings is in die Streek opgegradeer en weerspiël die voorsiening van sanitasie-fasiliteite as volg onder die onderskeie distrikte in die Weskus Streek : R 475 300.00

Distrikte	Badkamers	Bedrag	Water	Bedrag	Septiese Tenk	Bedrag	Elektrisiteit	Bedrag	Warmwater	Bedrag

1.3 Purpose of the Project :

- To eliminate and / or reduce the current backlog of inadequate rural sanitation facilities in the West Coast area.
- To improve the health and hygiene conditions of rural households and to create a healthy environment.
- To address the dignity of beneficiary communities.
- To reduce the exposure of beneficiaries to diseases.
- Reduction of groundwater and soil contamination.

2. Kliëntediens.

Die Afdeling : Omgewingsgesondheid was gedurende die afgelope jaar deurentyd ingestel op die behoeftes en verwagtinge van die publiek met betrekking tot Omgewingsgesondheidsdienslewering. Die Afdeling het te alle tye gepoog om te verseker dat

die Batho Pele Beginsels toegepas en nagekom word en daar altyd met hoflikheid en 'n sin vir verantwoordelikheid teenoor die publiek opgetree word.

Die Afdeling : Omgewingsgesondheid het ook die beeld van ons Raad by die publiek versterk deur die wyses en metodes wat binne die werksituasie gebruik was om 'n gunstige verhouding met ons inwoners te bewerkstellig.

Public complaints

A total of **599** complaints have been received during the **2009 / 2010**.

It can be grouped as follows:

2009/2010	ENVIRONMENTAL POLLUTION CONTROL	FOOD CONTROL	WASTE MANAGEMENT	WATER AND SEWERAGE	OTHER	TOTAL COMPLAINTS
TOTAL	98	114	92	144	165	613

All of the abovementioned complaints relevant to the function of municipal health services have been attended to by the Environmental Health personnel and those outside the scope of practice were referred to the responsible officials at all the Municipalities.

HINDERNISSE IN OMGEWINGSGESONDHEIDSDIENSLEWERING

Hoewel daar verskeie hindernisse gedurende 2009/2010 ondervind was wat Omgewingsgesondheidsdienslewering negatief mag beïnvloed het, bly dit steeds uitdagings wat die Afdeling op 'n deurlopende basis in die nuwe jaar sal aangespreek ten einde te verseker 'n effektiewe diens aan ons Streek se inwoners gelewer word.

Hindernisse wat die Afdeling gedurende ondervind het, was as volg, naamlik :

- die versekering van verbeterde waterkwaliteit aan gemeenskappe.
- die sanitêre bedryf van Vaste Afval Stortingsterreine.
- Die eliminerings van agterstande m.b.t. sanitasie-stelsels in stedelike gebiede.
- Die sindelike van persele.

WHY SHOULD WE CARE FOR THE ENVIRONMENT?

Because caring for the environment will ensure:

- A healthier future for our children.
- The earth's resources that support plant and animal life will be sustained.
- A healthy and clean environment to live, work and play in.

Die toekoms van ons omgewing is in die hande van ons mense – ons is deel van die omgewing waarin ons bly en sal die besluite wat ons neem en aksies wat ons verrig die toestand daarvan bepaal.

SEKSIE OMGEWINGSINTEGRITEIT

OMGEWINGSOPVOEDING EN BEWUSMAKING

Omgewingsopvoeding en bewusmaking soos in Geïntegreerde Omgewings Plan van WKDM

Internasionale Strandskoonmaakweekvieringe het gedurende die week 14 tot 18 September 2009 plaasgevind in die Weskus Streek vanaf die Olifantsriviermond in die noorde tot by Yzerfontein in die suide.

Alle plaaslike munisipaliteite was betrokke en is daar binne elke plaaslike munisipaliteit 'n bewusmakingsveldtog aangebied. Provinsiale amptenare, lede van Mariene en Kusbestuur, omgewingsgroepe en bewareas asook skole was betrek. 250 Leerders van 8 verskillende skole, verspreid deur die Weskus, was betrek by die inisiatief.

Gedurende hierdie week is altesaam 543 sakke rommel opgetel en uit die kusgebied verwyder. Die inisiatief was deur die Departement Omgewingsake in samewerking met die WKDM gefinansier en deur die Seksie Omgewingsintegriteit geïmplementeer, gekoördineer en uitgevoer.

Leerders tydens die Strandskoonmaakweekbewusmaking in die Weskus Streek.

MARIENEWEEK

Marienewek vieringe met die tema "From Oceans, To Climate, To Flora and Fauna" was gekoördineer en aangebied gedurende die 12de tot 16de Oktober 2009, vir leerders in die Weskus Streek, in samewerking met die Departement Omgewingsake en CapeNature. Die doel van Marienewekvieringe is om bewusmaking onder die jeug op die mariene en kusomgewing te bevorder en terselfde tyd om die konsep van volhoubare benutting deur die mens en die bewaring van mariene hulpbronne te verduidelik. In totaal het 160 leerders van 8 verskillende skole aan die geleentheid deelgeneem. Sommige leerders het onder andere die Two Oceans akwarium te Kaapstad besoek terwyl sommige weer Voëleiland onder beheer van CapeNature te Lambertsbaai besoek het. Die WKDM was onder ander betrokke met die koördineering en betaling van toegang sowel as logistieke reëlins na en vanaf die onderskeie skole en aktiwiteite.

Leerders van die Weskus tydens Mariene Week by die die Two Oceans Akwarium en Voëleiland met die Provinsiale MEC van Departement Omgewingsake wat die verrigtinge geopen het.

BOOMPLANTWEEK

Boomplantweek vieringe met die tema "Plant Trees Save Our Planet" was deur die Sektie Omgewingsintegriteit aangebied en gekoördineer gedurende die eerste week van September 2009.

In totaal is daar 1000 bome in die Weskus Streek en DMA versprei en geplant by onder andere skole, en omgewings organisasies en bewaringsverenigings. Die projek is moontlik gemaak deur die skenking van bome deur die Departement van Waterwese en Bosbou in samewerking met

die WKDM wat ook bome aangekoop en behulpsaam was met die logistieke verspreiding en koördineering van die projek.

Bome wat gedurende boomplantweekvieringe ontvang en versprei is word geplant.

Leerders tydens boomplantweekvieringe besig om bome te plant in die Weskus Streek

VLEILANDBESTUUR

Vleilandbestuursplanne vir WKDM opgestel soos in ICM Act

Drie belangrike Vleilandbestuursplanne vir die Vleilande van die Olifantsrivier, Verlorenvlei en Bergrivier is die laaste jaar in samewerking met alle rolspelers en owerhede deur die konsultante Anchor Environmental en die WNNR vir die WKDM saamgestel. Hierdie planne, wat volgens Hoofstuk 4 in die Geïntegreerde Kuswet (wat reeds vanaf Desember 2009 in werking getree het) vereis word, sal help dat vleilande holisties beter bestuur en bewaar. Die planne sal waardevolle inligting verskaf vir toekomstige ontwikkeling, veral gesien in die lig van klimaatsverandering en rampbestuur, soos uiteengesit in die verskillende zones en buffer areas. Hierdie planne en projekte sal in die nuwe finansiële boekjaar aangepak en uitgevoer word.

Vleilandbestuursplanne wat binne die Weskus Streek saamgestel is - soos beklemtoon in die ICM Act.

Vleiland Bestuursforums word tans gestig en sal in samewerking met alle rolspelers en instansies behulpsaam wees dat die planne soos opgetrek geïmplimenteer en uitgevoer word. Die Bergrivier Vleilandforum is formeel gestig en funksioneer reeds.

SKOONMAAKPROJEKTE

Distriksbestuursgebied: November/Januarie 2009

Gedurende November en Desember is 40 persone in die Distriksbestuursgebied van die WKDM as tydelike stukwerkers aangestel om behulpsaam te wees met 'n skoonmaakprojek in die volgende dorpe:

Algeria x6
Rietpoort x6
Putsekloof x6
Molsvlei x6
Samsamshoek x6
Kleinhoekie x6
Stofkraal x6
Kliprand x6

Totaal **40**

Die volgende werk was verrig: Skoonmaak en optel van rommel in woonbuurte, skoon skoffel van openbare ruimtes, onder andere, begrafplase, Kerkgronde, parkies en sportvelde. In totaal is daar 607 sakke vullis opgetel en na stortingsterreine verwyder.

Die WKDM is baie dank verskuldig aan John Ovis wat deurentyd behulpsaam was met die uitrol van die projek te Bitterfontein in noue samewerking met die Seksie: Omgewingsintegriteit en die Afdeling: Omgewingsgesondheid te Moorreesburg.

BINNELANDSEWATERS

Omgewingsbestuur by Binnelandsewaters en bevordering van veiligheid en plaaslike toerisme

Binnelandse waterbeheer te Misverstanddam en Bulshoekdam was uiters suksesvol geïmplimenteer gedurende die seisoentyd waar veiligheid en wetgewing te alle tye streng toegepas was om plaaslike en veilige toerisme te alle tye te bevorder.

Volgens die struktuurplanne vir die onderskeie damme is die drakrag van die vaartuie op die omgewing nog nie bereik nie en was daar die pas afgelope jaar vir die eerste keer 'n afname in reaksie aktiwiteite op hierdie twee binnelandse damme. Die hernieuwing van die bestaande ooreenkomste moet nog aangegaan word met Departement Waterwese en nuwe wetgewing moet nog afgekondig word in die nuwe finansiële boekjaar.

Omgewingsbestuur van reksievaartuie op Binnelandsewaters gedurende seisoentyd (Des/Jan).

Die onderstaande uiteensetting toon onderskeidelik die aantal lisensies uitgereik vir beide damme:

Misverstanddam (Bergrivier):

Tydperk in maande	Getal lisensies @ R150.00 elk	Maandelikse inkomste
OKTOBER	26	R 3 900.00
NOVEMBER	51	R 7 650.00
DESEMBER	116	R 17 400.00
JANUARIE	60	R 9 000.00
FEBRAURIE	30	R 4 500.00
MAART	26	R 3 900.00
APRIL	18	R 2 700.00
TOTAAL	327	R 49 050.00

Bulshoekdam (Olifantsrivier):

Tydperk in maande	Getal lisensies @ R150.00 elk	Maandelikse inkomste
SEPTEMBER (eenmalig)	175	R 26 250.00
TOTAAL	175	R 26 250.00

Die beheer van indringerplantegroei te Misverstanddam:

Volgens omgewingswetgewing en die bestaande ooreenkoms met Departement Waterwese was die Seksie: Omgewingsintegriteit ook in samewerking Departement Waterwese gedurende Desember 2009 en Januarie 2010 betrokke met die beheer van waterhiasinte op die Misverstanddam. Opvolg aksies sal in die nuwe finansiële boekjaar aangepak word om hierdie indringerplantegroei geheel en al uit die dam te verwyder.

Voor behandeling:**Na behandeling:****Omgewingsvergadering en werksessies / Environmental Meetings and work sessions**

Verskeie omgewingsvergaderings en werksessies is die afgelope jaar bygewoon. Die Seksie Omgewingsintegriteit is onder andere deur die Raad afgevaardig om te dien op die Provinsiale Kuskomitee asook die nuut gestigte Vleilandbestuurforums wat in die streek gestig is. Die doel van hierdie werksessies is om volhoubare ontwikkeling van die omgewing en kus te bevorder deur te kyk na die balans tussen menslike welstand, ekonomiese effektiwiteit en omgewings integriteit in die belang van huidige en toekomstige geslagte van die Weskus.

Probleme en klagtes word onder andere geïdentifiseer en aangespreek of onder die relevante departemente en instellings se aandag gebring via geïntegreerde kus- en omgewingsbestuur.

Spesifieke omgewingsprobleme word aangespreek en of verwys na die relevante owerheid of staatsdepartemente, om sodoende omgewingsklagtes en probleme vinniger op te los en aan te spreek.

Die lewering van omgewingsinsette en kommentaar op aansoeke en algemene navrae/kommentaar

Die seksie lewer verder gereeld omgewingsinsette op omgewingsaangeleenthede, klagtes sowel as algemene navrae vanaf verskei rolspelers/instansies en of owerhede, soos onder andere die alombekende Moutonshoek Myn- en Prospekter aansoeke vir Tungsten in die Bergrivier en Verlorenvlei opvanggebied.

SECTION AIR QUALITY

In terms of the National Framework for Air Quality the West Coast District Municipality has been rated an area of poor air quality and therefore have to compile a comprehensive plan indicating how these issues will be addressed.

An independent consultant has been appointed by Council during April 2010 and it is anticipated that the plan will finally be completed by the end of October 2010. The outcome of the plan will give direction to air quality management in Councils area of jurisdiction and how interaction with local municipalities will take place.

A West Coast Air Quality Working Group comprising of officials and industry has been established and meet on a quarterly basis to discuss issues of relevance to air quality.

An ambient air quality monitor measuring priority pollutants was placed in Vredenburg by the Department of Environmental Affairs and Development Planning and was operational since June 2008. Monitoring results were well within legal limits.

The station has now been relocated to the Malmesbury area and monitoring results thus far are within compliance.

The following is a summary of air pollution related complaints received during the period 01 July 2009 to 30 June 2010.

QUARTER 1	QUARTER 2	QUARTER 3	QUARTER 4	TOTAL
8	4	7	8	27

More than 80% of the abovementioned complaints were odour related and can be attributed to emissions from fishmeal production industries. Within the Saldanha / Berg River area the fishmeal industry has always been an issue of concern and is receiving priority attention.

5.6.3 WEST COAST PROTECTION SERVICES

The report consists of two parts. Part A describes the activities of the Disaster Management Centre and Part B described the activities of the Fire Brigade Services.

A. West Coast Disaster Management Centre

The activities of the Disaster Management Centre will be discussed under the four Key Performance Indicators (KPI) and the three Enablers as described in the National Disaster Management Framework¹, namely:

KPI 1: Integrated Institutional Capacity

KPI 2: Disaster Risk Assessment

KPI 3: Disaster Risk Reduction

KPI 4: Response and Recovery

Enabler 1: Information Management and Communication

Enabler 2: Education, Training, Public Awareness and Research

Enabler 3: Funding

1. KPA 1: Integrated Institutional Capacity

The capacity of the Disaster Management function lies embedded in the capacity of the municipality of both the District Municipality as well as the five local municipalities. The ability of the Disaster Management Centre to address all the risks relies heavily on the capacity of the line functions. If the line functions are adequately staffed, then the Disaster Management Centre can perform the function of co-ordination as well as guidance in an advisory capacity.

1.1 Appointment of Head of Centre:

1.2 Advisory Forum: the Forum is active and performs its legislative function.

1.3 Technical support for the Centre: Aurecon is still involved to give the necessary support to the Centre. The decision for a way forward will be taken in the new financial year as the current contract with them will end June 2011.

1.4 Testing of Centre: the Centre was tested during the year. The 2010 World Cup was also a good exercise to test the Centre.

1.5 Meetings: Within the West Coast regular meetings are held with:

- Municipal Manager
- Directors'
- IDP role players
- Chief Fire Officer
- Meetings with the B-Municipalities are held regularly
- With the disaster Managers of the B-Municipalities, the Provincial Disaster Management Centre, and all other Provincial departments as necessary.
- Meetings with outside role-players: NGO's, private companies.
- Meetings with role players in other District Municipalities

2. KPA 2: Disaster Risk Assessment

A format Disaster Risk Assessment was done during 2006 by Africon, now Aurecon. During the past year three more risks were added namely:

- Rift Valley Fever

¹ National Disaster Management Framework (2005)

- 2010 World Cup Soccer
- Social Conflict

These new risks will be incorporated in the next risk assessment that will be conducted during the 2010/11 financial year.

3. KPA 3: Disaster Risk Reduction

Risk reduction measures takes mainly place within the line function, but in extreme cases the Centre will get involve addressing this.

4. KPA 4: Response and Recovery

4.1 In addition to the three new risks that were added to the Risk Assessment, a response plan was compiled for each of the new risks.

4.2 Good progress has been made during the year with establishing relationships with all the non government organisations in order to assist with relief measures. During these meetings the following organisations were involved: St. Johns, Red Cross,

5. Enabler 1: Information Management and Communication

5.1 Information Management

5.2 Communication

6. Enabler 2: Education, Training, Public Awareness and Research

6.1 Education

Education takes place during meetings, public awareness activities, training and research activities

6.2 Training

Training that took place during the year were:

- Paraffin Safety
- The chapter on Disaster management in the Integrated Development Plan (IDP)

6.3 Public Awareness

Public Awareness was done by articles in the local newspapers such as the *Swartland Monitor*, the *Weslander* and *Die Wessie*.

6.4 Research

The Centre has been involved for some time in the Risk ARADAR publication which will be made available on 23 August during the 1st Annual Disaster Risk Seminar.

7. Enabler 3: Funding

The Funding section for Disaster Management has not yet been accepted by National Treasury. As a result, each municipality budgets according to its own specifications. The idea of this enabler was to encourage budgeting for disaster recovery and rehabilitation based on threshold funding. In other words, a percentage of the budget of a municipality should be allocated to this. This percentage would be prescribed by the Minister.

The National Disaster Management Framework suggests the following principles that municipalities should have:

- Adequate resources to perform their functions effectively.
- Funding mechanisms should ensure that legislation is implemented equitably across municipalities.

- Any allocations to municipalities should be disclosed timeously to that municipalities are able to take cognisance of these allocations in their annual budgets.
- The cost of administering the funding mechanisms should be kept to a minimum (should not impose new reporting obligations on local organs of state, but the reporting process should be integrated into the existing reporting cycle).
- Incentives should be given for sound fiscal management.
- The constitutionally mandated autonomy of municipal organs should not be undermined by the assignment of functions of the transfer of funds.
- Post disaster recovery costs should be shared.

B. Fire Brigade Services

During the year detail reports were supplied to Council to inform them on the activities that the Fire Brigade Service has implemented. Addendum 1 gives a summary of the past year. Under the next couple of points the highlights of the year are discussed:

1. Radio network

A relay station has been put up at Swartberg, just behind Withoogte. One frequency has been sourced to be used. This will enable Moorreesburg, Malmesbury, Vredenburg and Piketberg up to the Pikenierskloof pass to communicate with one another.

By April the radio's have been installed in all the vehicles and at all the Fire Stations. But an application for more frequencies are at ICASA in order to complete the system so that everybody will be able to talk to each other.

2. Malmesbury Fire Station

The last of six stations were built in Malmesbury. It became operational on the 22 January 2010 and it was officially opened on the 11 March by the Mayor of West Coast District Municipality.

3. The 2010 World Cup Soccer

Planning for this event started already four years ago in the western Cape. The tempo for the preparations took on momentum during 2009 and peaked during May and June 2010.

The Public Viewing Area at Vredenburg was opened on the 11 June and it was active for eight days. During these days the Venue Operation Centre was manned by all the emergency services and the Chief Fire Officer (CFO) represented the West Coast there.

At the Vredenburg Fire Station a Hazmat (Hazardous Material) Task Team was standby by for any incident that would acquire their expertise.

The event took place without any serious incidences and the Fire Brigade Services needs to get special mention for all their good planning and excellent co-operations initiatives that were put in place during this very important international event.

4. Meetings

Regular meetings were held with staff of the West Coast District as well as with staff of the B Municipalities. Other meetings that took place were:

Fire Chiefs meetings

Fire Workgroup meetings

Meetings with the Fire Protection Associations (FPA's)

Meetings with Farming bodies (Farmer associations)

5. Appointment of new staff:

In January 2010 the Council appointed three Station Commanders and two Platoon Officers. During May one of the Platoon officers was promoted to Station Officer. The total staff complement comprises now of 52 members.

6. Expansion of vehicle fleet:

The service was fortunate to expand their fleet with the following vehicles:

- Toyota Landcruisers (4)
- MAN Fire Tenders (Medium pumpers)
- Ford Bakkies (3)

7. New Fire Brigade emblem

The new badge for the fire services was designed by the Fire Chief and it was accepted at the Council Meeting and it will be used on all the uniforms and vehicles of the services.

8. Large fires:

The first big fire was during February outside Clanwilliam. It was contained after a week. The second one was caused by lightning on 8 March outside Porterville, Dasklip pass. The fire was extinguished on 11 March.

9. Memorandum of understanding with the B-Municipalities

Cederberg, Swartland and Bergrivier have signed the MOU's for the fire services. It means that the West Coast will assist with structural fires when they can. This will buy time for each of the B-Municipality to build capacity with regard to vehicles, equipment and staff to be able to render its own services as stipulated in the division of functions by the Minister.

10. Shortages for the Fire Services:

10.1 Staff

Although the staff compliment is steadily increasing, the ultimate goal has not been reached. As long as the required number of staff is outstanding, the District Municipality is making itself open for claims against it due to not being able to operate within safety standards.

10.2 Hazmat vehicle

As hazmat is a dedicated function of the district Fire Services, the utilization of a dedicated Hazmat vehicle is essential. Due to the specialised equipment that is used to protect all the fire fighters, it is imperative that this vehicle is purchased as soon as possible.

11. National Fire Fighters' Day – 4 May 2010

For the first time a National Fire Fighters Day was held in South Africa and the West Coast took part in it. The Council should put this on its calendar so that recognition could be given to all the fire fighters of the West Coast District on that day.

C. Closure

In close the 2009/10 year was a full and interesting year for the Disaster Management Centre as well as the Fire Brigade Services. The staff had to manage under difficult circumstance due to the pressures that were put on them by the 2010 World Cup Soccer. But after all that is said and done, the year brought its challenges which were overcome with flying colours. The Council of the West Coast District can be truly proud of its dedicated and professional Fire Services staff which is always willing to walk the extra mile.

5.6.4 GANZEKRAAL HOLIDAY RESORT

PURPOSE

This yearly report serves as information on the operations within Ganzekraal Holiday Resort as from 1 July 2009 to 30 June 2010.

INTRODUCTION

This report gives details of resort performance and activities from above stated period. This yearly report is on the condition of performance (SDBIP), aesthetics, housekeeping, repairs and maintenance, administration, health & safety, security, vandalism, finance, administration and general.

PERFORMANCE MANAGEMENT SYSTEMS

1.1 SDBIP (Ignite)

Monthly reports has been updated on a regular basis. All records of information is on file for auditing trail. The acting manager was appointed in October 2009, therefore all reports has only been done since then. The quarterly performance assist has also been done on regular basis and is up to date.

1.2 INFRASTRUCTURE COMPLAINTS

Several compliments were received from campers for the neatness and tidiness of the resort. We also have received various verbal concerns on the area of our infrastructure especially at the main building (conference centre). The roof was in such a bad condition that when it was raining it was always wet inside. The fireplace in the restaurant was rusted and in very bad condition. The ceiling has also been falling out on several occasions. All these were brought under the attention of top-management, after which a decision has been made to upgrade the main building. Currently the upgrading is being done at Ganzekraal and we are looking forward to a very new and exciting conference centre.

1.3 BOOKING SYSTEM

The Bookmark booking systems is used and have its advantages.

The advantage of having such system is that no double bookings can be made, which is very important for good service delivery. One can also keep track of the occupancy statistics on a weekly, monthly or yearly basis.

1.4 MONTHLY AND WEEKLY INSPECTIONS/ REPORTS

Such inspections are being done on a weekly basis, which also forms part of the SDBIP and is being kept on record file. Inspections and reports are being done by the resort manager.

1.5 WEEKLY MEETINGS

As part of Performance Management, weekly meetings for staff has to take place on a regular basis. The section do try our utmost best to have meetings regularly and on time. Due to workload for the cleaners it sometimes is impossible to have meetings as planned.

1.6 TRAINING SCHEDULE

Ganzekraal staff is far behind where training skills are concerned. Training has been requested on several times verbally as well as in writing. Some training skills is planned in the new financial year.

2. RESORT OPERATIONS

2.1 REPAIRS AND MAINTENANCE

All the repairs and maintenance are being done by the handyman. Inspections are conducted on a weekly basis and reported to the manager, whereas the manager is also doing inspections on a regular basis. At the end of 2009 an electrical contractor which attended to all electrical repairs on the resort.

2.2 HOUSEKEEPING

2.2.1 Chalets

Before the December peak time in 2009, all the chalets was filled with shortages to bring it up to standard. New fridges and sleeper couches for the Protea chalets and new beds for all the Amanzi chalets were bought. Microwaves and stoves has also been replaced in some of the Amanzi and Mooimaak chalets. Staff is doing check outs and check ins on a regular basis and campers are paying a R450.00 breakage deposit for any damages or losses.

2.2.2 Terrain

The terrain workers is trying their utmost best to keep the terrain neat and clean at all times. All the grass areas are being cut on a regular basis. Before the December holidays all pole dividers on the resort has been painted.

2.2.3 Waste Management

It has been requested by the Department of Labour to move our waste bin to another area. So far it has not been possible for us to do so as their is no other alternative space on the resort to move the waste bin.

2.3 ADMINISTRATION

All administration work is up to standard and up to date. The Administration of the Resort is up to standard.

2.4 FINANCE

All the income is being corresponded with our bookings on a weekly basis. Everything is kept on file record. On regular occasions the finance managers from headoffice come to check on banking and paperwork, and are very satisfied with the handling of all finance issues.

3. HEALTH and SAFETY

The Health & safety representative is well on track with all health & safety rules and regulations and is attending all meetings and workshops in this regard. The Department of Labour together with the Health & safety chairman visited the resort where some concerns has been pointed out.

The following concerns has been raised due to health & safety risks:

- a) That all asbestos roofs must be removed from staff houses and replaced with other roofing.
- b) That the old wooden wendy house structure at the staff houses must be broken off.
- c) That the waste bin must be removed to another area.
- d) That all electrical work must be attended to and fixed.

All of the above concerns was attended to except for moving the wastebin as there is no alternative space on the resort to put the waste bin.

4. SECURITY

A tender has gone out for new security services at Ganzekraal resort. The current security company's contract is ending at the end of June 2010. A site inspection and meeting was held on Friday 28 May 2010 at Ganzekraal resort for new tenders. The closing date for the tender is on Friday 11 June 2010, whereas a new company will be appointed. Due to poor security services in the past it was requested by the Director not to go for cheap tenders but to focus on better service delivery. Hopefully this will enable us to provide campers with a more safe environment.

5. VANDILISM

A few acts of vandalism has taken place, mostly at the chalets where cellphones and personal items from campers were stolen. One major burglary took place in January 2010 where cash was stolen.

6. GENERAL

Due to the upgrading at our main building where our offices is also stationed, offices were moved temporarily to our main entrance. For the period working from the main entrance much better access-control at the gate and monitoring of all arrivals entering the resort.

7. OCCUPANCY STATISTICS FOR 2009/2010 FINANCIAL YEAR

July 2009	>	11.15%
August 2009	>	16.29%
September 2009	>	23.21%
October 2009	>	25.25%
November 2009	>	22.02%
December 2009	>	66.95%
January 2010	>	40.26%
February 2010	>	26.01%
March 2010	>	29.23%
April 2010	>	32.76%
May 2010	>	15.61%
June 2010	>	14.90%
Resort Average for 2009/2010 financial year.	>	27.41%

5.7 DEPARTEMENT TEGNIESE DIENSTE

5.7.1 Inleiding

Die hoof funksies van die Departement is die versekering van die effektiewe voorsiening en onderhoud van infrastruktuur op 'n volhoubare wyse wat bydra tot die bewaring en ontwikkeling van die Weskusstreek asook die lewering van alle munisipale dienste in die Distriksbestuursgebiede.

Die Departement bestaan uit die Afdeling Paaie, die Afdeling Watervoorsiening en die Afdeling Beplanning, Projekbestuur, Behuising, Vaste Afvalbestuur en Distriksbestuursgebiede.

5.7.1.1 Afdeling Paaie

Die Weskus gebied bestaan uit die munisipaliteite van Swartland, Saldanhabaai, Bergrivier, Cederberg en Matzikama asook die Distriksbestuursgebiede van die Bitterfontein area, die Weskuspark te Langebaan en die Cederberg area. Paaie in hierdie gebied (uitgesonderd die N7 nasionale roete en munisipale strate) word deur die Weskus Distriksmunisipaliteit op 'n agentskapsbasis vir die Provinsiale Regering van die Wes-Kaapse Departement van Vervoer en Openbare Werke bestuur en in stand gehou.

Die totale afstand van hierdie paaie in die Weskus gebied is 10097 km en is volgens nasionale kriteria deur die Provinsiale Regering gekategoriseer in Grootpaaie, Hoofpaaie (1226,7 km.), Afdelingspaaie (1895,2 km.) en Ondergeskikte Paaie (6931,6 km.). Alle fondse vir die instandhouding van hierdie paaie word deur die Provinsiale regering beskikbaar gestel en het vir die 2009/2010 finansiële jaar R 48 977 000 beloop. Op versoek van die Wes-Kaapse Departement van Vervoer en Openbare Werke, is besparingsmaatreëls ingestel. **Die besparing was ongeveer R8.18 miljoen.**

Tabel 1 : Toedeling van 2009/2010 Paaiebegroting.

Pos	Bedrag Toegewys	% van Paaiebegroting
Salaris en Lone	R 22,792,149	46%
Werktuie	R11,166,994	23%
Materiale	R7,814,135	16%
Kantooruitgawes	R2,751,268	5%
Admin. Heffing	R4,452,454	10%
Totaal	R 48,977,000	

Ten einde die beskikbare fondse optimaal aan te wend, word 'n prioriteringsmodel gebruik wat deur die Provinsiale Regering voorgeskryf word en wat aanvanklik in die Weskus gebied ontwikkel is met behulp van Dr. Francois Botes, 'n lektor in Vervoereconomie aan die Universiteit van Stellenbosch. Met behulp van die model word alle gruispaaie jaarliks volgens tegniese en ontwikkelingskriteria geëvalueer en in prioriteitsvolgorde geplaas. Die tegniese kriteria wat gebruik word in die model sluit in verkeersvolumes, dikte van die gruisblad, algemene toestand van die pad en instandhoudingsvermoë. Ontwikkelingskriteria wat gebruik word, is landbou (bv. werkskepping en waarde toegevoeg), toerisme en sosiale aspekte (bv. armoedevlakke).

Die hergruis van gruispaaie word dan volgens hierdie prioriteitslys gedoen ten einde te verseker dat die beskikbare fondse optimaal aangewend word. Soos reeds genoem word gruispaaie jaarliks geëvalueer vir die opstel van die prioriteitslys, ten einde te verseker dat dit 'n ware weergawe van die toestand van alle paaie is.

Ten opsigte van die bestuur van paaie is die hoof fokus van die distriksmunisipaliteit egter die instandhouding van paaie en word die oorgrote gedeelte van die beskikbare begroting daaraan toegewys.

Sleutelprestasië-area	Prestasiëteiken	Prestasië Gedurende Jaar
Spandering van Bedryfsbegroting	R48,977,000	R 39,793,349
% van gruisgroewe gerehabiliteer binne een jaar na gebruik	100%	100%
% beskikbaarheid van voertuigvloot soos bereken deur PAWK	78%	60%
Jaarlikse gruispaaie-evaluasie gedoen	1	1
Lemkilometers gruispaaie werklik geskraap (sekondêre paaie uitgesluit)	55 000	71,168
% van vereiste maandelikse 200 uur dienste van vragmotors voltooi	100%	95%
% van vereiste maandelikse 200 uur dienste van padskrapers voltooi	100%	95%
% van vragmotors padwaardig per maand	100%	97%

PAAIE AFDELING

Die afgelope jaar is die padinfrastruktuur met 'n beperkte personeelkorps en begroting van R 48,977 miljoen instand gehou en het werke gewissel van normale instandhouding, hergruis, konstruksiewerk en die herstel van vloedskade.

Goeie samewerking tussen Provinsiale Regering: Wes-Kaap, Weskus Distriksmunisipaliteit en gemeenskappe het dit moontlik gemaak om verskeie projekte aan te pak en suksesvol te voltooi.

Hergruiswerk

Die Hergruisprioritiseringsmodel word met groot sukses in die Weskus area toegepas en vind evaluering van die swakste paaie jaarliks plaas. Aanbevelings ten opsigte van hergruis en rehabilitasie projekte word dus jaarliks aan Departement van Vervoer en Openbare Werke (Die Padowerheid) gedoen. Verskeie kontrakte is reeds aan Raadgewende Ingenieurs toegeken en is hulle tans besig met ontwerpe, gruisgroefondersoeke, opstel van tenderdokumente, ens. Die tekort aan fondse vir paaie veroorsaak egter dat beplande hergruisprojekte vir 'n paar jaar uitgestel is.

Paaie wat intern begruis is, is as volg:

- a) Afdelingspad 1171 Moorreesburg/Pampoenkraal, Twee kort gedeeltes – 2.2 kilometer.
- b) Afdelingspad 1163 Moorreesburg/ N7, Km 0 tot 6.
- c) Afdelingspad 2175 Piekenierskloof/ Paleisheuvel, Km 11 tot 15.5.
Konstruksiewerk en die aanbring van 'n permanente oppervlak van 'n verdere vier kilometer pad is deur die grondeienaars gedoen.
- d) Afdelingspad 2178 Ou Dam, Km 23.2 tot 28.96. Die gedeelte tussen kilometer 23.2 en 26, is in samewerking met die grondeienaar begruis.
- e) Afdelingspad 2203 Vanrhynsdorp/Gifberg, Km 0.96 tot 14.8
- f) Hoofpad 228 Darling, Km 18 tot 21.2
- g) Hoofpad 310 Middelbergpas, kort gedeeltes – 4.68 kilometer

Kontrakte

Projekte wat die afgelope jaar afgehandel is.

- a) Afdelingspaaie 2178, 2181, 2184, Marcuskraal/Olyfenboschraal/N7

Die 22 kilometer teerpad is voltooi en is April 2010 deur Departement van Vervoer en Openbare Werke: Wes-Kaap in besit geneem. Kontrakwaarde R42 miljoen en befonds deur die Padowerheid.

- b) Opgradeer van Hoofpad 542 (Clanwilliam/Engelsman-se-Graf), Hergruis van Afdelingspad 2189 (Boskloof) en gedeelte van Afdelingspad 2183 (Clanwilliam/Ou Stasie). Kontrakwaarde is R68 miljoen en befonds deur die Padowerheid.

Dit is die tweede projek waar grondeienaars finansieel bygedra het om die projek 'n werklikheid te maak. Konstruksiewerk aan Hoofpad 542 het aan die begin van 2009 in aanvang geneem en is April 2010 voltooi. Die gedeelte pad van Clanwilliam tot by die Wupperthal-afdraai (Km 38.9), is nou van 'n permanente oppervlak voorsien. As gevolg van besparings op die kontrak, kon die Pakhuispas vanaf Km 16.7, - 25 ook herstel en herseël word. Op Afdelingspaaie 2183 en 2189 is 'n totaal van 16.8 kilometer pad begruis.

- c) Afdelingspad 1487 Cederberge. Die plavei-projek tussen Algeria en die voet van Uitkykpas, 'n afstand van ongeveer vier kilometer, is voltooi en is daar van plaaslike arbeid gebruik gemaak. Die hoë opvulling in Uitkykpas is herstel, gestabiliseer en die ryoppervlak van plaveisteentjies voorsien. Houtbrûe by Eikeboom en Dwarsrivier is met beton brûe vervang.

Uitgebreide Openbare Werksprogram(UOWP)

Verskeie instandhoudingswerke op paaie is volgens die riglyne en beginsels van die UOWP met werkskepping en armoede verligting as hoofdoel uitgevoer. Hierdie werke het die skoonmaak en sny van gras in die padreserwes, herstel van grondskouers, herstel van gate in die teerblad, skoonmaak van stormwatervore en pype ingesluit en is deur klein opkomende kontrakteurs uitgevoer.

In die Weskus-area het die totale waarde van hierdie kontrakte ongeveer R8,675 miljoen beloop en is daar 616 werksgeleenthede geskep. Hierdie werke word hanteer deur die Ceres kantoor van Departement van Vervoer en Openbare Werke: Weskusstreek en is hulle verantwoordelik vir die vra van tenders, toekenning en toesighouding.

Die konstruksie en teer van 4,3 kilometer verbindingspad tussen die N7 en Eendekuil (Hoofpad 536), is Desember 2009 voltooi deur gebruik te maak van adbeidsintensiewe werksmetodes.

Besig met Stormwaterdreinerings langs
Hoofpad 536 Eendekuil

Spuit van emulsie en strooi van klipskerwe
word ook arbeidsintensief gedoen.

Vloedskade

Tydens die goeie reën gedurende Julie 2008 het wydverspreide vloedskade voorgekom.. Die laaste uitstaande vloedskade werke is voltooi, teen 'n koste van R2.49 miljoen. Tydens die herstel van betonstrukture het dit die geleentheid gebied om werknemers bloot te stel aan die verskillende aspekte van betonwerke en is interne en eksterne opleiding verskaf.

5.7.1.2 Afdeling Watervoorsiening en Afvalbestuur

Die Afdeling is verantwoordelik vir die grootmaat voorsiening van gesuiwerde water (wat aan alle toepaslike standaarde voldoen) aan die Suidelike Weskusstreek asook vir Geïntegreerde Vaste Afvalbestuur. Die funksie van watervoorsiening is kragtens wetgewing na B-munisipaliteite oorgedra en lewer die Weskus Distriksmunisipaliteit huidiglik hierdie diens ooreenkomstig 'n dienste leweringsooreenkoms met die plaaslike munisipaliteite van Swartland, Bergrivier en Saldanhabaai asook oorgrens aan die Drakenstein munisipaliteit.

Die totale lengte van die grootmaat waterverspreidingsnetwerk is 964 kilometer met 'n huidige vervangingswaarde van ongeveer R 1900 miljoen. In 2009/2010 is 'n totaal van 22 769 765 kiloliter gesuiwerde water, wat 100% van die tyd aan die toepaslike SANS 241 standaard voldoen het, aan verbruikers voorsien en was die gemiddelde verliese in die verspreidings netwerk slegs sowat 7.61 %.

Ten einde in die steeds groeiende industriële en residensiële wateraanvraag van veral die Weskusstreek te voorsien, word daar deurlopend na moontlike alternatiewe waterbronne gekyk en is daar in 2007 'n ondersoek vir die optimisering van bestaande beskikbare waterbronne asook om alle moontlike alternatiewe waterbronne (met spesifieke verwysing na ontsouting) vir die Weskusgebied te identifiseer insluitende:

- Analise van die geïdentifiseerde alternatiewe waterbronne om die optimale en volhoubare langtermyn waterbron vir elke substreek te bepaal.
- 'n Detail verslag met gevolgtrekkings en aanbevelings ten opsigte van bogenoemde.
- Onderhandelinge, in samewerking met personeel van die Weskus Distriksmunisipaliteit, met alle tersaaklike owerhede vir die ontwikkeling van die geïdentifiseerde bronne.

Grootmaatwatervoorsiening

Grootmaatwater word voorsien aan 16 dorpe in die Munisipale areas van Bergrivier, Saldanhabaai en Swartland asook aan Hermon en Gouda in die Drakenstein gebied. Die streek word verdeel in twee voorsieningsgebiede, nl. Withoogte en Swartland.

Withoogte Voorsieningsgebied

Rouwater word onttrek vanuit die Misverstanddam en deur die Misverstand pompstasie (kapasiteit = 130 megaliter/dag) oor 'n afstand van ongeveer 12,5 km gepomp tot in die rouwateropgaardam by die Withoogte suiweringsaanleg. Die Misverstand pompstasie beskik oor drie pompe met 'n leweringskapasiteit van 520 liter per sekonde elk en twee pompe van 260 liter per sekonde. Die pomplyn tot by Withoogte is 'n staal styglyn van 1.4 m deursnee, en die rouwateropgaardam het 'n kapasiteit van 260 megaliter met 'n volwatervlak van 198,5m bo seevlak.

Die Withoogte suiweringsaanleg met 'n kapasiteit van 72 megaliter per dag is ongeveer 8 km. noord van Moorreesburg geleë en gebruik 'n konvensionele suiweringsproses van vlokvorming, besinking en snel gravitasie filters. Die aanleg word 24 uur per dag bedryf deur drie skofte en voorsien water aan Moorreesburg en Koringberg in die Swartland gebied asook aan die groter

dorpe van die Saldanhabaai gebied, insluitend Hopefield. Velddrif en Dwarskersbos van die Bergrivier gebied word ook deur hierdie aanleg voorsien.

Die aanleg beskik oor 'n kapasiteit om skoon water te stoor van 22.5 megaliter met hoofstelselstoorkapasiteit in die Besaansklip reservoir (78.0 megaliter) en die Vergeleë reservoir (18.0 megaliter). Hierdie reservoirs is ongeveer 10 km oos van Vredenburg geleë.

Misverstand pompstasie

Withoogte Suiweringswerke

Die hoofverspreidingslyn (1,2m deursnee staal) strek oor 'n afstand van ongeveer 80 km. vanaf Withoogte na die Besaansklip reservoir van waar daar 'n 1 m deursnee toevoerlyn vir 12,6 km. na die Vergeleë reservoirs strek. Saldanha, Vredenburg, Velddrif en Dwarskersbos word deur hierdie reservoirs bedien. Hierdie netwerk voer ook water na Moorreesburg (suid van die aanleg) en Koringberg (noord).

Daar is twee aanjaagpompstasies op hierdie netwerk om Langebaan en Dwarskersbos te bedien.

Die Withoogte verspreidingsnetwerk se toevoer word aangevul met boorgatontrekking vanuit die Langebaanweg akwifere. Vier boorgatpompstasies word bedryf op 'n twee diens-/ twee bystandbeginsel. Onttrekking vanuit die twee diensboorgate beloop gemiddeld 4.0 megaliter per dag wat regstreeks in die hoofpylyn na Besaansklip gepomp word. Chloordosering word toegepas by die hoofboorgatpompstasie en ook op Besaansklip en Vergeleë self.

Swartland Voorsieningsgebied.

Rouwater word regstreeks vanaf die Voëlvleidam onttrek vanuit die kanaalstelsel. Die onttrekkingsvermoë van die aanleg is 30 megaliter per dag en voorsien rouwater aan die Swartland suiweringsaanleg wat sowat 6 km. suid van Gouda geleë is. Die aanleg het 'n kapasiteit van 29,1 megaliter per dag en gebruik ook 'n konvensionele suiweringsproses.

Vyf skofte word ook hier bedryf om water aan die groter dorpe van die Swartland gebied te voorsien insluitend Riebeeck-Wes, Riebeeck Kasteel, Malmesbury, Darling en Yzerfontein sowel as Hermon en Gouda in die Drakenstein gebied.

Die aanleg self beskik oor 'n kapasiteit om skoon water te stoor van 2.73 megaliter liter met hoofstelselstoorkapasiteit van 18.1 megaliter in die Kasteelberg reservoir net buite Riebeeck-Wes. 'n Addisionele 8.0 megaliter liter reservoir is in 2009 voltooi net oos van Malmesbury op die plaas

Glenlilly en die totale stoorkapasiteit te Glenlilly is tans 16 megaliter. As deel van die Yzerfontein toevoer is 'n 300 kl drukkreektenk op die plaas Wildschutsvlei tussen Darling en Yzerfontein.

Weskus weer vereer met Bloudruppel- toekenning

Die Weskus Distriksmunisipaliteit wor vereer met Bloudrupel-toekenning gedurende die WISA kongres te Durban in 2010 as grootmaat watervoorsiener aan Gouda.

Om vir die toekenning in aanmerking te kom moet die raad se water aan 13 kriteria voldoen. Van die kriteria wat in ag geneem word, is die bestuur van die water, 'n veiligheidsplan, risiko analyses wat op 'n gereelde grondslag gedoen word, die kwaliteit van die water en nog talle ander.

Die WKDM se Swartland watersuiweringswerke naby Gouda het as grootmaat watervoorsiener 'n gemiddelde van 95.25 % in al die kriteria behaal, wat hulle laat kwalifiseer het vir die Bloudruppel-status.

Swartland Suiweringswerke

Swartland pompkamer

'n Styglyn vanaf die aanleg voorsien water aan Gouda terwyl 'n 0,5 m deursnee staal styglyn van 17,3 km lank die Kasteelberg reservoirs voorsien. Hierdie reservoirs voorsien water aan Riebeeck-Wes en Riebeeck Kasteel asook Hermon (suid) en Malmesbury, Darling en Yzerfontein (wes). Aanjaagpompstasies op hierdie netwerk word op Zwavekberg (by P.P.C.), Rustfontein (voor Glen Lilly) en Darling bedryf.

Telemetrie

'n Uitgebreide telemetriestelsel word vanaf Withoogte bedryf en bedien die totale suidelike grootmaat-watervoorsieningsgebied. Alle reservoirs word deurlopend gemoniteer en die stelsel is in staat om beheerskakelings te doen van pompstasies en klepbeheer by reservoirs deur

afstandbeheer vanaf Withoogte. Ongeveer 80% van die water wat gelewer word, word oombliklik ("in real time") gemonitor om sodoende vroegtydig moontlik probleme te identifiseer en om verliese te beperk. Die Weskus Distriksmunisipaliteit het sy eie personeel bemagtig deur gespesialiseerde opleiding om die stelsel te bedryf en self uitbreidings te kan doen.

Bedryfsdata vir Grootmaatvoorsiening

Bedryfsbegroting

Die bedryfsbegroting ten opsigte van grootmaat-watervoorsiening vir die 2007/2008 , 2008/2009 en 2009/2010 finansiële jare was as volg:

2007/2008 : R 48 737 420
 2008/2009 : R 54 312 580
 2009/2010 : R 67 410 825

Waterverbruike

Aangesien die twee voorsieningsgebiede verbind is met mekaar, word die totale verbruike getoon.

Tabel 2 : Waterverbruike te Withoogte en Swartland Aanlegte.

Jaar	Hoeveelheid (liter)			Verliese	
	Rouwater onttrek	Gesuiwerde water gelewer	Waterverkope	Suiwering	Verspreiding
2007/2008	23 766 881	22 213 488	21 162 772	6.54 %	4.73 %
2008/2009	24 585 837	23 083 499	21 790 185	6.11 %	5.60 %
2009/2010	24 315 601	22 769 765	21 037 444	6.36 %	7.61 %

Watergehalte.

Alle gesuiwerde water word op 'n deurlopende basis deur die Sektie Gehaltebeheer getoets en alle gesuiwerde water het 100 % van die tyd aan die SABS standaard voldoen.

Sleutelprestasië-area	Prestasiëteikene	Prestasië Gedurende Jaar
Waterverlies in grootmaatverspreidingsstelsel na suiwering	10 %	7.61 %
Getal maande met geen wateronderbrekings langer as 48 ure	12	12
Getal dae per maand wat water voldoen aan SANS 241 standaard	30	30
Getal maande met geen onbeplande diensonderbreking as gevolg van interne oorsake	12	12

DBG Watervoorsiening

In die noordelike DBG te Bitterfontein word gesuiwerde water aan Bitterfontein, Nuwerus, Rietpoort, Molsvlei en Stofkraal voorsien deur middel van 'n watervoorsieningstelsel vanaf die ontsoutingsaanleg te Bitterfontein. Die skema bestaan uit 'n rouwaterbron van dertien boorgate (die ondergrondse bronne is uit gebrei met nog 6 boorgate in die noordelike area) , 'n ontsoutingsaanleg te Bitterfontein van 25 kl/uur kapasiteit, 'n verspreidingsnetwerk wat water voorsien aan Bitterfontein (3 km), Nuwerus (16 km) en 'n toevoerlyn van 42 km vir die Rietpoort, Molsvlei, Stofkraal, Samsamshoek en Kleinhoekie gemeenskappe

EPWP PROJECTS 2008 – 2010

The West Coast District Municipality's (WCDM) area includes the local municipalities of Swartland, Saldanha Bay, Bergrivier, Cederberg and Matzikama as well as a District Management Area (DMA). The DMA consists of the West Coast National Park, the Cederberg Conservation Area (Algeria) and the Northern DMA in the Bitterfontein – Nuwerus region.

The Cederberg and Northern DMA are very poor areas with low economic activity and high levels of unemployment and poverty. In order to improve service delivery, create jobs, alleviate poverty and develop skills in these communities, the WCDM undertook the following EPWP projects in the areas :

1. Paving of Streets – Algeria

This project comprised the paving of 1,3 km. of streets in the community of Algeria with labour intensive construction methods. The existing streets were of a poor standard and the steep gradient of the terrain caused serious storm water problems in the rainy season and both these problems were addressed with the project.

Various community meetings were held to explain the EPWP principles and all interested community members were evaluated by the CETA accredited service provider Tjeka Training. Sixteen (8 female and 8 male) were then identified for training in basic life skills (e.g. financial management), kerb laying, brick paving and the use of hand tools. The training was funded by the Department of Labour and all accredited training certificates will be handed over at the special completion function of the project. The standard EPWP employment contract was used and all protective clothing was provided free of charge.

No contractor was appointed and all construction supervision is done by the appointed consulting engineers to maximise the funds available for wages and material.

The project commenced in February 2008 and is now 100 % completed.

2. Paving of Streets – Bitterfontein

A total of 0,860 km. of streets is paved and the same procedures and methods are used as in the Algeria project.

The project is now 95% completed.

3. Paving of Streets – Nuwerus

A total of 0,830 km. of streets is paved and the same procedures and methods are used as in the Algeria project.

The project is now 95% completed.

4. Construction of New Multi Purpose Community Centre – Bitterfontein.

The construction of the steel structure as well as the supply and delivery of the building materials were put out on tender, but all building work was done by local community members under the EPWP and the same procedures and methods were used as in the other projects.

The project is now 100% completed.

5. Construction of Community Hall – Rietpoort.

The construction of the steel structure as well as the supply and delivery of the building materials were put out on tender, but all building work was done by local community members under the EPWP and the same procedures and methods were used as in the other projects.

The project is now 100% completed.

6. Construction of Community Centre – Nuwerus.

The construction of the steel structure as well as the supply and delivery of the building materials were put out on tender, but all building work is being done by local community members under the EPWP and the same procedures and methods are be used as in the other projects.

This project is currently under construction and is now 35% completed.

7. Upgrading of Sewerage System – Bitterfontein.

This project comprises the laying of new sewer lines, a pump station with a rising main, the upgrading of the oxidation ponds (including new geo linings) and the utilisation of the treated effluent as irrigation water for the sports fields.

the supply and delivery of the materials were put out on tender, but all construction works (excluding hard excavations) are done by labour intensive construction methods by local community members under the EPWP and the same procedures and methods were used as in the other projects.

The project is now 65% completed.

2010 FIFA World CUP

It is indeed an experience to look back at the 2010 FIFA World CUP journey for the West Coast District Municipality.

The journey started back in 2008 with the appointment of the energetic 2010 Coordinator, Mr. Heinrich Robertson. Everything then seemed so far away and unreal. Now two years down the line and one month after the biggest sporting event has left our shores, we look back at some of the the West Coast District Municipality's achievements for the year 2010.

On 4 December 2009 the 2010 Coordinator, Mr. Robertson and the Municipal Manager, Mr. Henry Prins, attended the FIFA Final Draw in the CTICC. It was indeed a night to remember with familiar faces attending this glamorous event.

The presenters were David Beckham, Charlize Theron and Makhaya Ntini. However after the draw took place the last hope for the West Coast District and Saldanha Bay to host a Base Camp were virtually wiped out when South-Korea, the only team to have shown interest in the Saldanha Military Base, were drawn in Group B. This group did not play any games in Cape Town and it was highly unlikely that any of these teams would base themselves in the Western Cape. And so it also happened.

Base Camps

The Western Cape hosted only three teams, France, Denmark and Japan, who all chose to base themselves in the Eden District. France and Denmark both chose Knysna while Japan chose the town of Mossel Bay as their home during 2010.

However this did not stop us to market the West Coast and its tourist attractions for the 2010 Soccer World Cup.

The West Coast District Municipality also continued to focus on creating awareness and bringing our communities, young and old, in touch with the Soccer World Cup.

Art and Culture Competition

On 28 April 2010 the West Coast District Municipality hosted the winners of the different categories in the 2010 Arts and Culture Competition. The Mayor, Cllr. Rene Kitshoff, and Deputy Mayor, Cllr. Evert Manuel, presented the winner and schools with their different prizes.

District Management Area (DMA) Soccer Tournament

On the 1st of May 2010 the West Coast District Municipality made history by organizing the very first DMA Soccer Tournament. The objective of the tournament was to create a platform for the soccer teams from the DMA to participate in an organised tournament. Teams from Bitterfontein, Nuwerus, Stofkraal, Putsekloof, Molsvlei and Rietpoort participated in a knock-out tournament.

Nuwerus was crowned as the Champions for 2010.

Fanpark

The West Coast District Municipality in conjunction with the Provincial Government and Saldanha Bay Municipality hosted a Fan Park for the duration of the 2010 FIFA World Cup. The fanpark was open on eight different days which included all the Bafana Bafana games and about 5000 people attended the opening on the 11th of June 2010.

The purpose of the Fan Park was to give access to communities who couldn't afford match tickets or attend the official Fanfest in the host cities.

People could watch the games on a big screen at the Fanpark and entrance was free. There were loads of other activities for the kids like jumping castles and soccer coaching clinics.

Municipal Manager: Mr HF Prins and 2010 Coordinator: Mr H Robertson

Fanpark - Vredenburg

ANNUAL PERFORMANCE REPORT 2009-2010

4.1 INTRODUCTION

This chapter deals with how services were delivered during the 2009/10 financial year and indicates the performance against the KPA's for the 2009/10 financial year based on the IDP processes followed as explained in Chapter 1 of this report.

The performance of the Municipality is reported against the objectives for each department as indicated in the IDP and the performance agreements of the departmental heads. The chapter also highlights the main KPA's for 2009/10.

4.2 Functional breakdown by Department

Department	Functions

Mnr W Gule
Me L Basson
Me T Steinmann

Uitvoerende Burgemeester
Speaker
PK Voorsitter: Finansiële Dienste
Uitvoerende Onder-Burgemeester Mnr E Manuel – PK
Voorsitter: Gemeenskapsdienste
PK Voorsitter: Korporatiewe Dienste
PK Voorsitter: Tegnieiese Dienste
Munisipale Bestuurder
Munisipale Bestuurder: Kaapse Wynland DM
Bestuurder: Strategiese Dienste (Kaapse Wynland DM)
Ignite
Bestuurder: Strategiese Dienste
Hoof Interne Ouditeur
Ouditkomiteelid
Sekretariaat (Menslike Hulpbronne)

2. VERSKONINGS

Geen

3. OPENING EN VERWELKOMING

Mnr Williams verwelkom almal. Die dag se verrigtinge word bespreek. Mnr Butler van Ignite word aan die woord gestel om die formaat van die evaluasie en proses te verduidelik.

4. BEVESTIGING VAN FORMAAT EN PROSES

Mnr Butler verduidelik die proses van die evaluasie aan die Komitee. Die Uitvoerende Burgemeester, Me Kitshoff is die primêre evalueerder ten opsigte van die Munisipale Bestuurder en die voltydse Raadslede is die sekondêre evalueerders.

Die Munisipale Bestuurder, Mnr Prins is die primêre evalueerder ten opsigte van die Direkteure en die voltidse Raadslede is die sekondêre evalueerders.

Aanbevelings ten opsigte van evaluerings geskied op konsensus.

Die telling is op 'n skaal van 1 tot 5 en word as volg ingedeel:

- | | | |
|---|---|--|
| 1 | : | Unacceptable performance |
| 2 | : | Not fully effective |
| 3 | : | Fully effective |
| 4 | : | Performance significantly above expectations |
| 5 | : | Outstanding performance |

Die Hoof Interne Ouditeur, Mnr Gule gee terugvoering ten opsigte van die interne audit proses wat deurlopend gedoen word met betrekking tot prestasie evaluering. Die volgende is deur mnr Gule verduidelik:

- Scope of Audit
- Objectives of Audit
- What has been test?
- Results

Mnr Gule en Butler word bedank vir hul insette.

Me Kitshoff tree op as die primêre evalueerder tydens die Munisipale Bestuurder se evaluering.

5. EVALUASIE : MUNISIPALE BESTUURDER : JANUARIE 2010 – JUNIE 2010

5.1 Bespreking / Aanbieding deur Munisipale Bestuurder

Mnr Prins word die geleentheid gebied om sekere onder-prestasies / prestasies te verduidelik en te motiveer aan die Komitee.

5.2 Kommentaar

Sien Bylaag A aangeheg

5.2.1 Annual PM Reporting / Annual Report / Performance Evaluation / Performance Management : Timeframe for the KPI incorrect and target must be set more accurately.

5.2.2 Appointments of persons with disabilities in terms of EE plan : Target too ambitious for disabled appointments.

5.3 **Finale Evalueringsverslag**

Evaluation Results	
Organisational Performance	
Core Competencies	59.00
Final Score	14.80
	73.80

ME HC KITSHOFF
PRIMÈRE EVALUEERDER : PRESTASIE-
EVALUERINGSKOMITEE VIR MUNISIPALE BESTUURDER

12 Nov 2010
DATUM

Mnr Prins sluit aan by die Komitee vir die evaluering van die Direkteure en tree op as primêre evalueerder.

AUDIT COMMITTEE REPORT
2009/2010

REPORT OF THE AUDIT COMMITTEE OF THE WEST COAST DISTRICT MUNICIPALITY

Report of the Audit Committee

We are pleased to present our report for the financial year ended 30 June 2010.

Audit Committee Members and Attendance

The audit committee consists of the members listed below and should meet at least four times per annum. During the 2009/2010 year 5 meetings were held.

Name of the member	Number of meetings attended
LJ Basson	5
CJ De Jager	5
J Van Dyk	5

Audit Committee Responsibility

We report that we have adopted a formal terms of reference in line with the requirements of Section 166 of the Municipal Finance Management Act. We further report that we have conducted our affairs in compliance with this charter. We are however in the process of reviewing this terms of reference as we strive to compile a well structured document which adheres to the necessary legislation and which allows the committee to function effectively.

The effectiveness of internal control of the West Coast District Municipality

In line with the Municipal Finance Management Act, the Internal Audit Function of the Municipality provides the Audit Committee and management with reports on the effectiveness of internal control. This is achieved by means of the risk management process, as well as the identification of corrective actions and suggested enhancements to the controls and processes. From the various reports of the Internal Auditors, the Audit Report on the Annual Financial Statements and the management report of the Auditor-General South Africa, it was noted that no matters were reported that indicate any material deficiencies in the system of internal control or any deviations there from. The Internal Auditor is key to the appropriate functioning of the Audit Committee. However, we will not be commenting on the system of internal control in this report, as the Internal Auditor had only been appointed in October 2009.

The quality of in year management and monthly/quarterly reports submitted in terms of the MFMA

We are currently undergoing a growing phase within the municipality with regards to the effective functioning of the Audit Committee. The Internal Audit function of the municipality is evolving an effective means of communication with the Committee and the reports which the Committee should review is in the process of being structured optimally.

Evaluation of Financial Statements (Financial year ending 30 June 2009)

We have:

- Reviewed and discussed the audited annual financial statements to be included in the annual report, with the Auditor-General South Africa and the Accounting Officer.
- Reviewed the Auditor-General South Africa's management report and management's response thereto;

We concur with and accept the Auditor-General of South Africa's report on the annual financial statements, and are of the opinion that the audited annual financial statements should be accepted read together with the report of the Auditor-General South Africa.

Auditor-General South Africa

We have met with the Auditor- General South Africa to discuss the up coming audit.

Chairperson of the Audit Committee: ........

Date: ..16:07:2010.....

CONCLUSION

CONCLUSION

The Annual Report 2009/2010 demonstrates the municipality's ability to report on all aspects of performance for the aforementioned period and serves as a key record revealing the continuation of service delivery and performance of the West Coast DM.

The West Coast DM received unqualified Audit Reports from the Auditor-General since the year 2000 when the West Coast DM was established. Once again the West Coast DM received an Audit Report that is a reflection of good governance and after 10 years we are still continuing on the right path. The Municipality conducts its business in an open, transparent and accountable manner that is conducive to good financial management.

Service delivery and infrastructural development are ongoing processes. During the year under review, 92.17% of the Capital Budget was spent and this is an indication of services rendered to our community.

It should be noted that the activities and successes contained in this report are attributed to the combined efforts of all the directorates of the West Coast District Municipality.

The dynamic political leadership, dedicated teamwork of the senior staff and hard work from the competent and skilled officials made progress and performance in the Municipality possible.
